FIVE PERSONS BURNED TO DEATH IN SANTA ANA CANYON CAR CRASH

Permanent WPA Urged By Director

NEW RELIEF PLAN BEING CONSIDERED

WASHINGTON, March 12. — (UP)—Permanent organization of the Works Progress administration on a \$2,500,000,000 annual spending basis has been proposed secretly to selected groups of congressmen, the United Press was informed today.

Advanced By Hopkins
The plan was advanced by Federal Emergency Relief Administrator Harry L. Hopkins to cope with forecast semi-permanent unemployment of 2,000,000 to 4,000,000 persons. Hopkins refused to confirm the report but it was authenticated by a member of congress who heard it discussed in detail.

Outlined to the United Press, Hopkins estimated the maximum cost would be approximately \$2,500,000,000 annually on a basis of \$700 a year for each person on the WPA payroll.

Permanent Projects
Hopkins told his congressional conferees that a permanent WPA should be devoted to socially valuable and permanent projects but, undertaking which would not encroach upon the field of public works proper.

Permanent WPA, he suggested, might clear forests for recreational purposes, build dikes, straighten flood-prone streams, engage in minor public improvements in cities, perform road improvement work, build or improve such municipal institutions as zoos and playgrounds and, possibly, aid in construction of school houses.

Jobs For Women
Within the organization of the proposed permanent WPA would be provision for white collar workers and for employment of jobless women. Hopkins suggested that WPA be shifted in the process of governmental reorganization to the department of social welfare which President Roosevelt has asked congress to create.

Hopkins urged also that permanent WPA be a strictly federal undertaking with no requirement for local contributions.

PENSION HEAD APPEALS TERM

WASHINGTON, March 12. — (UP)—Dr. Francis E. Townsend, old age pension leader, today was sentenced to 30 days in jail and fined \$100 on charges of contempt of the house resulting when he walked out of hearings of a committee investigating his pension plan.

Justice Peyton Gordon agreed to continue Townsend's bond pending appeal from the lower court conviction to the District of Columbia court of appeals.

Townsend was convicted by a jury in District of Columbia federal court on charges that he placed himself in contempt of the house when he walked out of the hearings in the midst of questioning.

Before imposing sentence, Justice Gordon overruled Townsend's motion for a new trial. In a prepared statement issued after the court session, Townsend said:

"Try as they can to imprison me, they can't imprison that idea. The tide is definitely turning, and my 'crack pot' idea is becoming the ideal which will save America from economic serfdom and will bring happiness and prosperity to our people.

"However incongruous this position in which I appear before the court, I feel certain that before the bar of public opinion I am guiltless of any wrong doing. I walked out. It is true. But what American citizen would not have done likewise?"

STEEL PRICE ADVANCES

PITTSBURGH, March 12.—(UP)—Advancing \$1 a ton, No. 1 heavy medium steel scrap today sold in the Pittsburgh district at \$23.50 a ton, the highest price paid here since April, 1933.

Bill Provides For Divorce By Telegraph

CARSON CITY, Nev., March 12.—(UP)—Train-ride, telegraph-office divorces will be possible in Nevada if a bill introduced in the state legislature by Sen. Will Cobb is approved.

Cobb, apparently preparing to outdo Idaho with its 30-day divorces, proposed that a law be enacted to grant divorces to persons who are residents of the state only a few minutes. His plan called for the action to be filed from the first telegraph office available and the divorce be granted as soon as the applicant arrived in Reno.

COUNTY FILES OIL COMPLAINT

The county today countered the Eden Refining company's suit for \$1729.70 for road oil with a cross-complaint for \$3370 damages against the Eden company because of allegedly defective oil delivered to the county last year.

The county's answer, filed through its special counsel, B. Z. McKinney, who was retained by the county supervisors to defend the Eden action, charges that the oil delivered to the county by the Eden company, under its 1936 contract with the county, was more than 20 per cent water and sediment, instead of the required minimum of two per cent, and "was of no value for road purposes," lacking sufficient asphalt content.

The oil, it was also charged, was "of asphalt residue 80 penetration less than 50 per cent," whereas the contract called for a minimum of 65 per cent, said the cross-complaint.

The county also charges that the Eden company failed to abide by its contract to furnish test reports to the county road department for every tank of 750 barrels or more. No such reports were ever furnished, it is alleged.

The county's damage claim includes \$3000 for the alleged shortening of the life of roads by half, where the Eden oil was used, such thoroughfares being named as Birch street, Harbor boulevard, Valencia avenue, DeLong street, Alhambra street, Glenco, Ball road, Bloomfield avenue, Avocado and Orange streets, Ward street, Washington, Adams, Jefferson, Van Buren, Jackson and Monrovia avenues.

An additional \$370 was asked because, on November 18, the county was required by the Eden company to make a test of 1000 barrels of oil that were ordered for delivery, and such test showed the oil did not meet specifications, so that it was necessary to purchase oil elsewhere, to supply two roads that had been made ready to receive it. The other oil cost 55 cents per barrel, which was 17 cents above the Eden contract price, costing the county \$200 more. Resurfacing of the two roads cost another \$170, it was claimed.

FOOD POLICY OF BRITAIN ATTACKED

LONDON, March 12.—(UP)—David Lloyd George assailed the government's economic policy today and suggested that Great Britain might lose the next war if she spent huge sums on armaments while neglecting the "food front" at home.

Lloyd George denounced the government's program to spend only \$1,500,000,000 on food production during the current year and \$1,500,000,000 for military preparedness.

"The government has just brought in a proposal to spend \$1,500,000,000 on armaments," said the wartime prime minister, "and it neglects the weakest front we have if war were declared tomorrow—the front of food production."

Alluding to the World War, the statesman said:

"The front where we nearly broke down was this food front. It very nearly broke us down before they (the Germans) broke."

NEW ATTACK LAUNCHED ON COURT PLAN

WASHINGTON, March 12. — (UP)—Sen. Burton K. Wheeler, D., Mont., today quoted from President Roosevelt's own book, "Looking Forward," to show that in 1933 the president was against adding new judges to the courts indiscriminately.

Norris in Warning
Wheeler obtained the senate floor after Sen. George W. Norris, Ind., Neb., had warned that some supreme court corrective action must be taken so that the high tribunal would not lose entirely its right to declare acts of congress unconstitutional. The Nebraska Progressive advocated the president's judicial plan only as a last resort.

"I wish to call attention to another authority who agreed with the senator of Nebraska a few years ago—a far greater authority," Wheeler began.

One passage in the president's book related to various methods of dealing with the courts and Wheeler quoted a sentence saying that a "common remedy is to add new judges."

"But it is easy to say that to apply this remedy in all cases is to add to the ravages of the disease," the quotation continued.

REMOVE BODIES OF COAL MINERS

LOGAN, W. Va., March 12.—(UP)—Bodies of three victims of an explosion that wrecked an entry of the Hutchinson Coal company mine at Macbeth were recovered by rescue crews which toiled in four hour shifts today to reach 15 other miners trapped almost three miles from the surface.

Rescue workers and representatives of the state mining department said there was hardly a chance that any of the 15 entombed miners would be found alive. The chambers were blocked by fallen slate and wrecked workings and gases and dust impeded the work.

Those whose bodies have been found were Floyd Fields, an assistant foreman; Joe Frye, motor-man of a mine car, and Troy McCoy, a brakeman.

The explosion, which occurred shortly before one shift of miners was to go to work last night, was the second in the mine in recent months and the fourth in Macbeth's history. An explosion last September took 10 lives.

Officials of the state mining department believed black damp had caused the explosion.

Harry Cummings and Gilbert Kennedy, who were operating an electric supply train in the mine, told of the force of the explosion. They were about 1600 feet from the center of the explosion and driving toward the main shaft. They were almost knocked off the car by the force.

An inquest will be conducted at Backs, Terry and Campbell funeral chapel, Anaheim, tomorrow morning at 10 o'clock, Deputy Coroner Bert Carstax announced. Du Vall is survived by his widow, Grace, and his parents, residents of Yorba Linda, where the younger Du Vall had been staying recently while Du Vall was employed there.

FUNERAL PYRE FOR FIVE IN CANYON CRASH

Described by Coroner Earl Abbey and Funeral Director Harold Brown as the worst traffic accident they ever saw in Orange county, pictured below are two scenes of the collision between automobile and truck in which five persons were burned to death in Santa Ana canyon last evening. At top is the recognition in the cab, seen to the right, as the gasoline tank exploded. Below is pictured the car "imbedded" beneath the truck and containing four other persons, all burned to death. Mrs. George Strong and Mrs. George Adelsberger died en route to a hospital; their husbands were left as blackened corpses.

MAN KILLED BY OIL WELL CABLE

David W. Du Vall, 45, of Whittier, working on an oil derrick project on the Jessup No. 1 lease of the Miller Petroleum company, Los Angeles, at Yorba Linda, yesterday afternoon was instantly killed when his neck was broken as a heavy cable whipped against him.

He also suffered broken ribs, punctured lungs and broken left arm. With E. N. Archibald, Long Beach; Charles Curtis, Placentia, and D. H. Hough, La Habra, Du Vall had spooled the cable, a sand line, just before the accident. Apparently the engine being used in the spooling operation and which was idling, meshed gears somehow and whipped the cable against Du Vall.

An inquest will be conducted at Backs, Terry and Campbell funeral chapel, Anaheim, tomorrow morning at 10 o'clock, Deputy Coroner Bert Carstax announced. Du Vall is survived by his widow, Grace, and his parents, residents of Yorba Linda, where the younger Du Vall had been staying recently while Du Vall was employed there.

Campbell	12.21	8.33
West Orange	19.22	8.30

Preceded, last night, by a high wind, Orange county again received a drenching that, according to weather predictions, is but a forerunner of additional precipitation during the next 24 hours.

While spotty, generally, the rain during the night and early morning fell in all sections of the county and continued through the morning. In Santa Ana skies cleared slightly and, for a time, the sun shone. The heaviest rains this morning

(Continued on Page 2, Column 3)

AMELIA LEAVES SUNDAY NIGHT

(UP)—Amelia Earhart Putnam announced today she will start her 27,000 mile globe-circling flight Sunday night if weather permits. Originally she planned to takeoff Monday.

Miss Earhart and her navigator, Capt. Harry Manning, planned to make test flights over the San Francisco bay area today, to be followed by a night-long flight over the Pacific tonight for testing radio equipment.

Tomorrow will be spent in checking the low-winged plane before hopping for Honolulu, the first stop on the long flight. Her schedule calls for other stops at Howland Island, Fiji, Samoa, New Zealand, Australia, India, Africa, South America and back to America.

Her husband, George Palmer Putnam, has taken personal charge of pre-flight details.

"Amelia needs all the rest she can get before starting her flight," he said last night after sending her to their hotel suite at the Airport Inn to retire.

FLAMING GASOLINE SPRAYS OVER VEHICLES, OCCUPANTS AFTER EXPLOSION OF TANK

Described as the worst traffic accident in Orange county's history, a passenger car and a truck which collided a block this side of the Sycamore camp service station in Santa Ana canyon about 4:30 o'clock yesterday afternoon became the funeral pyres for three men and two women.

The victims, three of whom were burned beyond recognition as the truck's gasoline tank exploded with the terrific impact, jumped the Orange county traffic toll for 1937 from 14 to 19. Last year, at the same time, 13 traffic deaths had been recorded.

As the car driver, following a slow moving oil tanker, toward Olive, sought to pass, he apparently became panicky upon sight of an approaching tractor truck, headed toward Corona, and ran into the truck's side at the cab beneath which the gasoline tank was located. The tank exploded, spraying flaming gasoline over the vehicles and five occupants.

The impact was so crushing that the automobile nosed under the truck and could not be pulled away from it. The truck driver, Glenn Rogers, 25, of Fullerton, who had tried to swerve away from the car, was almost entirely burned up as rescuers were kept away from the pyre by the heat for an hour.

The driver of the oil tanker, Roy Burnham, of the Red Ball Truck company, Seal Beach, became a hero as did Homer Hammond, operator of the Sycamore camp service station. Burnham, at risk of his own life, backed the oil tanker to the blazing pyre and sought to haul the car from beneath the truck so that lives might be saved. When he pulled the car with the tanker, the truck moved with it.

However, rescuers succeeded in pulling two of the victims, Mrs. Mary Strong, 48, 2233 Linden avenue, Long Beach, and Mrs. George Adelsberger, 1233 Linden avenue, Long Beach.

UNION MEETING MAY BE CALLED

(BY UNITED PRESS)

Progress toward industrial peace was made on the west coast with settlement of the Douglas Aircraft corporation strike today as the American Federation of Labor laid plans to take the initiative in its struggle for dominance of union labor with John L. Lewis' Committee for Industrial Organization.

Considering Convention
Returning to Washington, President William Green of the A. F. of L. disclosed that he was considering calling an emergency convention of the federation to expel unions affiliated with the C.I.O.

"I am prepared to call an emergency meeting of the executive council," Green said. "However, I am not sure that this is required at the moment."

Green reported that his new A. F. of L. drive for new members being organized either by craft or industry was progressing. Lewis reported satisfaction with the C.I.O. campaign to create subsidiary unions and C.I.O. leaders said that everything was ready to start the New England textile mills unionization drive.

Union Recognized

One of the major strikes in the world ended when Douglas Aircraft at Santa Monica, Calif., agreed to recognize the aircraft division of the United Automobile Workers' union as bargaining agent for its members. The union will not, however, bargain for the entire company.

(Continued on Page 2, Column 3)

PRINTERS EVACUATE PLANT IN FLORIDA

MIAMI, Fla., March 12.—(UP)—Threat of arrest on disorderly conduct charges caused 33 sit-down striking printers to evacuate the Miami Daily News plant today.

Armed with warrants, Miami First State Director Andrew J. Kavanaugh, 20 city policemen, Sheriff D. C. Coleman and nine deputies invaded the composing room and issued an ultimatum to the strikers: "Move out now and peacefully, or you'll be arrested."

The strikers filed out, C. L. McKendree, their spokesman, charged that "this is a lockout."

"The staff sat down after printers of the Miami Tribune announced they won a \$3-a-week pay increase, which will be in effect until a new union contract is negotiated."

OIL AGREEMENT IS PRESENTED

SACRAMENTO, Cal., March 12.—(UP)—An agreement between the Standard Oil company and the state department of finance providing for payment of \$505,952 to the state for oil removed from the Huntington Beach oil islands was sent to the legislature today for confirmation.

The agreement, according to Finance Director A. E. Stockburger, was drawn on the same basis as those made with independent oil operators whose whiststocked wells reach down into state-owned tidal pools, and in compliance with recommendations of the Jones assembly and Olson senate interim oil committees.

"This isn't a flat settlement to date," Stockburger explained. "There's a clause which provides that in event we find other Standard wells tapping the state pool, or obtain additional information along that line, we will be entitled to collect additional royalties."

Assemblyman John H. O'Donnell, Woodland, said he would make a thorough investigation to determine whether "this was a proper settlement."

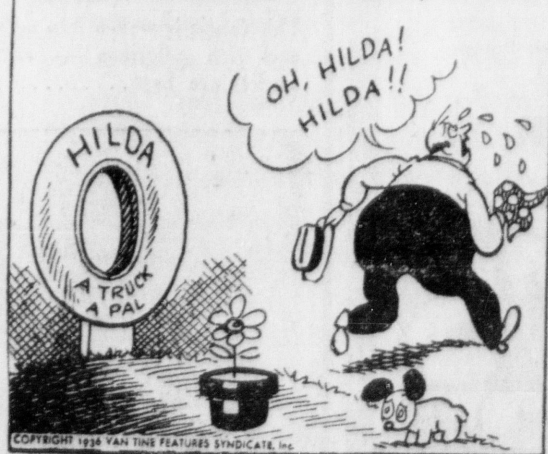

"The amount named in the agreement is \$400,000 higher than that suggested two years ago," he said.

The agreement was approved by Stockburger but needs legislative confirmation before it is adopted.

I don't know anything about this club. Never heard of it. Nobody ever mentioned it to me, and I certainly had nothing to do with its formation," he said.

NEW ATTACK ON PLAN LAUNCHED

(Continued From Page 1)

"I am reading," Wheeler said, "from a book entitled 'Looking Forward,' by the present president of the United States, Franklin D. Roosevelt, in 1933."

Norris' senate warning was uttered after former Chief Justice John Patrick Devaney of the Minnesota supreme court had supported the Roosevelt plan before the senate judiciary committee. He opposed constitutional amendments proposing to require a two-thirds supreme court vote on constitutional questions.

"Our judiciary has not kept pace with human progress," Norris insisted in a senate speech. "With due respect to our judges," he said, "many of them are continuing to construe our fundamental law in a light that has failed, rather than in the sunlight of an electric age."

"The present intolerable situation cannot go on. Unless some reasonable degree of control is brought about, those who seek to prevent an innovation will find themselves in a situation where all authority of any court to declare an act of congress unconstitutional will be taken away. I see no reason why congress should not pursue its legislative remedies and the remedy by way of constitutional amendment at the same time."

Norris is inclined to favor the president's court plan only if other legislative measures such as his proposal to require a 7-2 vote of the supreme court to invalidate acts of congress fail of approval.

He discussed methods by which the president's objectives of "liberalizing" the viewpoint of the court might be achieved but he expressed belief amendments were necessary to deal with farm and labor problems.

Prominent among these methods, which he discussed without any particular recommendation, were: Limitation of the powers of the lower courts to declare an act of congress unconstitutional—or complete removal of that power—which would also deprive the supreme court of that power.

Creation of a new court having exclusive and original jurisdiction on constitutional questions.

Limitation of the term of office of court justices.

Authority for congress by a two-thirds or majority vote to override supreme court invalidations of acts of congress.

ASK BURON FITTS TO POST REWARD

LOS ANGELES, March 12.—(UP)—District Attorney Buron Fitts was told, in effect today, that if he desires a reward posted for capture of assassin who wounded him last weekend he will have to put up the money himself.

The board of supervisors was informed by County Counsel Everett W. Mattoon that it would be illegal for the company to post the award as voted in a recent resolution. Fitts then recommended that Fitts post the reward himself and pledged that the county would replenish the district attorney's fund in the amount of the reward and special expenses connected with the case.

Fitts was reported resting well today, apparently having recovered from yesterday's slight relapse.

MOONEY COUNSEL FILES EXCEPTIONS

SAN FRANCISCO, March 12.—(UP)—George Davis, counsel for Thomas Mooney, filed vigorous exceptions with the state supreme court today against the findings of the court's referee, Addison Shaw, in the Mooney-Habes corpus proceedings.

The exceptions charged Shaw's findings were "improper, erroneous, ridiculous, indefensible and based on antiquated and outmoded theories of law."

Davis said if the state tribunal failed to uphold his exceptions, he would carry the case to the supreme court of the United States.

Mooney, convicted with Warren Billings as perpetrators of the San Francisco Preparedness day bombing in 1916, in which 10 persons were killed and 40 maimed, has been trying for 20 years to obtain freedom on the allegation he was "framed" by perjury testimony.

DELAY ACTION ON \$50 PENSION

SACRAMENTO, Cal. March 12.—(UP)—An early drive to boost the state old age pension to \$50 a month began today when supporters of the plan admitted great difficulty would be encountered raising the millions which would be needed to increase the pension.

No action was taken on the subject but members of the assembly social service and welfare committee, during an informal discussion, said they did not know where to find the additional millions a higher pension would require.

They planned a hearing on the social service program next Friday and the consensus was that two bills would be sent out with "do pass" recommendations — one to raise the pension to \$50 and one to keep it at \$35 but eliminate deductions.

The assembly oil industries committee approved a bill authorizing the attorney general to affect settlements with tideland oil wells not now paying royalties to the state and validating easements of those already contracted to pay royalties.

Another development which attracted legislative interest was the revelation that Assemblyman Leon M. Donihue planned to introduce a bill to remove from civil service all state employees receiving more than \$201 a month.

HOUSE CONSIDERS NEUTRALITY BILL

WASHINGTON, March 12.—(UP)—The McReynolds neutrality bill came before the house today in the midst of mounting controversy over how to keep America out of war.

The measure, delegating the president broader discretion than does the Pittman bill already passed by the senate, faced attempts to amend it from three factions. They were:

1. Liberal-Progressives who planned a fight against giving the chief executive discretionary powers over sales of war materials to belligerents.
2. Republicans who opposed the "broad aims" of the legislation.
3. A few Democrats who advanced restricting amendments.

RAIN TOTAL IS BOOSTED HERE

(Continued From Page 1)

were recorded from the beach and northern Orange county areas.

According to bean growers the present rain will almost remove any necessity for irrigation during the summer. They claim that with the amount of rain that has already fallen the crop can be produced with no additional moisture, other than that provided by the fogs and dew.

Santa Ana had .19 of an inch of rainfall, during the night, bringing the seasonal total up to 19.66 inches as compared to 7.35 inches that had fallen this time last season. The lightest rainfall was in Brea where .11 of an inch fell. San Juan Capistrano received the heaviest rainfall, .48 of an inch, bringing the seasonal total up to 21.73 inches.

UNION MEETING MAY BE CALLED

(Continued From Page 1)

tire plant, one of the largest in the aviation industry, which was closed a fortnight ago when police used tear gas evicted and arrested 350 sit-down strikers. Work was resumed there today by all except 33 workmen charged with sabotage.

A new conflict arose between the U.A.W.A. and General Motors corporation in conferences at Detroit. Both sides charged violation of terms of the February 11 strike peace.

This tended to threaten the basis for settling strikes affecting three other motor car companies and the labor of 78,000 employees in Michigan. Sit-down strikers had closed nine plants of the Chrysler corporation, which has taken court action to oust the sit-downers. No progress has been made in settling strikes in the Hudson Motor Car company and the Reo Motor Car company at Lansing.

Less than 12 hours after the house of representatives in Washington had passed the Guffey-Vinson bill and sent it to the senate word was passed to the administration congressional leaders to withhold action on important labor legislation until President Roosevelt definitely reveals his views on wage, hour and child labor problems. The Guffey-Vinson bill regulates the \$11,000,000,000 bituminous coal industry with price fixing provisions that affect wages and hours of 500,000 miners.

PROTEST ITALIAN SOLDIERS

LONDON, March 12.—(UP)—Pablo de Azcarate, Spanish ambassador, visited Foreign Secretary Anthony Eden today and communicated full details of the role being played by what he described as the Italian war machine in the latest drive against Madrid.

Azcarate was believed to have asked Britain to present to the non-intervention committee the loyalist government's allegations concerning Italy's "unwarranted wholesale intervention" in the battles raging around Madrid.

FOREIGN MINISTER GETS U. S. PROTEST

BERLIN, March 12.—(UP)—The United States protest to Nazi Germany on press criticisms of the American nation was presented by U. S. Ambassador William E. Dodd to Foreign Minister Baron Constantin Von Neurath at 5:30 p. m. today.

Government officials refused to comment on the situation, the result of Nazi retorts to the suggestion of Mayor Fiorello H. La Guardia of New York that Fuehrer Adolf Hitler be included in a chamber of horrors at New York's world fair.

The protest centered "comment" on an editorial which appeared in the first edition of the newspaper Der Angriff of March 5.

Angriff is under the control of Dr. Paul Joseph Goebbels, minister in the cabinet for propaganda and public enlightenment.

REBEL FORCES SHELL MADRID

MADRID, March 12.—(UP)—Madrid was subjected to a terrific artillery bombardment today. Nationalist batteries dropped high explosive shells into the heart of the business district.

Two big shells dropped in the Gran Via, Madrid's Broadway, scattering pedestrians and wrecking walls of buildings.

One shell made a direct hit on a building near the hotel housing foreign newspapermen, routing them.

Eighteen shells landed in the business area in quick succession. Some failed to explode.

Desperate fighting last night and early today was reported on the Guadalajara front northeast of the city. In spite of a driving wind and rain storm, with poor visibility, the government aviation went up to bomb marching Italian troops approaching Guadalajara.

Loyalist sources quote an unnamed Italian major captured by loyalist troops today as saying that 80,000 Italians and 40,000 Germans are fighting with the Spanish insurgents.

Other Italian prisoners said that between 40,000 and 50,000 Italian troops are fighting in Spain.

The captured major, whose estimate was reported to have been made to the war office, described the Italian and German troops as a unified army of 120,000 under a single command.

ONE POUND BABY IS BORN IN N. Y.

NEW YORK, March 12.—(UP)—Survival of a prematurely born baby girl, small enough to fit into the palm of an adult hand and weighing one pound or less, amazed doctors at Park East hospital today.

The respiration of the infant was recorded at 45 to the minute—five points better than most babies at birth.

5 LOSE LIVES IN CAR CRASH

(Continued From Page 1)

Adelsberger, about 50, Benwood, West Va., from the automobile. They were rushed to the Corona Emergency hospital but died en route and their bodies were removed to the Hoover and Bell funeral chapel in Corona.

The other victims, George E. Strong, 45, Long Beach, and George Adelsberger, about 50, Benwood, West Va., husbands of the women, were burned so badly it will be necessary for friends to appear in the county to determine which is Strong and which, Adelsberger.

3 Bodies Brought Here

The three bodies of the men were removed to Brown and Wagner funeral chapel, where an inquest will be conducted by Coroner Earl Abbey at a time not yet set.

"It was the worst traffic accident I ever had to deal with," Coroner Abbey said today. Harold Brown of Brown and Wagner said he had never visited a more tragic traffic accident scene.

This morning at 10:30 o'clock officials were still finding portions of the burned bodies at the scene.

Long Beach Guests

From preliminary investigation, the Adelsbergers were guests of the Strong's in Long Beach this winter. The Strong's 14-year-old daughter, Margaret, is being cared for today by Fred Pierpont, neighbor living at 2335 Linden avenue, Long Beach, the coroner reported. Mrs. Strong's parents, Mr. and Mrs. Richard Wood, of Redondo Beach, also survive. At Corona, Coroner Ben White of Riverside county, took charge of the women's bodies and will co-operate with Coroner Abbey. The only inquest to be held will be conducted by Coroner Abbey at Brown and Wagner's.

Hammond of the Sycamore camp, said he heard the crash and rushed to the scene. California Highway Officer Howard Inge has been conducting an investigation throughout the night. Officer George Peterkin obtained pictures of the burning vehicles for the records at his office in the patrol headquarters. The accident occurred on the canyon road which accommodates only two-lane traffic.

200 At Scene

According to information from Fullerton, young Rogers was driving an empty truck belonging to the Val Vita Food Products company of Fullerton. Both truck and car were completely burned as a crowd totaling almost 200 persons watched from a distance, kept back by the terrifying heat.

WRITER ORDERED OUT OF GERMANY

NEW YORK, March 12.—(UP)—Boris Smoliar, chief European correspondent of the Jewish telegraph agency and an American citizen, has been served with a deportation order in Berlin and ordered out of Germany within three days under threat of a year's imprisonment, the agency announced here today.

The agency was not informed of "the reasons for Smoliar's expulsion, but expressed the opinion that it was inspired by German resentment over the La Guardia incident and was in the nature of a reprisal."

OIL SCARCE IN MINNESOTA MINNEAPOLIS (UP)—The odds in favor of striking oil in Minnesota are about 1 to 100,000, according to George A. Thiel, associate professor in geology of the University of Minnesota. "It takes a gambler who likes to play long shots to drill for oil in this state," the geologist said.

LITTLE DANGER OF FLOODS IN COUNTY SEEN

Orange county flood control officials today viewed the storm situation with less anxiety than at the time of the last storm, feeling that they are much better equipped to cope with flood waters than before.

County Flood Control Engineer M. N. Thompson today expressed belief that the Santa Ana river "could take it," unless unusually heavy storms ensue.

Since the early-February flood waters raged down the channel, threatening weakened levees, Mr. Thompson has been supervising emergency protection work at various points along the river, strengthening weak sections of the banks.

Several dredgers have been in operation, and levee construction has been carried on. The work centered in the Yorba area, the county hospital district, and the area between Garden Grove road and Fifth street, Santa Ana.

"We have the weak spots pretty well patched up, and feel confident that the river will take any reasonable storm flow," Thompson said today. There has been no opportunity to dredging in the main channel, but the levees, he said, were generally in much better shape than after the last storm.

More rain is predicted tonight, but it was not believed that the storm would reach flood proportions.

Attention, however, will be centered upon a new source of flood waters—Santiago canyon dam. The water level there, rising at a rate of about three inches daily, now stands nine inches below the lip of the spillway. Last night's rain is sure to send it booming over, and the overflow likely will continue for some time, it is anticipated.

Because of the impervious character of the formation of the stream bed below the dam, much of the flow will pass through Orange and Santa Ana to the Santa Ana river, it is believed.

L. E. Barry, chairman of the bean department of the Orange County Farm Bureau, today was enthused over "the gratifying victory in a fight that has extended for almost three years" in connection with the effort to gain a reduction of the rate on workmen's compensation insurance.

Word of the reduction, from \$4.07 per \$100 of payroll, to \$3.38, was relayed to this city late yesterday by R. D. Flaherty, executive secretary of the Orange County Farm Bureau, who has been in San Francisco and Sacramento this week, presenting the cause of agriculture to the rating bureau in company with J. J. Deuel, director of the law and utilities department of the California Farm Bureau Federation.

The new rates and regulations governing the lima bean farming will become effective April 1, and were formally adopted by the state inspection rating bureau. The fight was initiated by the Orange County Farm Bureau.

Ned Clinton, of Westminster, chairman of the local dairy department is working to bring compensation insurance rates in the dairies, down to lower levels.

With the return to Santa Ana of Flaherty, either late today or tomorrow, news of the progress of hearings of transportation cases of the corporation commission which covers rates on all hauling, both rail and truck, is expected to be announced.

This matter vitally affects the farming industry in this area, Dian R. Gardner, president of the bureau, and Flaherty, pointed out.

Townsend club officials announced today the appointment of Mrs. W. H. Kendall, Corona Del Mar, as head of the Townsend club's county-wide bazaar to be held at the local club headquarters at the conclusion of the present school term.

All women of Orange county Townsend clubs who are heads of their divisions, are requested to correspond with Mrs. Kendall regarding the granting of booth space at the bazaar. Each club will be given booth space and funds obtained will go into the treasuries of the various clubs, it was announced.

Locomotives of the express type use about two tons of coal every 100 miles.

HOME OF "COVERED WAGONS"

Below are the show rooms of "Covered Wagon" Trailer coaches at 1211 South Main street. In the picture left to right are R. L. Peterson, Orange county distributor for the Covered Wagons; W. G. L. Lerner, Riverside, speed, improper address; Minnie Duskey, Santa Ana, no signal stop, improper address; Hazel Abbott, Orange, speed, improper address; Ralph Gill, Santa Ana, speed; Rebecca Merehan, Hollywood, boulevard stop jumping; Juanita Fletcher, Corona Del Mar, speed; M. Lugo, Santa Ana, non-license renewal, improper address, unsigned

Rankin's have been outfitting young Easter celebrants for 43 years!

Sara De Saix FROCKS

For Girls from 7 to 14 Years and Girls from 10 to 16 Years

1.95 to 5.95

Sara De Saix Easter dresses will be modeled informally in the Girls' Shops beginning at 3 p. m.—Third Floor.

• "Ting-a-Ling" sheer prints!
• "Jenny Lind" and lawn prints!
• Crisp Swiss organdies and others!

Mothers are sure to wax enthusiastic over these ever-so-lovely dress-up dresses and young moderns will adore them. Sara De Saix creations for girls were inspired by the picturesque and feminine fashions for grown-ups. Styles are gay and colorful and we might add characterful as well. Swisses, Dimities, Organdies, Prints and other popular sheers with all the newest trimming details. Some of the dresses have a slip attached. See this lovely Easter collection tomorrow, 1.95 to 5.95.

Locomotives of the express type use about two tons of coal every 100 miles.

'Covered Wagons' Being Sold Here By R. L. Peterson

Recently erected for the purpose of displaying "Covered Wagon" trailer coaches, for which R. L. Peterson, is Orange county distributor, the new Monterey style brick and concrete building at 1311 S. Main street, is located far enough from the main business district to insure plenty of parking space for all who wish to inspect the coaches.

Mr. Peterson stated that he now has a full line of these all steel trailer coaches on display at prices to fit any purse. Equipped with electric brakes, easy to operate with interiors completely equipped and furnished they insure the traveler all the comforts normally found in fine hotels.

Included in the personnel of the organization are W.G.L. Page, sales manager, Lionel Barker and Guy Barber, salesmen, Louis Cook in charge of service department, and Miss Estelle Schlesinger, office manager.

There are 5529 miles of railways in Chile.

HORSES KING WITH CIRCUS

Al G. Barnes and Sells Floto Combined circus carries 400 head of horses, the largest number to ever be carried with a traveling amusement enterprise.

Streamline modeling, despite its popularity, has not touched the circus horse. The broad-shouldered, powerful Percherons, who daily move the hundreds of tons of paraphernalia from the show grounds to the show grounds, to the sleek high school, twelve-gaited animal, so perfectly groomed, have not changed their lineage the least iota. In fact the 400 beautiful horses with the super Al G. Barnes and Sells Floto Combined Circus coming to Santa Ana Monday, March 22, located South Main and Pomona avenue, have, as if in defiance of the new mode, broadened their hips and shoulders. Thus because of all this great circus horses are especially bred and are the finest, most perfect formed stock in today's America. And all the 400 seem unconsciously to be aware they are of noble blood, and all like kings, hold their heads high. All over America the Al G. Barnes and Sells Floto Combined Circus horse fair has been acclaimed. Thoroughbred circus day visitors to the exhibition grounds may view, at random, the hundreds of the world's most beautiful thoroughbreds. Perfect specimens of almost every known strain will be found, which also includes a congress of tiny Shetland ponies for the little folks.

The uniting of these two giants of the tented world, while creating a veritable horse bazaar has also resulted in the most mammoth program ever offered the American public. Hundreds upon hundreds of the world's foremost arctic stars, as well as hundreds of stars from Europe, new to this country, are seen in the 1937 program. Everything, from start to finish, is new. Clown alley has been increased to sixty laugh-makers. The menagerie, displays in electric-lighted cages, 800 furred and feathered creatures, many of them extremely rare.

One of the few of the vast number of features in the history of the world. These mean brutes, who refuse to be tamed, are nevertheless made to perform twice daily. Their trainer, Bert Nelson, is the greatest wild animal trainer in the history of circuses. Still another European sensation is the great Christiani troupe, featuring Lucio Cristiani, the only rider in the world accomplishing a twisting somersault from horse to horse. Included, too, in the prodigious program are exotic American; the Two Earleys; Hal Silver and the Flying Artons.

The opening spectacle Old Mexico uses hundreds of actors and actresses all in gowns and costumes that took two years to make. Many animals are part of this colossal pageant also.

Performances of this super circus will be given at 2 and 8 p. m., the doors opening an hour earlier to allow time to view the mammoth menagerie.

Frogs and toads do not cause warts.

Junior Women's Club Entertained

GARDEN GROVE, March 12. — The social section of the Junior Women's Club was entertained recently at the home of Mrs. Zelma Van der Linde on Fourth street

with Miss Eleanor Wisner assisting in the hostess duties.

Bridge was the diversion of the evening. First prize was awarded to Miss Dorothy Knapp and consolation went to Mrs. A. Kearns. Decorations in the home and on the card tables consisted of colorful wild flowers brought home by the hostess on a trip to Bakers-

field over the week end. Refreshments of ice cream, cake and coffee were served to the following: Mrs. Dorothy Gedney, Mrs. Helen Gedney, Mrs. Dorothy Lake, Miss Faure Virgin, Miss Juanita Dungan, Miss Blanche Guynn, Miss Ruby Aabel, Miss Dorothy Knapp, and Mrs. Archie Kearns Jr., and Mrs. Daisy King, guests.

ENJOY DESSERT BRIDGE

LA HABRA, Mar. 12. — The Young Matrons club met for a dessert bridge luncheon Wednesday afternoon at the home of Mrs. Norfleet Callcott in Whittier. Prizes in the bridge games were awarded to Mrs. Lester Baldwin of La Habra Heights, first; Mrs.

Ben Vandenberg, second and Mrs. Callcott, low.

Others present were Mrs. James Whitelock, Mrs. J. Abbott, Mrs. William Hibbard, Mrs. I. Thomas and Mrs. Lambert Vandenberg.

Sea lions can be taught to stand erect.

SAFeway
Your Neighborhood Grocer

much more than I expected for the money.

It is not unusual for housewives trading at Safeway to be surprised to find how much they can buy for their money in these neighborhood stores.

Under Safeway's policy of keeping ALL prices low, shopping around or waiting for special sales is unnecessary. Merchandise in every department is reasonably priced at all times.

Visit the Safeway in your neighborhood today. Buy the brands of food you prefer. See how much farther your money goes at Safeway.

COL. WELLINGTON DENIES BAR GROUP 'PACKED' ON COURT VOTE

President M. B. Wellington, of the Orange County Bar Association, today issued a denial of assertions published by five prominent Democrat members of the bar, that the association's proposed vote tonight upon President Roosevelt's plan to reorganize the supreme court means, in effect, a "packed" vote against the plan, because of overwhelming Republican membership.

Col. Wellington, himself a prominent republican and a law partner of Horace C. Head, one of the five democrat attorneys protesting tonight's vote as a foregone conclusion, first denied the assertion that the "republican leadership" of the bar association had "injected" the controversial issue into the association's affairs.

"The meeting of the bar association tonight to consider the supreme court plan," said Wellington, "was called at the request of members of the board of government of the California Bar association; also at the request of the American Bar association. It was called to ascertain the attitude of the bar association relative to the question, whether the association wants to go on record, or does not. Anything may happen at the meeting tonight."

The American Bar association's poll of its membership on the supreme court plan was published today, showing 16,132 opposed to the president's plan, with 2563 favoring it.

Col. Wellington declined to make a prediction as to the probable attitude of the local bar association, but from other sources it was estimated that the general feeling among the majority would favor retaining the present court set-up.

The five protesting democrat members, Head, B. Z. McKinney, Clyde C. Downing, Sharpless Walker and Martell Thompson, asserted that there could be little doubt on that point, as the vote would certainly follow political lines, the association having 64 republican and only 16 democrat members.

This will be a special meeting. Besides considering the supreme court plan, it will discuss the report of a recent plebiscite relative to reducing the number of judicial townships in Orange county to two, one on either side of the Santa Ana river, identical in boundaries with the two assembly districts.

The meeting will be held at the Green Cat cafe at 6:30.

OPERA WILL BE PRESENTED BY HIGH SCHOOL

Santa Ana's high school auditorium will be turned into a Dutch laundry courtyard and, again into the coronation room of a chateau in the mythical kingdom of Zillania for presentation of the Victor Herbert light opera "Sweethearts." The production is being staged by the high school music department and will be presented on March 17 and 18.

Norman Haskell and Clayton Sharp are responsible for the design of a major portion of the scenery with Wally Grigg directing a part of the actual work. Miss Hazel Nell Bemis is in charge of designing and planning the scenery.

Members of the cast and roles they will portray in the musical offering are: Sylvia, Princess of Zillania, Margaret Davies; Prince Franz, Heir presumptive to the throne, Stanley Sebastian; Liane, a milliner of Bruges, Ruth Switzer; Mikol, a diplomat of Zillania, Jack Hutton; Paula, proprietress of The Laundry of the White Geese, Dempsey Pride; Lieutenant Karl, betrothed to Sylvia, Chester Clark; Hon. Percival Slingsby, Stanley Pearson; Petrus Van Tromp, Richard Coleman; Aristide Caniche, Kenneth Akin; Jeannette, Vivian Koufman; Clairette, Patty Marlborough; (matinee performance, Marjorie Ball); Babette, Lorraine Sweet; Lisette, Marlis Hutchinson; Toinette, Betty Neff; (Anita Smith, matinee performance); Nanette, Grace Heaney; Captain Laurent, Lee Baker; Footman, T. C. Key, Martin Marks.

It has been estimated that more than 134,697,000 American-made cigarettes were consumed in the United States during 1936.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, limboing, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Sante's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Sante's Pills.

Court Notes

The appeal of C. G. Schott, of Fullerton, from a judgment of \$150 given A. V. Van Tuyle, of Brea, by Justice C. G. Earley, of La Habra, was being heard today by Superior Judge G. K. Scovel.

Van Tuyle sued Schott for \$250 on a claimed indebtedness. Van Tuyle held a mortgage on Schott's property, it was said, and accepted federal home loan bonds in payment, at a reduced sum. He then sought payment of the difference from Schott under a separate arrangement. It was said, Schott refused to pay.

Mrs. Iva McMann today sued Ben C. McMann in superior court, asking a divorce on grounds of alleged cruelty. They married in Indiana in 1925 and separated in 1930.

STREET GRADER COUNTY C. OF C. ATTRACTS RAIN LAUDS HOWARD SAFETY DRIVE

Matt Lujan, unofficial mayor of Delhi, is going to take up with city officials a plan which may shut off our rains for the time being—until we really need more—he announced today.

He is to ask Councilman Ernest Layton, street commissioner, to keep the city grader off the streets at Delhi until rain is needed. "Mayor" Lujan explained that the grader was put to work on Central street yesterday—and it rained today. Further, he explained that the grader was put to work in Delhi just before the last big storm and just before the first big storm.

"I'm going to ask the council to keep the street grader out of Delhi until we need some more rain," the "mayor" said, but he said it with a smile. He admitted the streets in Delhi need plenty of working over; in fact, he admitted it for years!

Horseshel, Germany, requires newly-married couples to plant two fruit trees for the municipality to celebrate their wedding.

Much enthusiasm was expressed by a letter in the hands of Police Chief Floyd W. Howard today, from the Associated Chambers of Commerce of Orange County, congratulating Santa Ana on its safety campaign.

The letter, signed by Dr. C. G. Huston of Costa Mesa, president of the organization, said "It was a joy to drive up South Main street" now.

"Today, as I drove up South Main street, it was a joy because no one rushed us from the side streets," the president said. "You are doing a wonderful job in your effort to have us obey the laws. More power to you—keep it up."

"President Lincoln once said," he continued, "So long as we have laws, let us observe them, both good and bad, and get rid of the bad laws as soon as we can—while they are laws, let us obey them."

"I am glad to see the California Safety council of Los Angeles taking the lead in . . . public discussions, creating public opinion, which after all, is the sole factor in law enforcement."

VITROLITE?

There's a breath-taking beauty in bathrooms or kitchens of Vitrolite, absolutely impossible to achieve with any other material. Because, first of all, no other product provides the matchless color range of this lustrous COL-ORFUL Structural Glass.

Vitrolite is a permanent, life-

time improvement. It does not absorb odors and its flint-like surface will never check, craze, or grow dull. A damp cloth is all that is ever required to keep it lustrous and beautiful. Vitrolite pays for itself many times over, when its unrivaled advantages are weighed against its moderate cost.

STARS AID BENEFIT BALL

Two featured film players will aid Orange County Peace Officers Association tomorrow night when they make personal appearances at the annual benefit ball staged by that organization. They are: left Jean Rogers and Barbara Read, of Laguna Beach, both of whom are playing leading feminine roles in Universal Film pictures now in production.

BEATRICE SMITH HOSTESS TO STARS AT BIG BENEFIT BALL

Miss Beatrice Smith, Santa Ana girl and member of the Y.W.C.A. Girls' Club has been named hostess for the motion picture actresses who will appear here tomorrow night to assist in the annual benefit ball staged by the Orange County Peace Officers' Association.

She will make special arrangements with the ball to be held in Valen-Read, formerly of Laguna Beach, and Jean Rogers, both featured players with Universal Films. Nine new entries in the Personality contest to be conducted during the ball, were announced today by Lee Mann, who is in charge of the event. These new aspirants are: Patricia Pope, Jean Louise Lyons and Dorothy Leonard, all of Laguna Beach; Henrietta Baker, Lillian Adrian, Dick McShane, Wally Grigg and William Lloyd, all of Santa Ana.

Mann said that selection of the winning contestants who will receive screen tests and possible film contracts, will be difficult because of the beauty of entries and their personality. Sylvan Simon, head of Universal Films' talent department will make the selections.

Laura LaRue, winner of the Opportunity Night contest, held recently will make an appearance on the entertainment program as will Lola Mae Harman, Santa Ana singer and dancer and Jane Vardy of Santa Ana who will do a specialty dance number with the orchestra. Sunny Brooks' orchestra will play for the dancers and stage a floor show during the evening.

Maple Ave. P.T.A. Elects Officers

FULLERTON, March. 12.—Mrs. Frank Stroschelm was re-elected president of the Maple Avenue P.T.A. last night at a father's night meeting at the Maple school, where R. E. Casey, in charge of the department of discipline at the Whittier State school was speaker.

Other officers elected were Mrs. Clarence Kinney, vice president; Mrs. V. Ashley Doss, secretary; Mrs. Ray Ellis, treasurer; Mrs. S. W. Miller, auditor; Mrs. Dick Burdick, historian and Nell Watkins, parliamentarian.

During 1937 about \$1,750,000,000 will be spent for aircraft. Of this total, four-fifths will be spent for military planes.

ATHLETIC CARNIVAL PLANNED AT HARBOR

Plans are well under way for Newport Harbor high school's seventh annual athletic carnival and circus, to be held in the gymnasium the night of March 19. This big athletic attraction is staged every spring by the boys' educational department of Harbor Hi School and the Hi Y Klub, and this year

promises to be bigger than ever. Harbor community basketball and volleyball championships will be decided when the leading teams of the leagues meet. Sixteen boxing matches to determine school championships in every weight division will be held. Ping pong, wrestling, rope climbing, tumbling, and spring board exhibitions will be put on by gym classes. A log-riding tournament, barrel-tipping contest, weight-lifting, and a stilt sprint will afford innovations.

The main event will be a gymnastic exhibition by 30 members of the Germania Turnverein of Los Angeles, under the direction of the veteran Carl Mettler. Apparatus work on the horizontal bar, parallel, flying rings, and long horse will bring to the public Glen Berry, state gymnastic champion and Olympic team member, and several other city and state champions. In addition, a women's unit of 12 gymnasts will perform.

Other outside talent to perform include Harold Reid of Laguna Beach and C. E. Day of Westminster, two of Orange county's archery aces.

Fast swimming fish increase their speed by means of jet propulsion; i. e., by ejecting water, rocket-like, from their gill openings.

FAMOUS DOLL COLLECTION IS EXHIBITED IN LOCAL MUSEUM

By ELEANOR YOUNG ELLIOTT

Wide-eyed children representing three different school groups of the city, thronged the halls at Bowers Memorial Museum yesterday, drawn by the charms of the latest loan exhibit placed in the large north room of the first floor of the building, the collection of dolls of all countries loaned through the courtesy of Miss Jeanne Gould of Los Angeles.

Miss Gould and Miss Katherine Walbridge, also of Los Angeles, have spent many years in assembling this collection. While it is fascinating to children, it is far more so to adults, who see in the dolls, an authentic portrait of times and modes of the various countries represented. The collectors have not gone back more than a few decades in history, although the doll is almost as old as civilization itself. But they have assembled fine examples of the peoples of the different countries so that it is possible to visualize the native life in each case.

Appropriate Settings
Mrs. F. E. Coulter, curator at the museum, has achieved an especially pleasing setting for the exhibit, grouping each country's dolls in a cabinet against appropriate background. Fuji-Yama, the "Sacred Mountain," soars above the exquisitely costumed puppets from the Orient, a gallant samurai, a lady of high degree in her richly embroidered robes, a quaint little Swiss goosherd, and his peasant sweetheart, and other dolls in national costume, are posed in a flower-strewn Alpine meadow. An Indian nobleman and members of lower castes are seen near a miniature Taj Mahal with palm-lined avenues. Exquisitely detailed Spanish dancers twirl and pirouette in a scene of Aragon.

But perhaps it was in the group of early American dolls that Mrs. Coulter had her happiest inspiration, for the Colonial scene is as convincing as it is artistic. Tiny flowers are blossoming in pots resting in the windows with their dotted Swiss curtains. A fire blazes on realistic brass andirons with a kettle swinging on the hob. A tiny brass bedroom candle rests on the wide mantel beneath a true grandfather portrait, all ready to light the demure lady of quality in her work at the spinning wheel.

Several Santa Anans have loaned dolls to add interest to the collection, including some valuable American Indian and also Italian dolls owned by Mrs. Coulter, some from Italy loaned by Miss Lulu Minter, and El China Blanca dolls brought from Mexico by Miss Annette McClintock.

Oldest and Smallest
Perhaps the oldest doll in the collection, is one with beautiful Dresden china head, in the rose taffeta gown of the period when it was the proudest possession of some little girl of 130 years ago, whose memory now is gone although her doll remains. The tiniest is a small wooden doll less than an inch in height. Among the most interesting are the quaint French peasant grandparents on their antique bench, given prominence in a large glass case on a central table. Most unique are the kelp dolls representing colonial maids, brides, Spanish dancers, even babies, from Miss Walbridge's collection. Hungary, Alaska, Scotland, Norway, Sweden, Manila, Cuba, Palestine, the Soviet and Czechoslovakia are among countries represented.

The collection, according to Mrs. Coulter, is to be here for the next six weeks, and promises to attract as much interest as any loan exhibit of recent months.

Dime Sale of Bay Rum Brings Fine
LAWRENCE, Mass. —(UP)—A bottle of bay rum which Liborio Lopiano sold for 10 cents later cost him \$100 in court. Lopiano was fined that amount when he was convicted of selling intoxicating liquor without a license.

Christmas is not a legal holiday in Kansas.

FERRIS SCOTT INSTALLED BY TOASTMASTERS

Installation of new officers of El Camino Toastmasters club last evening placed Ferris Scott as head of the club for the next six months, taking the place of W. H. "Ted" Blanding. W. F. Cuddy was made vice president, Ted MacBird returned as secretary, Phillip Hood and Dr. C. J. Raley made treasurer and sergeant at arms respectively.

W. F. Cuddy as toastmaster of the evening introduced a program of which humor was the predominating feature. E. M. Sundquist, his first speaker, gave a running commentary on things he might have used as subjects; Braden Finch told of aliens in Orange county, placing the number at

16,000, with half of that number illegal entrants; Dale Griggs told of gardening as a family venture, with humorous comments on the problems presented; Malcolm MacCurda explained a new method of installing rural telephones which vastly reduces the wiring costs; Nolan Doss related methods of Communist conversion practiced in America; and Ralph Raitt gave a biographical sketch of the life of Louis Pasteur.

Critics of the speakers, in the order of their talks, were Ferris Scott, Fred McCandless, Ernest Wooster, Glenn Tidball, Joe Daniger and William Fernandez, with Dr. Merrill W. Hollingsworth as general critic.

As table topics members were asked to explain how they would invest \$2000 in a business which might provide occupation for a person and provide him a living.

When we get bad taste, headache and that nasty greenish feeling, comes from greasy indigestion, take 1 Carter's Little Liver Pills before each meal and after.

Carter's Little Liver Pills bring a large flow of our pancreatic juice and bile juice into our bowels. The large flow of these juices digests the greasy we have eaten. When we burst into life and into our work like a joyous skyrocket.

But if you want this glorious relief from greasy indigestion, ask your druggist for Carter's Little Liver Pills by name and stubbornly refuse to buy anything else, else.

ADAM'S SPORTSWEAR
112 West 4th St.

The meeting was humorously called Father and Son night by Toastmaster Cuddy because Nell MacCurda and Robert Wooster accompanied their fathers.

The first piece of barbed wire was sold in the United States in 1874.

WHEN WE STOP GREASY INDIGESTION WE FEEL JUST FINE

Our stomach can't digest greasy, Neither can our bowels. Only our pancreatic juice, working with our bile juice, can digest greasy.

When we get bad taste, headache and that nasty greenish feeling, comes from greasy indigestion, take 1 Carter's Little Liver Pills before each meal and after.

Carter's Little Liver Pills bring a large flow of our pancreatic juice and bile juice into our bowels. The large flow of these juices digests the greasy we have eaten. When we burst into life and into our work like a joyous skyrocket.

But if you want this glorious relief from greasy indigestion, ask your druggist for Carter's Little Liver Pills by name and stubbornly refuse to buy anything else, else.

HOW AMAZING SOAP GETS CLOTHES SO WHITE
Yet Won't Fade Colors... And Leaves Hands Soft and Smooth!
Every day thousands of women are discarding their "slow poke" soaps and are switching to OXYDOL. For OXYDOL does the job so much faster, so much easier, and gets the clothes so much whiter than old-fashioned soaps can possibly do.
The Reasons: OXYDOL is produced by a patented process which makes soap much faster-acting, yet keeps it safe... a formula which makes it 2 to 3 times whiter-washing than less modern soaps, by actual test.
Here are the results you get with OXYDOL: (1) You save work—OXYDOL soaks out dirt in 15 minutes without scrubbing or boiling. Even tough spots come clean with a few quick rubs. (2) You get your washing 4 to 5 shades whiter than with old-fashioned soaps. (3) You save time—25% to 40% saving in washing time. (4) You save wear and tear on clothes—less rubbing, less wear.
And OXYDOL does all this with maximum safety to fabrics, hands, and colors. By actual test, sheer cotton prints have come through 100 consecutive OXYDOL washings without perceptible sign of fading.
Get OXYDOL from your dealer today. Tested and approved by Good Housekeeping Institute.

AMATEUR VAUDEVILLE AT WALKER'S TONITE

Together with the two feature pictures, "Great Guy" and "Night Flight," Walker's will present eight or more acts of amateur vaudeville, tonight. The vaudeville will precede the last complete showing of the feature films; at 8:30 and will be broadcast over KVOE by O. R. Haan, Chrysler and Plymouth distributor for Orange county.

The wide-spread interest being shown in the O. R. Haan-Walker's theater "Opportunity Night" program is due, not only, to the cash prizes offered, but also, for the grand prize, an expense-free trip to New York by boat and return by rail, with a stop-over of one day in Detroit as the guest of the Chrysler Corp., an opportunity for an audition for one of the nationally known radio programs, and the possibility of ob-

taining engagements to appear on stage or radio, locally. The two feature pictures being shown until Saturday night, "Great Guy" and "Night Flight," include in their casts, some of the best known stars of the present day. In "Great Guy," James Cagney and Mae Clark are teamed together in roles even greater than those played, by the same couple in "Public Enemy." The film, "Night Flight," a hit of a former season, being returned at the request of Walker's patrons, is a gripping story of the airmail pilots in South America. John Barrymore, Helen Hayes, Clark Gable, Robert Montgomery, Myrna Loy and Lionel Barrymore play the leading parts in this thrilling adventure story.

IRON ORE "ROASTER"

MINNETAPOLIS—(UP)—Hopes of University of Minnesota scientists to convert low grade iron ore into a saleable product has been raised by success of an experimental plant. A "roasting" process converts non-magnetic hematite into a magnetic substance which allows extraction of the iron on a commercial basis.

BUTTERFLIES AND DAISIES

Butterflies, those bright harbingers of spring, flutter by on this pretty frock worn by the damsel on the left. It even boasts a butterfly collar! Note the slightly flared skirt, sash of self material, and short sleeves. The seated maiden is wearing the popular surplice bodice and high waistline. The white daisies of the printed design are spaced fairly far apart.

ALMANAC WARY OVER WEATHER

NEW LONDON, Conn.—(UP)—The unusual prevalence of southerly winds has had much to do with the springlike winter, but as for the reason for the prevalence of the winds—"that's something else again," said Ernest C. Daboll, publisher of the New England Almanac and Farmers' Friend, formerly Daboll's Almanac, without a copy of which no real Connecticut Yankee would either keep house or put out to sea.

The famous old almanac first was published by "Nathan Daboll, Philomath," in the 13th year of the reign of King George III. This 1773 edition was calculated for the meridian of New London, and an original copy of it is held by P. LeRoy Harwood, vice president and treasurer of the Marine Savings Bank, and may be seen in the bank's free whaling museum. It has been published by Dabolls ever since, Nathan having been the great-grandfather of the present compiler.

Daboll recalled other winters of this sort, particularly the season of 1899-1900, when farmers were plowing in winter as far north as Maine. He admitted predicting the weather was a matter of going back to the records of other winters, that weather seemed to repeat in cycles. He would not talk specifically about this season's weather.

"I'd prefer not to have anything to say about the reason for the mildness of the winter of 1936-1937," he said at first. "Government men have remarked at length concerning this." He did, however, casually mention the southern winds.

Rain-proof Hats Made From Paper

LONDON—(UP)—Paper hats, which can be worn in any weather and are adaptable to the latest fashions in color and design, were displayed at an exhibition of Scottish paper-making held at the British Industries House here.

The material, which is the invention of an engineer employed in a Scottish paper mill, can also be used to make shoes, bolts, handbags, cushion covers and curtains.

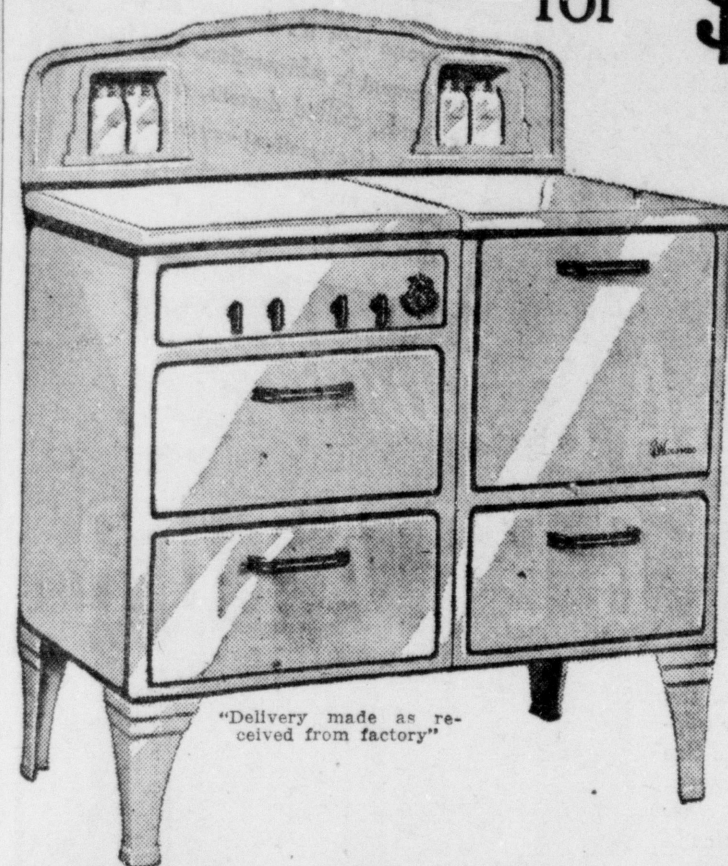

England is drinking less than half the beer consumed in pre-war days.

CALLING ALL DOGS!

By
Albert Payson Terhune

DOG POSTMEN

European newspapers last year devoted much space to Flambeau, the wolfhound which celebrated his seventh anniversary as an official postman. During that time he had transported the mail over a dangerous stretch of Alpine territory, between the distant railroad town and the mountain settlements far above. No human postman could have made the double journey except at snail pace; and in bad weather could not have made it at all. Flambeau had been trained for the job by government experts.

Mail has been carried over difficult terrain, before now, many times, by dogs, to say nothing of the dispatches delivered under fire by wardogs. In a lesser way, hundreds of house or farm dogs have been taught to carry mail to and fro between their owner's homes and local post offices. In New England and elsewhere, I have seen such dogs gallop down to the roadside and retrieve the daily paper tossed from the newsdealer's cart. I have seen them go a much greater distance to waylay the rural free delivery man, on his rounds, and to receive from him a bundle of mail; this to be carried, like the papers, to the animal's owner.

Something about the postal service seems to have an appeal for the average dog. Why? Copyright, 1937, McNaught Syn., Inc.

WE FIX ALMOST ANYTHING.

Ten Nebraskans Now Movie Stars

LINCOLN, Neb.—(UP)—Ten moving picture stars and one of the leading Hollywood producers are former Nebraskans, a survey revealed.

The native sons who have gone farthest are Robert Taylor of Beatrice, Fred Astaire of Omaha, Henry Fonda of Grand Island, Harold Lloyd of Burchard, Hoot Gibson of Tekamah, Shirley Ross of Omaha and York, Benny Baker of Omaha and Lincoln, Lyle Talbot, who played in stock companies in Omaha, Ray Mayer of Lexington and Melvyn Douglas of Lincoln.

Co-eds Live on \$2.50 Per Week

BURLINGTON, Vt.—(UP)—Living on \$2.50 a week each, 46 University of Vermont co-eds are applying successfully the ideal of "co-operative housing" under direction of the woman who conceived the idea 25 years ago. Two dormitories, renovated by the university, are supervised by Prof. Bertha M. Terrill, Home Economics Department head, who prepares the menus and buys the food.

Fat Girls! Here's A Tip For You

All over the world the Kruschen method is appealing to girls and women who strive for an attractive, slender figure and more glorious health.

And here's the simple recipe that reduces fat and brings into blossom the natural attractiveness that every woman possesses.

Hundreds of satisfied users call it the Kruschen Way.

Every morning take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast and cut down on pastry, fat meats, butter, cream and potatoes.

Be sure and do this every morning for this is the Kruschen Way that brings "that Kruschen feeling" of energetic health and activity that is reflected in brighter eyes, clearer skin and cheerful vivacity.

Get a 4-oz. jar of Kruschen Salts at any drugstore throughout the world—it lasts for weeks and costs but a few cents. Note—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.

This spring and summer, drive the BELLWETHER car!

YOU say you're looking for a live one that lives up to its stunning looks—all right, feast your eyes on this handsome Buick and end your hunt!

What you see is the leader of the 1937 flock—a sleek, fleet, sinewy, stout-hearted traveler that'll do all you ask—and still be ready for more!

Something happens to you when you take your comfortable place behind the wheel of this glorious car and command its flashing action. Cares fade, worry drops behind, you're young again, gay again as you tingle to the lifting surge of its valve-in-head power and sense

the solid steadiness of every thrilling mile.

You find a new meaning to easy handling as you finger these sure controls—you never knew a car could be so smooth, easy, quick in its perfect obedience to your every wish.

Fact is you're driving the standout car of the times—and the longer you drive it the greater will be your glad pride in it.

Why not make sure now that you'll have one in time for summer driving? Why not—for your money—get the unmatched smoothness of a valve-in-head straight eight.

Sure you can afford it—it's priced as you'd expect a six to be! Go see the Buick dealer in your neighborhood—now!

LOWEST PRICE EVER ON A BUICK 4-DOOR SEDAN!

Today's price for a Buick 4-door sedan is the lowest in all Buick history—and you get longer wheelbase—greater power—valve-in-head thrust—straight-eight smoothness—roomier body—safety glass all around—bigger luggage compartment—and immeasurably greater performance, comfort and style! See your dealer for low delivered prices, and see what a buy Buick really is, compared to the average six outside the lowest price field.

SOVIET EXPECTS TO LEAD GOLD YIELD FOR 1937

BY NORMAN B. DEUEL
United Press Staff Correspondent

MOSCOW, March 12—(NU)—From a reliably estimated production of \$285,000,000 (at \$85 to the ounce) during 1936, the Soviet Union expects to step up its output of gold to approximately \$400,000,000 in 1937.

Through modern exploitation of old workings, greatly increased mechanization, intensive prospecting and discovery of new rich fields of gold production has increased enormously during the last three years. In 1935 production exceeded that of the United States and Canada combined (\$245,642,384) and was further increased in 1936. Soviet officials boast that during 1937 the Soviet gold output will exceed that of South Africa and that the industry here will take first place in the world. In 1935 South Africa produced \$277,090,000 worth of gold, to better

which the Soviet Union must produce nearly \$400,000,000. An analysis of Soviet resources and technique indicates that this is far from an impossibility.

Far East Mines Developed

A. Serebrovsky, head of the gold-platinum board of the commissariat of heavy industry, said that the mines of Western Siberia produced in 1936 four times as much gold as in 1933. Eastern Siberia three and a half times as much, the Far East eight times, and the Lena Krasnoyarsk, Kazakhstan and Urals field three times as much. The new Colima region in the extreme north alone yielded during 1936 more gold than was produced in Alaska in any one year at its peak, according to Serebrovsky.

Foreign mining engineers who have seen some of the new workings describe them as of incredible richness. One Soviet mine alone produces more than 8,000 kilograms of gold a year.

Workers in the gold industry total more than 700,000, directed by 12,000 engineers and technicians. Of these tens of thousands are independent operators. Gold mining and fur trapping are the only enterprises in the Soviet in which independent work is permitted, with the exception of a small minority of peasants not yet collectivized.

DEMONSTRATIONS GLADLY ARRANGED

Hosiery May Run—But Not the Factory

Usually both stockings and hosiery factories run quite merrily—but with the stay-in strikes at Reading, Pa., hosiery mills, the field was left clear for the stockings to do all the running. There'll be no stockings made on these looms until the strikers seen asleep in the aisle moves out and wheels start moving again.

SCHOOL NEWS

Julia Lathrop

production of gold, however, is obtained from large scale workings, the technical basis for which is provided by nine golden cycle and 116 amalgamation mills, 57 cyanide plants, more than 100 steam and electric dredgers and 190 hydraulic installations.

The problem of transportation forced the Soviet gold experts to concentrate attention on lode gold, while not neglecting small placers.

Lode gold deposits are mostly now connected by road or railroad with transportation systems insuring availability of supplies and labor.

The main sources of Soviet gold include:

The Blagodatnol mines in Bashkiriya, Beresovsk and Kachkar in the Urals. Aldria mines in the Volga region, Minussinsk and Podlunni Golezt in Western Siberia, Zmeinogorsk mines in the Altai, Djelambet, Djelagira, Malkain and Stepiak in Kazakhstan, Bala, Darassun, Kluchi and Dmitrovsk mines in Transbaikalia, and the White Mountains and Vischoalshi Golezt in the Far East. There are a number of others.

Proud of Efficiency

The Soviet gold industry now believes it is operating large scale plants with American efficiency. Lack of efficiency, which handicapped production prior to 1934, was combated by the inauguration of a premium wage system in that year.

This method sets the cutting costs as a salary criterion. For each one per cent of decrease in the cost of production, salaries are increased 10 per cent. The workers' wages depend on the number of cubic meters of ore mined and on the amount of gold present in the ore. When the plan of a mine is exceeded, a premium is awarded and the worker is entitled to buy goods in the gold-buying stores, which operate much as Torgsin did in the cities two years ago selling a superior assortment and quality of goods.

WE FIX ALMOST ANYTHING.
Fix-It-Shop, 105 E. 3rd.—Adv.

Junior Literary club members of Julia Lathrop Junior High school enjoyed a short program arranged by Dick Vance and his program committee at the latest meeting. James Wylie played a piano solo, and Winifred Pearce sang "Champagne Waltz," accompanied by Lela Slaback at the piano. Book reviews by Margaret Bower, Kenneth Lindall, Eleanor Lawrence, Androniki Pappas and Betty Shidler, were of "Calliope and Grinoline," "Lion, Bambi," "Up Creek and Down Creek," "The White Queen." Discussion of an alumni meeting was followed by the announcement of Homer Chaney, Jr., that he would take a leave of absence from the club for the remainder of the semester. Homer is accompanying his parents on a lecture tour which includes Texas, Wisconsin, Connecticut, North Carolina and Vermont in the itinerary.

A box of candy for selling the greatest number of operetta tickets was awarded by Miss Cornell to Richard Watson of Lathrop school.

Miss Nicholson's vocations class has made a study of farming recently. Outlines and illustrations of farmers cultivating their lands have been used as a basis for this work. The class has been divided into three groups with Bruce Carnahan, Clem Knox, and Jack Morgan, as captains.

"Fruits" has been the study of Mrs. Sinke's girl's Foods Classes during the past three weeks. The preparation in various ways, of many fruits has been studied and planned.

Intramural track meetings at Lathrop have had large turn outs this year. In the pole vault, the midgits placed, with Farren taking first place; Mair second, and Carr third at 7 ft. 9 in., 7 ft. 6 in.

and 7 ft. Ogata, Ashley, Jacobs and Worthen placed at 6 ft. 6 in. Juniors made a record for themselves in the broad jump with Roehm taking first place at 15 ft. 9 in.; Sorenson, second at 14 ft. 11 in.; Warren Danielson third at 14 ft. 4 in.; Okamoto fourth at 13 ft. 6 in.; and Vance fifth at 12 ft. 9 in. Intermediates, in the ball put reported Bulley in first place at 49 ft.; Jiles second at 50 ft. 5 in.; Dart third at 40 ft. 1 in.; Yoder fourth at 39 ft. 2 in.; and Bishop Patterson fifth at 37 ft. 11 in.

In Lathrop branch library this week there is a series of posters on display. Contributed by Mr. Kellogg, formerly principal of Willard Junior High. The posters show a great many scenes from the Olympics. The pictures have captions in German with English translation.

Lathrop students are entering W.C.T.U. contest for oratory and essays. Seventh and eighth grades will try for silver, gold and pearl medals in oratory, while ninth graders will compete in the writing of short essays.

Eighth graders are looking forward to March 19, for on that date they will have a party which includes all members of the grade. A model airplane meeting will be held on March 12, during Lathrop home room period. Students may enter only those models that they have made. Norman Lee, Bob Isenor and Bobby Jacobs have had charge of plans for the meeting.

Lathrop Tennis club, sponsored by Mr. Archer, is making progress with matches scheduled with Willard Junior High in April. Inter school matches will be held in May and June. Boys who are members of the tennis club are Lloyd Schultz, Donald Pritchard, Kenneth Crumley, Don Yoder, Robert Wahlberg, Paul Cleary, Douglas May, Clifford Whitford and Jack Granados.

SERVI - CYCLE SOLD HERE BY RATHBUN

Is the most up to date low cost transportation being offered today to the working people of America and at a first cost that all can afford to pay. It has been used in other parts of the country for the last four years and has just been

introduced into this country by Rathbun's Motorcycle Co.

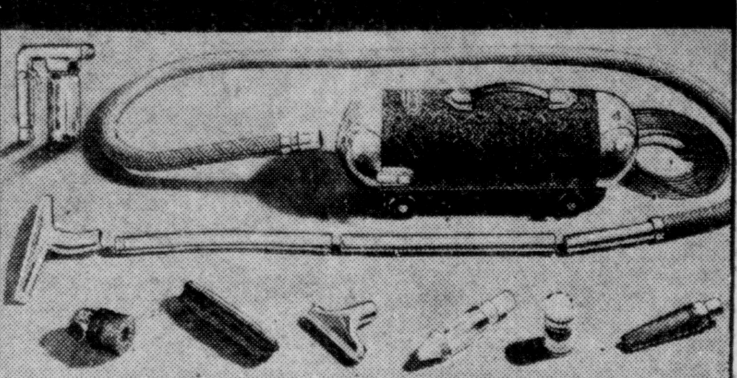

It is claimed by Mr. Rathbun who is the county distributor for Harley-Davidson and Servi-Cycle motorcycles that this is the machine that working men have been asking for and dealers have hoped would become a reality, because of the fact that there is not a sufficient supply of used machines to take care of that demand, and that there has not been available before a new motorcycle to be had in this country that could be sold for such a low first cost and never before has there been a motor vehicle that

could be operated at such a low upkeep cost.

Mr. Rathbun states that such motorcycles have been widely used in practically all European countries for many years, and that the increasing need for cheap and dependable transportation in this country, Servi-Cycle is sure to become a very popular means of transportation among the working classes.

Special gloves were used in falconry, in ancient days, to guard the hand against the falcon's beak and claws.

MAGIC-AIRE

A NEW WAY FOR AN OLD TASK

MAGIC-AIRE—The sensational home cleaning system, cleans with a magic wand. Weighs but a few ounces. Reaches from floor to mouldings, under beds and dressers.

GOITER CALLED INLAND DISEASE

BOSTON, (UP)—Women are 10 times more susceptible to goiter than men, according to Dr. Robert C. Cochrane, chief of goiter service at City Hospital here.

He said many children, usually girls, show signs of having goiter when quite young, but in a large majority of these cases the slight enlargements in the neck disappear when the girls reach the age of 19 or 20.

If men are stricken with over-activity of the thyroid gland the case most always is a severe one, he says.

The cause of the disease is due to extreme stimulation of the thyroid gland and a deficiency of iodine. Two-tenths of one per cent is the normal iodine content in the gland, the physician said.

The Great Lakes and mountain sections of the United States are known among the medical profession as the "Goiter Belt," Dr. Cochrane says.

"The prevalence of goiter in these sections is due to the lack of iodine in the water, and can usu-

ally be combatted by placing iodine content in the drinking water supply of the community."

The disease is comparatively rare in communities along the seacoast, Dr. Cochrane says. Eating seafood aids in maintaining the correct iodine content in the thyroid gland.

Why women should be more susceptible to goiter than men has not yet been learned, Dr. Cochrane said.

KEN Murray SAYS:

NEW YORK, March 12.—You know, for a bunch of folks who are just getting out from under the greatest depression we ever had, I never saw so much discontent as is now being caused by labor, law, lucre, and love.

The last two mentioned have always been a big problem, but between the Supreme Court, and the unions, a working man doesn't know whether to stand up for his Constitutional rights, or to sit down for his bargaining ones.

It does seem funny that these two major subjects should be of national importance at the same time. However, I guess the movies have

Princess Samples Soup of Jobless

Food for the unemployed in Belgrade must be good enough to satisfy Princess Olga, wife of Prince Paul of Yugo-Slavia. Her royal highness is shown above sampling the soup during a visit to a refuge for the jobless.

sort of educated us to expect double-features. I know it's all very nice to say that we're out of the horse and buggy days, but there seems to be a lot of people who still want to grab the reins.

Herd Rustlers Create Problem For Oklahoma

OKLAHOMA CITY, (UP)—Cattle rustling in Oklahoma has been increasing with the more up-to-date method of using a truck to haul the cattle away instead of a horse to drive them.

Col. Charles W. Daley, chief of the state crime bureau, said rustlers using trucks had stolen 1,000 head of cattle in the state during the past six months.

He explained that modern rustlers work at night in the thinly settled sections of the state. They concentrate on cattle found wandering along the highway.

"In some ways the problem is greater than in the old days," Daley said. "Then the rustlers drove off the cattle in big numbers. Vigilantes could follow their tracks and sometimes catch up with them."

"But now the trucks enable the rustlers to whisk their loot to market before the ranch owner discovers his herd has been reduced."

Machine Made To Save Labor In Cane Fields

HONOLULU, (UP)—William Akana, former star halfback of the University of Hawaii, has won new honors in the agricultural field by the invention of machinery for clearing a sugar plantation crop as quickly as he used to clear up a football opposition.

Akana's invention is considered the most outstanding development in the sugar branch of American agriculture for the current year. The machine is a huge rake with several curved prongs, powered and pulled by a high clearance tractor which gathers and piles out sugar in such a way that it can be picked up half a ton at a

"Goofy Goonies" of Lonely Isle Boast Insignia

BERKELEY, Cal. (UP)—Mario Chianaretto, 36, potter by trade, has moulded an official insignia for the "Goofy Goonies" club of Midway Island, one of the unique organizations of the world.

The insignia is to be sent there by one of the Pacific Clippers. Chianaretto, who is one of the charter members of the "Goofy Goonies," explains that the club completed its organization on April 13, 1936. Qualifications for membership involve a residence of at least one month on Midway Island.

The club is composed largely of cable company employees, members of construction parties that were sent to the island by the Pan-Pacific Airways, and also colonists sent to maintain weather observation stations. The club started with an original membership of 76. Chianaretto explained for the benefit of everyone who does not know what a real goony is that it is a member of the albatross family and that until the Pan-Pacific Airways invaded the island it reigned almost supreme over the desolate region.

For the original initiation of the "Goofy Goonies" club, he said that the founders got together a lot of raw fish, mixed it with mustard, seaweed and other things, and then fed it to the initiate in much the manner that the gooney feeds its young.

The plaque which is being sent out to Midway Island as the official insignia of the club bears the image of a goony bird and also a Clipper ship.

THIEVES CHOOSE HARD WAY
DEFIANCE, O.—(UP)—Police here were hunting burglars described as industrious but not intelligent. To steal tools valued at \$150, a hole was pounded through the brick wall of the Haviland stamping plant. Next to the hole was a window covered with only fly screening.

time by a second, derriek-like hoist and dropped into waiting trucks and railroad cane cars for transportation to mills where the juice is squeezed out and transformed into raw Hawaiian sugar. Formerly all of this work was done by hand, the bundles of cane being carried on the backs of men.

BE YOUR AGE, JIMMY!

This is a ball player. Specifically, this is Jimmy Dykes, 29-year-old third baseman and manager of the Chicago White Sox. Jimmy, oldest active regular player in the major leagues, is trying to get into shape for his unimpaired season. As you can see by his agonized face, Jimmy is troubled by internal dissension in his campaign.

Moore Tires, Gets Licked; Eye-Cut Stops Don Benzor

BY EDDIE WEST

This would be a handicapper's dream by Phil Carreon, a skinny little pithy comment if Maxie Moore were a race horse, and had run like he fought last night at the Orange County Athletic club.

Seemed short last out; will improve. Making his first trip to the post in many months, the Santa Ana junior college halfback dropped a four-round decision to Rico Martinez, an Indian from Sherman institute who looks more Mexican than Indian.

It was Martinez' last start as an amateur; he goes into the professional squad next week.

A fightin' hombre, Martinez was bad news enough; on top of that Moore tied up like a high school half-miler in the homestretch. Max barely lasted, not because he could not take a cuffing but because he was so exhausted his sturdy legs moved like he was carrying an iron bar in each shoe. Martinez took every round, made Moore hang on feebly in the fourth.

"Frenchy" Everett Jure appeared out of condition, too, but paradoxically he went into the fight with enough leather to catch Referee Steve Nyland's verdict. Hamilton looked good early in the affray, hardly tossed a punch in the last round. Jure showed nothing new. He still wings his left like Don Budge makes a backhand drive.

Don (Buz) Benzor's triumphant return to the O. C. A. C. was spoiled by a hand injury.

'I'M THROUGH' SAYS DISGRUNTLED DEAN

Bomber's Punch Like Mule Kick Says His Victim

DAYTONA BEACH, Fla., March 12.—The St. Louis Cardinals left today for Havana where they will engage the New York Giants in a pair of games Saturday and Sunday.

"They go without Pitcher 'Dizzy' Dean who still demands \$50,000, with Owner Sam Breadon offering \$22,500."

Dean conferred twice with President Sam Breadon yesterday.

"Old Diz is through with baseball," he announced.

"Breadon keeps offering me \$22,500. I want \$50,000. And I ain't a-comin' down a cent. Not old Diz. Breadon said he was offering me more than Carl Hubbell of the Giants."

"Shucks, who's Hubbell? He don't put 'em in the cash register like Diz. Bill Terry and everyone in New York'll tell you that."

Play 'Y' League Volleyball Game

Santa Ana will play Redlands in a Southern California Y. M. C. A. Volleyball league series at the "Y" tonight.

This is the Santa Ana team's second start in league competition. Two weeks ago it lost a three-out-of-five series to Fullerton.

Santa Ana's lineup will include Dr. Emmett Raitt, Ed Gaebel, Clarence Holmes, Lyle Foreman, Herman Landis and Ralph Raitt.

Tustin Fights For Title

DIMAGGIO TO SIGN \$15,000 YANK CONTRACT

SAN FRANCISCO, March 12.—(UP)—Joe DiMaggio said today he had agreed on \$15,000 as his salary for 1937.

DiMaggio, star centerfielder for the Yankees, had been a determined holdout for several weeks talking with Lou Gehrig, Bill Dickey and others.

He said the agreement was reached during a long distance conversation with Ed Barrow, Yank business manager.

DiMaggio's 1936 salary was \$8,500. He had been holding out for \$25,000. He was the most sensational rookie to break into the majors in 1936.

During the holdout period DiMaggio came down to \$18,000, and finally agreed to take \$15,000. As a result of the agreement he will leave tomorrow for the Yankee training camp at St. Petersburg, Fla.

Center-Jump Abolition Barry's Aim

LOS ANGELES, March 12.—Prepared to lead the fight for a revision of the basketball rules to eliminate the center jump, Justin M. (Sam) Barry, coach of the University of Southern California eagles, will fly to Chicago Sunday to attend the annual meetings of the American Basketball Coaches' association.

The coaches meet Monday and Tuesday and their convention will be followed by the sessions of the National Basketball Rules committee. It is believed that if the coaches approve the abolition of the center jump the committee will follow their recommendation and make the changes for the 1937-8 rules.

Barry first started his fight for elimination of the tip-off when he was head basketball coach at the University of Iowa from 1923 to '29. Soon after joining the Trojan staff at the start of the 1930 season, he succeeded in having the southern division of the Pacific Coast conference adopt the change, which has become so popular in this state that practically all California college, junior college and high school leagues now use it.

According to Barry, eliminating the center jump, except at the start of each half, gives five to six more minutes of playing time in each game, increases scoring 10 per cent, eliminates tall freaks at center for the mere purpose of controlling the tip, and prevents the many injuries that occur in the jamming around the center jump circle for the tip.

Harris, sometimes known as "The Seal," ended a scheduled four-round exhibition bout with Louis in the second round last night when he ran from the ring after being knocked down six times.

"Did y'all even get kicked by a mule?" the pouty Negro moaned. "Well, son, that's just the way it feels when Joe lands. And boy, he lands plenty often."

He has been manhandled by the late Young Stribling, Tommy Loughran, Charles Retzlaff, King Levinsky, Primo Camera, Max Baer, Jimmy Braddock—and Louis, and claims he sparred a few rounds with Jack Dempsey.

Miss Dorothy Paget's Golden Miller was the 100-12 favorite to win the National Steeplechase next Friday at Aintree.

Hugh Lloyd Thomas' Royal Mail was second favorite at 100-9.

Miss Vivian Smith's Ready Cash suffered a mishap and was a doubtful starter. Odds against Ready cash jumped from 12-1 to 50-1. The Victoria club reported that 3000 pounds had been bet on Frank Gould's American-bred What Have You when the 50-1 odds were announced.

Three American-owned horses were among the dozen non-acceptors. They were Mrs. Marion Scott's Battleship, John Hay Whitney's Double Crossed and Paul Mellon's Brimmore Lad.

GOLDEN MILLER IS FAVORED AT AINTREE

LONDON, March 12. — Miss Dorothy Paget's Golden Miller was the 100-12 favorite to win the National Steeplechase next Friday at Aintree.

Hugh Lloyd Thomas' Royal Mail was second favorite at 100-9.

Miss Vivian Smith's Ready Cash suffered a mishap and was a doubtful starter. Odds against Ready cash jumped from 12-1 to 50-1. The Victoria club reported that 3000 pounds had been bet on Frank Gould's American-bred What Have You when the 50-1 odds were announced.

Three American-owned horses were among the dozen non-acceptors. They were Mrs. Marion Scott's Battleship, John Hay Whitney's Double Crossed and Paul Mellon's Brimmore Lad.

BUNN OF STANFORD SEEKS KANSAS POST

LAWRENCE, Kans., March 12.—John Bunn, basketball coach of Stanford conferred today with athletic officials at the University of Kansas regarding the post of athletic director.

Bunn, reported second choice of the athletic board, admitted he was "interested."

United Brethren Bump Nazarenes

In a close, hard-fought Church league basketball game, the United Brethren nosed out the Santa Ana Nazarenes, 9 to 16, at the Y. M. C. A. last night. Bob McCullah led the United Brethren to victory with 10 points.

With their regular opponents failing to show up the Church of the Brethren trounced a pickup team, 41 to 14, with Barris and Bob Teter scoring a dozen points each.

The score: S. Nazarenes (16) (19) United Brethren (9) (4) (5) (10) McCullah, Swafford (4) (5) (10) D. Gammell, Smith (2) (3) (5) (10) D. Gammell, Substitutions: Nazarene—Dunham (4).

EVACUATION DIRECTOR Maj. Ralph Sasse, Mississippi State football coach, was in charge of flood evacuation in his district.

SPORTS WHIRLIGIG; NEWS BEHIND THE NEWS

Names make news; news makes names. In the news today are the Messrs. Louis Neva, Lupe LeMon, Clarence Cooks, Al Irwin.

I am indebted to Braven Dyer for the following information about Comrade Novikoff, the monk of Moscow. Writes Deacon Dyer:

"Matt Gallagher tells me that Louis Neva, rated the greatest softball player of all time, has been signed to play with Ponca City this season. He worked out for many days with the Angels.

DiMaggio's 1936 salary was \$8,500. He had been holding out for \$25,000. He was the most sensational rookie to break into the majors in 1936.

During the holdout period DiMaggio came down to \$18,000, and finally agreed to take \$15,000. As a result of the agreement he will leave tomorrow for the Yankee training camp at St. Petersburg, Fla.

"Neva, who shortened his many-syllable Russian name when he started playing on the Los Angeles playgrounds many years ago, has been hitting the ball over the left-field wall at Wrigley Field and causing Earl Hamilton, Clarence Brooks and other Angel junior coaches to open their eyes.

"In softball Neva starred not only as a pitcher, but also because of his hitting. He pitched the team (He means Huntington Beach) to the championship of the National Softball league. Because of his ability he was in demand as a pitcher at the places where professional softball is played and used to command \$50 a game. (Why, Louis?) With amateur softball attracting the limelight, Neva decided to enter the hard-ball ranks.

"If Neva makes good in organized baseball perhaps major and minor league scouts may switch from semipro and high school fields to the softball lots for their material."

Remember Lupe LeMon, the bad boy of Orange county's shamateur heavyweights? Also known as the Fullerton cave man. And the Nefarious Neandralth. He made

Another hospital note: Al Irwin, the Newport Harbor prep football star who had a bang-up season with the College of Pacific frosh last fall, is out at Palm Springs convalescing from pneumonia which followed a serious infection that almost cost Irwin his life last month. He was in a hospital here three weeks; for a time they despaired of hope. He was stricken while visiting at home between semesters.

TULLERS MEET SAN DIEGO AT WHITTIER HI

So near and yet so far from the Southern California high school championship, Tustin's basketball team goes to Whittier tonight for a semi-final engagement with San Diego's Coast league titlists.

Beginning at 7:30 in Whittier high school's gymnasium on Philadelphia street, the Tustin-San Diego skirmish will be followed about 9 o'clock by another semi-final between Beverly Hills and Whittier. These four schools are the survivors of a C. I. F. playoff that began tonight's winners play for the crown Saturday night at a place still to be determined—but probably at Whittier unless the Poets are one of the finalists.

San Diego and Whittier are the favorites. Victor of a three-way playoff with Long Beach and Alhambra for the Coast league streamer, San Diego probably has encountered stiffer opposition than Tustin. On the other hand, the teams appear well matched off their one game with a common opponent—Santa Ana. Tustin hand-cuffed the Saints 35-17. San Diego's margin was 37-16. Since that time, San Diego has been more or less weakened by the mid-year graduation of two guards and a forward.

The San Diegans are coached by Ed Ruffa, this being his first service with the Hiller quintet. They have won 13 out of 14, losing a mid-season game with Alhambra, 32-15. San Diego's victims: La Jolla, 28-21; Point Loma, 25-23; St. Augustine, 27-20 and 43-15; Yuma, Ariz., 32-11; Phoenix, Ariz., 31-22; Santa Ana, 37-16; Herbert Hoover, 27-16; Woodrow Wilson, 32-24; Long Beach Poly, 25-18; Alhambra (playoff), 32-21; Long Beach (playoff), 21-20; Brewster, 34-20.

San Diego will start Al Martinez and Kenny Hale, forwards; Claude Roberts, center, and Ed Becker and Jerry Rudrauff, guards. Against this quintet Coach Bill Cole of Tustin will send his usual lineup of Paul Francis and Vic Linker, forwards; Sam Francis, center, and Walt Linker and Larry Monroy, guards.

San Diego will start Al Martinez and Kenny Hale, forwards; Claude Roberts, center, and Ed Becker and Jerry Rudrauff, guards. Against this quintet Coach Bill Cole of Tustin will send his usual lineup of Paul Francis and Vic Linker, forwards; Sam Francis, center, and Walt Linker and Larry Monroy, guards.

201 Spurgeon St., Santa Ana

DEPENDABLE PARTS FOR ALL CARS

COMPLETE MACHINE SHOP SERVICE

OPENS AT NEW LOCATION

The latest addition to "Used Car Row" on East First street is the modern and enlarged lot opened by Barney Koster, pioneer Santa Ana used car dealer. Koster, seen in the foreground of the picture, recently purchased the property at 311 East First street and installed equipment for the display of more than 50 used cars at one time. Following the modernistic trend, Koster had installed a neon lighted front to the lot that has added life and attraction to the street. Both tubular and flasher neon lights are being used in illuminating the front. The display yard is illuminated by hanging electric flood lights.

Barney Koster, first man to open a strictly used car lot in Santa Ana, is opening one of the largest used car lots in the city at 311 East First Street.

After 18 years of successful business in this city Koster has purchased the property on the north side of First street, built a modernistic front on the property and is prepared to offer real bargains in guaranteed used automobiles.

In announcing the move to his new location, Koster said: "For many years I have had the idea that some day all the used car lots in Santa Ana would be located on East First street. For that reason I purchased this property and prepared to install an up-to-date used car market there."

The property has been improved with an office building at the rear and a modernistic front illuminated with Neon tube lights and flasher signs. While there is capacity for many more automobiles on the property, 50 cars are on display there today. Ample space is provided on the lot for the proper showing of each car.

Koster announced that every car sold under his guarantee is tuned to factory specifications before it is taken from the lot. The Koster guarantee, that has contributed so much to past success of the business, will be in force at the new lot.

In addition to handling only the best in used automobiles Koster is a salesman for new Studebaker automobiles and can arrange for demonstrations of the 1937 cars.

Barney Koster has been in business here since 1919, opening the first used car lot in Santa Ana at Third and Broadway. In 1920 he moved to Third and Bush where he operated a similar business for four years. In 1924 he moved to First and Main streets and a year later opened a lot at Third and Main streets where he remained until moving to his present location.

Associated with Koster is Ray Bullock as bookkeeper and office manager. Prior to joining Koster, Bullock spent seven years in the office of County Assessor James Sleeper.

Jimmy Fidler in HOLLYWOOD

HOLLYWOOD, March 12.—Ten-ni-son's brook which goes on forever, has its counterpart in Hollywood's "horse operas." I mean, Western pictures. Curious how few changes have taken place in cowboy dramas since the early days of fil-ums. Other types of movies have been revolutionized (and have nearly started revolutions—the so bad ones) by scientific improvements, but nothing seems to alter the Westerns.

The answer, if course, lies in the unchanging taste of the very young America. Several million kids of today like adventure just as did the "previous generation." Modern youth gets the same spine-tingling, foot-stamping thrill out of the lusty deeds of modern strapping cowboys that I used to get when Bill Hart speeded my heart action by single-handedly killing enough Indians to capture New York City. It is the kid audience which has made box office perennials of many Western heroes. Buck Jones, George O'Brien, Hoot Gibson—these fellows have been stars since grandpaw wore knee britches. I do not like to recall how many years it has been, but I can remember Hoot Gibson riding herd back in the days when it was a toss-up whether I should go to a

Personal to Fat Girls!—Now you can slim down your face and figure without strict dieting or back-breaking exercises. Just eat sensibly and take 4 Marmola Prescription Tablets a day until you have lost enough fat—then stop. Marmola Prescription Tablets contain the same element prescribed by most doctors in treating their fat patients. Millions of people are using them with success. Don't let others think you have no spunk and that your will-power is as flabby as your flesh. Start with Marmola today and win the slender lovely figure rightfully yours.

Walking to the theater behind Jack Benny the other night, I crowded him a bit and stepped on his foot. He turned, recognized me, and cracked down, "Why do you walk on my heels—when you should be walking on your own!"

BEER FINANCES SCHOOLS

ST. LOUIS—(UP)—Missouri received \$5,347,787 in beer and liquor tax revenue during 1936, according to a report compiled by the Missouri Brewers association. As one-third of the fund is turned over to the state department of education, it was figured that the tax was sufficient to provide public school education for 28,710 children.

WE FIX ALMOST ANYTHING.

VILLA PARK

VILLA PARK, March 11.—Mr. and Mrs. R. H. Sudorf, who have been in New York for the past three months, returned to their home in Villa Park, Thursday. They drove home by way of Florida in a new car.

A. S. Adams, Miss Jennie Hull, of Villa Park, and Mr. and Mrs. Lynn O. Hanselman, of Riverside, drove to Glen ranch, Sunday.

Mrs. H. R. Tritt and Bill Tritt visited in the home of Ed Crowther, of Placentia, Wednesday afternoon. Mr. Crowther was Mrs. Tritt's first violin teacher.

Mr. and Mrs. H. Morningstar drove by way of the Mojave canyon to Capistrano, Sunday, where they were joined by Mr. and Mrs. Simm Bathgate and family and together they viewed the flood damage in that section.

Floyd Norman, who has been quite ill for the last month, is reported to be much improved.

Mr. and Mrs. Gilbert Johnston drove to Santa Monica, Sunday afternoon, to be accompanied home by Mr. and Mrs. L. Doynes, neighbors in Victoria, B. C., who are

visiting friends in that city. They remained in the Johnston home until Tuesday evening.

Bill Tritt and Warren Ray drove to Riverside, Tuesday night, to hear Jimmy Dorsey and his orchestra, who were playing at the civic auditorium.

W. L. Bell has been in the San Joaquin valley on business for the past week.

Mr. and Mrs. George Holditch and sons, Stanley and Jimmy, of Placentia, were dinner guests of Mr. and Mrs. A. E. Hughes last evening.

Warren Ray, of Whittier, was

guest of Bill Tritt yesterday afternoon. In the evening, Mr. and Mrs. Tritt, Bill and Warren took dinner with Mr. and Mrs. George B. Smith.

Mr. and Mrs. Gilbert Johnston and daughter, Patricia, have rented an apartment at Laguna Beach, where they plan to spend the week. They left yesterday morning.

Canada ranks first among world exporters of nickel. The nation produced 57,450 long tons of a world total of 70,800 long tons in 1935.

CHAT AND SEW MEETS

ORANGE, March 12.—Chat and Sew members were entertained recently in the home of Mrs. J. W. Powell, South Pepper street, when spring flowers were used about the rooms and refreshments served after an evening of sewing. Present other than the hostess, were Mesdames Carl Pister, Edwin Westcott, Lela Sturgis, E. C. Frevert, Enslay Campbell, Ethel Niquette, Oliver Wickersheim, Vern Estes, Earl Smith, L. R. Doncaster, Miss Edna Case, Miss Maud Sisson, Miss Mar-

iam Powell, daughter of the hostess, who assisted her mother in serving, and Mrs. Dale Grogg and Mrs. Ted Nall of Santa Ana.

CHAT AND SEW MEETS

ORANGE, March 12.—Chat and Sew members were entertained recently in the home of Mrs. J. W. Powell, South Pepper street, when spring flowers were used about the rooms and refreshments served after an evening of sewing. Present other than the hostess, were Mesdames Carl Pister, Edwin Westcott, Lela Sturgis, E. C. Frevert, Enslay Campbell, Ethel Niquette, Oliver Wickersheim, Vern Estes, Earl Smith, L. R. Doncaster, Miss Edna Case, Miss Maud Sisson, Miss Mar-

PENNEY'S

J. C. PENNEY COMPANY, Incorporated

FOURTH AT BUSH SANTA ANA

27 ROTARIANS ON HONOR ROLL OF ATTENDANCE

BY MARY KNOCH

Perfect attendance records are held by 27 Santa Ana Rotary members, it was today revealed by Ralph Smedley of the Y.M.C.A. Although the periods of time, over which the perfect attendance has been kept by these 27 men, differ their names all appear on the Rotary Honor Roll.

S. H. Finley and Harvey Gardner both lead with a perfect attendance record of 17 years. Mr. Finley has attended regularly since May 1, 1920, while Mr. Gardner's record begins with Sept. 14, 1920. Mr. O. Robbins also has a record of 17 years and has been a charter member since April 1, 1920.

Frank A. Henderson, superintendent of Santa Ana schools, has had a perfect attendance record since the Orange Rotary was organized 16 years ago. Fred Rowland, mayor of Santa Ana, is at the top of the list with a record of attendance for 13 years. Then he missed twice in 1935 and has had a perfect record since August 18, 1935.

Arizona Record

Perfect attendance for six years in Arizona is on the list of perfect attendance of C. A. Warren. He was then a member of the Ontario, Calif., Rotary club where he had a record of perfect attendance for six years. He was also secretary of the Ontario Rotary club. Mr. Warren has also had perfect attendance in the Santa Ana Rotary club since last April.

A record of 12 years without missing a meeting is held by Walter Vandermast while Stanley Goode who has 11 years to his record follows close behind. Fred Merker has attended without missing since 1927 and C. V. Davis has had perfect attendance for nine years except for missing one meeting on September 8, 1935.

Four members hold perfect records for eight years. Charles Chapman has missed only once in his eight years of attendance, that being on July 21, 1935. Hugh Hougham, R. G. Tuthill and George Newcom all hold perfect records for this period of time.

E. B. Sharpley has attended regularly since February 16, 1930, while R. C. Smedley has also attended without missing for seven years.

Other Records

Three year holders are Bert Campbell whose attendance has been perfect since August 28, 1934. Lynn Crawford who has attended since November 3, 1934, excepting one meeting he missed on May 26, 1935. Guy Gilbert has attended since February 26, 1934, and O. S. McFarland has attended since July 18, 1934, with a perfect record.

C. L. McDonald has a record of perfect attendance for two and one-half years while six members have attended regularly for two years. D. K. Hammond, director and dean of Santa Ana junior college has a perfect record since July 12, 1935. Wendell Finley has attended since November 19, 1935 and Lawrence Haven began his perfect attendance January 8, 1935. Harry Hanson has a perfect record since April 6, 1935, and John Kinyon has attended regularly

OPEN AIR SHOE SHOP

Below is a photograph of D. S. Reeves standing in the entrance of his open air shoe repair shop on South Main street. He opened the shop last July.

SANTA ANA MAN OPERATES NOVEL OUTDOOR SHOE SHOP

"This contraption is of my own design," D. S. Reeves, proprietor of an open air shoe repair shop at 807 South Main street, said describing his novel shop.

"I was in the shoe repair business in Santa Ana for 17 years. I used to have a place down town right next to Tony's cafe at 306 Bush street.

"It was just a little more than two years ago that my health failed and I had to quit business," Reeves explained.

The cobbler packed his belongings together and went to Tacoma, Wash., where he got his health back. Two years of constant medical attention soon saw Reeves' bankroll dwindle.

"I lost almost everything and when I came back to Santa Ana I had exactly a dollar and eleven cents left to start all over again. I own this place here.

"I decided to go into business again and put up this canopy and mounted my machine, workbench and finish shaft on casters. At night I push this all back into the garage," Reeves continued.

Portable Equipment

He went on to explain that moving the equipment some 100 odd feet to the two-car garage takes him ten minutes. This garage is wired and may be turned into a shop when necessity demands.

"When I started out here, I had a shaft 22 feet long, but I cut it down to 11 and I'm doing the same work I did with it when it was twice as long.

"So you see from this set up, that Amos and Andy haven't a monopoly on the open air business—this open air shop is right here in Santa Ana."

Business has been good to Reeves since he opened his novel shop last July.

"Of course I ran into debt, but that's all paid off now. It costs me just two dollars a month more to run my shop than it does to run our house. One dollar extra for power, the other dollar is occupation tax."

Reeves has gotten away from the downtown overhead. He has no rent to pay and has a novel story to tell—he built up his present business since August 16, 1935. Completing this group is Milan Miller who since October 30, 1935, has had perfect attendance.

SPRING CALLS TO MOTORISTS FROM HIGHWAY

BY MARAH ADAMS

There's a flirtatious Maid beckoning at the corner of each road these days. Her name is Spring-time and catching a glimpse of her, men, women and children are willed with a restless desire to see just what Spring is doing in the hills and mountains and along the 1235 miles of roads over Orange county. And incidentally, along these roads are many beauty spots and places of interest that many persons know nothing of.

Weekends are the times when the call of spring is heard loudest and all the little cars and big cars are backed out of garages and the burning question of the hour is, "Where shall we go?"

Orange County First!

Why not see Orange county first? Not only the well known places but others a fortunate few have discovered. Not in that class, of course, is Irvine park where approximately a half million persons spend their Sundays each year. More than half the visitors, it is estimated, are from outside the county and groups from Long Beach and Los Angeles are well represented.

For the past two Easter Sundays a census has been taken as visitors entered the gate when it was found that about 15,000 arrived at the park to picnic, rest or play. The park has an area of 160 acres, the superintendent for the past six and a half years is F. F. Irwin and the playground was given to Orange county through the generosity of James Irvine.

The park may be entered either by following the road through Orange which leads to the El Modena grade or by one of the canyons to the east. Traveling along East Chapman avenue toward the park one of the sights many persons may have missed is the great banyan tree about half way between Orange and El Modena, on the south side of the road on the old Filippine place. Branches of the tree which touch the ground take root and the result is worth seeing.

On farther the green hills have the appearance of having been but recently mowed with a giant lawn mower and the flowering quinces, peach trees and delicate white of the plum trees are of transient loveliness.

Plenty To Do

There is never any question of what to do at Irvine park. Sometimes it seems almost enough to watch the shadows of the live oaks, delicately traced on the bare picnic grounds or on the grass further on. But the moment before the park is entered there is a motorcycle ring and in the park itself there are bridge parts to be followed, boating on the lake, bicycles to be mounted, playgrounds filled with equipment and the east side of the park especially to be visited.

At the present time children are enjoying wading in the creek, a pleasure they have not enjoyed to this extent for many years. Then there is the hike to the dam where a sheet of silver water in the Santiago dam and worth approximately \$375,000, shimmers in the sun.

Fern Hill

Did you ever slide down Fern hill on the side of the park near the dam? Time was when this pastime was one of the thrills of a visit to the park when the old road wound that way to Modjeska's before the dam was built.

The east side of the park is worth seeing. Picnic tables have been placed under the trees and a small trailer town is there with families living there in comfort. These past two Sundays dryads were given a vacation for there was at least one person for every tree in the park.

Then there is the monkey cage

KLEMPERER

Dr. Otto Klemperer, internationally-known conductor, below, is guest director of the Los Angeles Philharmonic orchestra of 30 musicians, scheduled to present the second major concert of the year, Tuesday evening, March 16, beginning at 8:15 o'clock, in Bridges auditorium, Claremont. Tschakowsky's "Fifth Symphony" and other great numbers will be orchestrated.

and the bird house. Last Sunday a Java sparrow had gotten into the compartment with the coo-coos and finding himself in the wrong pen, he made an intelligent effort to find his way back home, scanning every opening between the two cages.

Prefer Worms

Quail are so thick at the park that they feed with Mrs. Irwin's chickens. The Irvine park woodpeckers which fill the trunks of the live oaks with acorns are justly famous. Some might think they are storing the acorns for future meals. And in a way so they are. However, the birds do not eat the nut but wait until a worm has developed in the acorn, preferring meat to vegetables. The past season 10 coyotes and two bob cats were killed on the outskirts of the park.

Circling back to Santa Ana by the old county park road, the white cross on Olive Heights used in Easter services, is seen and carpeting the hill that leads up to the summit are thousands and thousands of wild flowers of unbelievable delicate beauty. Yellow Johnny-jump-ups, a tiny primrose, wild white forget-me-nots, and many others, which are gathered carefully it is hoped and which bring a touch of spring into many homes.

The trip is just 37 miles long from the corner of The Register and return and is well worth the taking.

MODERN WOMEN CHIDED

EAST ROCHESTER, N.H.—(UP)—Mrs. Sophia Pike, who has celebrated her 95th birthday anniversary, says the modern woman thinks she can't live unless she has an automobile, electric stove and permanent wave. Mrs. Pike wondered how many brides of today would take a wedding trip on horseback as she did.

One year from tonight we will see each star in exactly the same position that we see it tonight.

GRANT PERMIT FOR ROAD TO ABANDON LINE

Permission to abandon 2.16 miles of the Santa Ana branch of the Southern Pacific Railroad was granted today by the Interstate Commerce Commission.

In an order handed down following an application for an order abolishing the branch line, the commission authorized the railroad to tear up the road, "together with all sidings, spur tracks and appurtenances." The segment is part of the extension from West Anaheim to Santa Ana.

During the past five years, traffic over the line has been negligible, with only four cars being handled on the branch in 1935.

The commission, in making the order, said: "It is apparent from the record that train service on the segment in question had been discontinued in favor of an adjacent route, and that the State of California has taken possession of the right-of-way for highway purposes." No public need was found to exist for the segment, while continued operation "would have imposed an unnecessary and undue burden upon interstate commerce."

The order becomes effective in five days.

Clinton Lee, Santa and Anaheim asked sheriff's officers today to help him locate \$100 worth of tools he had parked in his automobile when arrested some time ago on a drunk driving charge. The officers checked and learned that both the automobile and the tools had been sold by an insurance company for salvage. The sale was made while Lee was in county jail, officers reported.

A suspicious character who said he was representing Sheriff Logan Jackson, tried to enter the home of Ben Lemke, resident of Santa Ana canyon two miles above Olive, shortly after midnight last night. Lemke told sheriff's officers. Lemke chased the man, who escaped in a car, but was unable to catch him. The man was described as five feet nine inches tall, weighing 175 pounds and wearing black pin-striped suit. The man may have been a would-be robber, Lemke believed.

It was someone more or less forgetful rather than a burglar who left the lights on at Willard school last night, city police reported after investigation.

A boy with a noisy car was disturbing the peace late last night on Birch between Second and Third streets, police were informed. They found a youth with a T-model Ford he was having trouble to start.

Two frightened little girls sent police on an investigation yesterday. Earl Lentz of the city license department reported the girls were frightened by a deaf mute who was begging along the streets. Officers sent the deaf mute, William Rogani, Oakland, on his way.

"Echoes" of our recent citrus

SPEAKS HERE

Inside "dope" on the operations of the New York Stock Exchange will be given to members of the Santa Ana Rotary Club in regular noon luncheon session when Jason Westerfield, (below) representative of the organization, gives the principal address.

Police News

H. D. McIlvain, 2448 Riverside drive, Santa Ana, who reported a Mexican escaped with an automobile parked at his place about 3:40 p. m. yesterday, told sheriff's officers about 9 p. m., that the car had been recovered.

Smudge were localized in the neighborhood of the E. T. O. auto laundry, 1015 West Fifth, yesterday, according to complaint of neighbors. They said smudge created by burners at the place was creating a nuisance. Laundry operators said they would watch the burners more closely to avoid the smudge.

Two bicycles, Traveler and Pullman, were recovered at the high school yesterday and impounded for safe keeping, by city police. Owners are being sought.

Police today were attempting to locate \$20 worth of tools stolen from A. J. Midek of Rice's Wrecking yard, recently. The loot taken included ignition wrench, ignition pliers, micrometer and pin reamers, Midek reported.

Alex Ross, 825 North Parton, reported loss of a \$15 leather jacket from his parked car in the 700 block, East Chestnut, last night. Thieves stole the article, he told police.

An unsuccessful attempt to steal from the J. H. Iman home, 1018 West Camille, was made, Mrs. Iman reported to police yesterday. Although a burglar entered the home unhooking a screen and crawling through a window, and ransacked the place, nothing was missing, Mrs. Iman reported.

ROTARY CLUB TO HEAR TALK ON BIG MART

Jason Westerfield, nationally-known representative of the New York Stock Exchange, will be the principal speaker before the Santa Ana Rotary club in regular noon luncheon session in the Masonic Temple next Tuesday.

This was the announcement today of Milan Miller, who for many weeks has served as program chairman for the local organization.

Westerfield has been associated with the New York Stock Exchange for the last 20 years and his intimate contacts with all departments of the exchange qualify him to speak with authority about its operations and functions and the position of the stock exchange occupies in the economic life of the nation.

Westerfield is a graduating engineer, and for many years he was identified with the automotive and aviation industries. Long experience in both industry and finance stand him in good stead to show the relationship between the production and distribution of goods, and the functioning of the machinery of finance.

Before the real Wall Street, and the way in which its ministers to the industrial needs of the country, can be understood, he says, it is necessary to get rid of the many prejudices against the capitalist system implanted by professional agitators. Westerfield stresses this point by exposing the fallacies underlying much of the criticism of the Gotham exchange.

"The Exchange From Within" is the formal title of his address.

Pull daylight is about 600,000 times brighter than full moonlight.

FOURTH AT BROADWAY — SANTA ANA

SOCIETY AND CLUBS

WOMEN'S ACTIVITIES

D. U. V. Past Leaders
Plan April Birthday
Celebration

Past Presidents' club of Santa Ana will celebrate its birthday anniversary April 8 with Mrs. Good Adams as hostess chairman. Half of the membership will entertain the other half at that time, it was announced.

Plans for the celebration were made yesterday afternoon at a meeting in the home of Miss Minnie Cowan, 214 South Sycamore street. Mrs. May Thomas was co-hostess.

Refreshments suggesting St. Patrick's theme were served at the close of the afternoon. Assisting the hostesses were Miss Cowan's sister, Miss Adda Cowan.

Mrs. Ann Nichols, D.U.V. past department president of Fargo, N. D., who is spending several months in Anaheim, was present as a guest. Other guests were Mrs. Beren Baker, president of Santa Ana Rounds tent, and Miss Adda Cowan.

Others in the group with Mrs. Thomas and Miss Minnie Cowan were Mesdames Elizabeth Adams, Eva Bell, Carrie Smith, Margaret Robertson, Louise Leach, Esther Gardner, Nellie Parker, Lena Hewitt, Addie Gardner, Luella Hill.

U. D. C. Members Go
To Anaheim For
Meeting

Discussion of plans for a costume party to be held soon interested members of Emma Sansom chapter United Daughters of the Confederacy when they held a monthly meeting yesterday afternoon in the home of Mrs. Jessie Luchsinger, Anaheim.

Mrs. Clara Dugan, chairman of the finance committee, revealed plans for the costume party, the date of which has not yet been determined.

Mrs. J. W. Taylor, president, was in charge of business matters.

Mrs. Walter Gist of Ontario provided a fascinating program, telling of recent travels to Mexico, where she spent Christmas day in Mexico City. She displayed a number of hand-made articles representing the work of native Mexicans in various parts of the neighboring country.

Hostesses with Mrs. Luchsinger were Mesdames J. W. Taylor, Alice Turner and William Bates. They served ice cream and cakes of St. Patrick's design at the close of the afternoon. Adding to the enjoyment of the occasion, Albert Bresky of Cleveland, Ohio, a visitor in Garden Grove, played several piano numbers.

Present were Mesdames T. J. Houghton, E. L. Rogers, Lillie Hamilton, Lea Shropshire, J. W. Taylor, Ray Steadman, C. E. Price, R. A. Samuels, Clara Dugan, Fay Gardner, Guy Miller, Lillian Pritchett, and Miss Percie Head, this city; Mrs. Walter Gist, Ontario; Mrs. C. C. Violet, Garden Grove; Mrs. William Bates, Yorba Linda; with a guest, Mrs. H. R. Hendrie of this city.

Local Corps Members
Receive
National Appointments

Four members of Sedgwick W.R.C. have received appointments as national aides, it was announced Wednesday afternoon when the corps met in M.W.A. hall. New aides are Mesdames Lula Hall, Meta Caldwell, Media Brayton and Estelle Grey.

Mrs. Hattie Cozad conducted the meeting, during which it was announced that 107 calls had been made; flowers to the amount of \$32.25 distributed since the previous meeting. New recruits were received this week by the corps, it was announced.

Mrs. Geraldine Beall gave a reading, "When Friends Call." Mrs. Lena Hewitt, patriotic instructor, read an article from the National Tribune, which told of the last G.A.R. post in Nevada surrendering its charter.

Department aides revealed plans for a tea and cooked food sale which will follow the corps' next regular meeting March 24 at 2 P. M. in the hall. Plans were made for a public card party to be held Saturday evening, March 20, at 8 o'clock in M.W.A. hall.

'My Story' Bride
Now First Lady

"My own dress was heavy stuff satin with shirred tulle in the neck and long sleeves," wrote Mrs. Franklin D. Roosevelt in her autobiography, "This Is My Story." Here is a picture taken of the president's wife in that costume on that wedding day, March 17, 1905. Her Uncle Theodore, then president, gave the bride away.

Wilson Board Extends
Hospitality to
Faculty

Extending a pleasant hospitality to faculty members of Woodrow Wilson school, executive board members of Wilson P.T.A. entertained with a theater party Wednesday night at the Broadway. From there the group continued to the home of Mrs. Clifford Cole, 1314 North Bristol street.

Mrs. Cole had arranged a pleasant setting for the event, decorating rooms with bright-hued flowers. Cakes and coffee were served at the close of an evening of games.

Faculty members present were Berthie Barclay, Evelyn Blanding, Frances Carson, Sophie Hopland, Bonnie Kiser, Lillian McDonald and Florence Mesamer. Executive board members in the group were Mesdames Clifford Cole, Harry Becker, Carl Edgar, Marcus Lancaster, Winfield Russell, J. C. Francis, R. A. Weisgerber, Stanley Main, Forrest White, Frank Andrews, Fred Thompson, Don Hilliard and Clyde Patton.

Sigma Theta Members
Are Entertained

It was a very pleasant hospitality which Miss Valerie Demetriou extended her sorority sisters in Sigma Theta Wednesday evening in the Demetriou home, 1638 East Fourth street, with due attention paid the current St. Patrick theme of so many social gatherings.

There was the customary business session conducted by the sorority president, Miss Virginia Curry, followed by a bridge session in which first and second high scores made by Miss Roberta McKnight, and Miss Dorothy Van Deussen won the prizes. The Irish theme was uppermost in the succeeding interval as Miss Demetriou served a tempting refreshment course.

One pledge, Miss Alma McClain, and three guests, the Misses Erline Farmer, Dorothy Van Deussen and Lois Murray, shared the party plans of the hostess with Mesdames George Preble, Joseph B. Irwin, Walter Mellett, Van Pomeroy, Albert Heim, the Misses Betty Wiswall, Ruth Baker, Virginia Curry, JoAnn Baker, Roberta McKnight, Janice Marguerat, Gladys Marguerat, Margaret Thomas, Winnie Skeels, Dee Pettit, Helen LeGakes, Margaret Guard and Helen Andrews, chapter members.

Home accidents exceed those of industry, and it is more dangerous to take a bath than to ride on a train, according to statistics.

Santa Ana Altrusans
Plan Two District
Programs

Faced with the necessity of providing two special programs for the entertainment of Altrusa club members of the district, Santa Ana Altrusans last night outlined plans at a business meeting in connection with an enchilada dinner which they enjoyed. For the event they motored to Fullerton to dine on the spicy Spanish fare at the little home cafe of Caroline Meyers on West Commonwealth avenue.

Business discussion was led by the president, Mrs. Cora Prather, who outlined plans for Altrusa International convention to be held in Mexico City late in June. The two programs for which Santa Ana club will be sponsor, will be on a Mexican theme. The first of these will be next Tuesday night when Long Beach club will entertain the district at 6:30 o'clock dinner in Wilmore hotel, Third and Cedar streets, Long Beach.

Saturday night, May 1 was selected as the date when district Altrusans will be invited to Santa Ana, and again the Mexican theme will prevail. Miss Mary Howard and Mrs. C. E. Moore were named as a committee to plan for some money-raising feature in connection with the dinner, to aid in sending the local club delegate to the convention city. Miss Mary Andrews, Miss Grace Elizabeth Lansing and Miss Dewey Neumeyer will work with Mrs. Emmett Elliott on the entertainment committee.

Members who plan to attend the Long Beach dinner Tuesday night must make reservations immediately through Mrs. Prather, telephone 107.

Church Societies

Faholo Class

Faholo class of First Baptist church met Monday evening in the home of Mrs. James Richards, 721 South Birch street. Miss Ruth Cole and Mrs. A. T. Nichols were co-hostesses with Mrs. Richards.

Miss Laura Joiner sang a solo and read a poem, with the Easter season as the topic. She was accompanied by Miss Beulah Parker. Miss Joiner also led devotionals.

Members present included Mesdames W. E. Dennis, L. G. Rowell, E. T. Toles, L. E. Coffman, J. C. Johnson, A. H. Jones, J. W. Brown, Roscoe Moore, L. M. Young, R. B. Morris, Fred Watkins, Clyde Cave, Paul Jones, the Misses Vera Cord, Beulah Parker, Laura Joiner, Irene Catland, Irene Cravath, Ella Verze, Mrs. P. J. Reifel, assistant teacher Ruth Sanford, Mildred Marchant, of the class, and the hostess trio.

J. O. C. Class

J. O. C. class of First Baptist church met Wednesday for a monthly party in the home of Mrs. W. B. Lockett, 2036 North Broadway. Co-hostesses were Mrs. Lydia Ema, Mrs. L. R. Stearns, Miss Nell Clingan, and Dr. Grace Comer of Laguna Beach.

St. Patrick's day theme was much in evidence in decorations, entertainment during the evening, and refreshments served by the hostess group at the close. Those present in addition to the five hostesses included the Misses Grace Roberts, Betty McGruder, Jennie Griggs, Lula Minter, Effie White, Gertrude Minor, Edith Watkins, Mabel Cole, the Mesdames Cora Morrison, E. A. Bell, C. H. Powers, R. A. Giboney, May Borum, Carl Ward, M. M. Holmes, Albert Hill, Charles Nalle, W. H. Harrison, E. A. Baird, A. C. Munsel, Eugene McBurney, W. H. Lowe, W. F. Miller, P. G. Kilburn, Florence Thatcher, Earle Morris, and one guest, Mrs. Sara Rohrman of Los Angeles.

Then there were Mrs. Ada Bradford Hellis, Miss Gertrude Hellis and Mr. and Mrs. W. Bradford Hellis with their young daughters, Rosemary and Virginia, the Roy Brownings, the Braden Finches and little daughter Frances. Mrs. Marjorie Joplin, all representing ties of relationship; the James Willis Rices and their son, Harvey Rice, Mr. and Mrs. Walter Rice of Cleveland, Ohio; Mr. and Mrs. Sherman Stevens with Mr. and Mrs. Horace Stevens and young daughter, Ruth Joyce Stevens; Mr. and Mrs. Volney Tubbs and Miss Louise Tubbs; and scores of other equally close friends gained through social, professional and civic associations of a life time. Many came from a distance, including Miss Jean Humphreys, Mrs. Kraft, Miss Marian Kraft and Mr. and Mrs. William Honnold of Los Angeles. William Honnold is an internationally famous engineer, long associated with

Dean Of County Physicians
Offered Homage By Friends

For nearly half a century in the history of Santa Ana and its vicinity, Dr. J. P. Boyd and his sister, Miss Rosa Boyd, have played prominent part in professional, civic and social life of the community through the period of its richest development. This being the case it was a natural sequence that yesterday when Dr. Boyd's 83rd birthday anniversary was observed in their home in Laguna Beach, the occasion should arouse a deep and tender interest in the hearts of scores of warm friends.

For 40 years or more, the Boyd family home at Eighth and Main streets, was a center of hospitality in Santa Ana life, and Dr. Boyd went from it to the homes of all the community's leading families, caring for the ill, treating the injured, and ushering untold numbers of infants into the world. Yesterday when these families sped to the coast Village to tender their good wishes on the anniversary, there were several cases where Dr. Boyd had been closely associated with them through three and four generations.

Back From Redlands

It will be remembered that the family home was changed to Redlands two years ago for the benefit of Dr. Boyd's health. Now he and his sister are again in Orange county, and have taken a delightful place on Blumont street in Our Village. Its windows command a panorama of the village itself and the gracious coastline with uninterrupted view of the sea and distant Catalina Island. Its patio has the background of the soaring hills, so there is beauty on every side.

There guests congregated yesterday, laden with their happy wishes, their quite as happy memories, their tributes of flowers, books, magazine subscriptions, and innumerable birthday cakes. One especially lovely gift was a tall camellia ready to be transplanted to a favorite garden nook, and already starred with delicate pink blooms.

Miss Boyd donned a formal afternoon gown of deep blue velvet for the occasion, and the close friends who assisted her were equally charmingly gowned. They included those who presided at the tea table at various intervals. Mrs. W. Bradford Hellis, Mrs. Roy Browning, Mrs. V. W. Weaver (Escondido), Mrs. Terry E. Stephenson and Mrs. Braden Finch.

The tea table itself was well placed at the end of the long living room. Spread with handsome Italian lace, it sparkled with yellow candles matching the daffodils that were grouped with pale lavender hyacinths. Similar flowers were everywhere about the home, all of them gracious tribute from friends.

Other Birthdays

Several of the guests were called upon to share birthday honors with the host, among them his namesake, James Boyd Utt, former state assemblyman; Mrs. Clarence Crookshank, and Mrs. J. R. Porter, whose anniversary is actually a day later, but who provided one of the several birthday cakes and was called upon to receive anniversary wishes.

Among close friends of years' standing, might be mentioned the C. E. Utt family, one of those reclusive Dr. Boyd's care during four generations. With Mr. and Mrs. Utt were the V. W. Weavers of Escondido, the James B. Utts and the Leland Finleys. Mr. and Mrs. Terry Stephenson were others who have figured in the Boyd family history through four generations, beginning with Mrs. Stephensons grandparents, and including the Terry Stephensons Jr., who with Mr. and Mrs. Edmund West and Dr. and Mrs. Elliott Rowland formed another family group. Terry Stephenson Jr. is the godson of Dr. and Miss Boyd.

Then there were Mrs. Ada Bradford Hellis, Miss Gertrude Hellis and Mr. and Mrs. W. Bradford Hellis with their young daughters, Rosemary and Virginia, the Roy Brownings, the Braden Finches and little daughter Frances. Mrs. Marjorie Joplin, all representing ties of relationship; the James Willis Rices and their son, Harvey Rice, Mr. and Mrs. Walter Rice of Cleveland, Ohio; Mr. and Mrs. Sherman Stevens with Mr. and Mrs. Horace Stevens and young daughter, Ruth Joyce Stevens; Mr. and Mrs. Volney Tubbs and Miss Louise Tubbs; and scores of other equally close friends gained through social, professional and civic associations of a life time. Many came from a distance, including Miss Jean Humphreys, Mrs. Kraft, Miss Marian Kraft and Mr. and Mrs. William Honnold of Los Angeles. Ebell Garden Section
Invites Guests
To Program Thursday

Ebell Garden section has planned a special program to follow its March luncheon next Thursday in the clubhouse, where Theodore Payne, of Los Angeles, authority on California wildflowers, will be speaker at an open session.

Luncheon at 12:30 o'clock will be served to members. Those unable to attend are asked to notify the hostess chairman of the day, Mrs. P. E. Nickey. A feature of the luncheon interval will be a talk by Mrs. J. E. Paul on "New and Rare Plants."

Mrs. Payne's talk is scheduled for 1:40 o'clock, and it is for this interval that guests are invited. Members of other garden clubs of the community, and others interested in gardening are invited to hear Mrs. Payne's address. "Flowers and Plants for California Gardens" will be his general subject.

Announcements

Musical Arts club will meet Tuesday at noon in the Doris Kathryn, Calvin Flint, dean of men at junior college, will give a talk. There will be vocal solos by Mrs. Ewald Wagner.

Better Gardens club will meet Thursday at 7:30 p. m. in J. Russell Bruffy's laboratory at junior college. Mrs. Bruffy will give a talk on diatoms, microscopic plants. Following the program the group will go to the home of Miss Lana Brokaw, 416 West Pine street, for a social hour.

De Molay Mothers circle will meet Tuesday at 7:30 p. m. in Masonic temple. Refreshments will be served to De Molays. An announcement was made today that matters of special interest will be considered at the circle meeting, and that new members of the group are urged to attend.

First Congregational World Study department will meet Wednesday at 2 p. m. at Bowers Memorial museum on North Main street to view the current exhibit of dolls of all nations. The group will go to the home of Mrs. P. F. Schrock, 205 West Twentieth street, for a business meeting and a refreshment interval. On the committee will be Mrs. P. F. Nickey, Mrs. L. J. Gass and Miss Mary Kintigh.

You and Your Friends

Mr. and Mrs. F. F. Mead, 2119 North Main street, are spending a few weeks at Lake Elsinore, where their son and daughter-in-law, Mr. and Mrs. Frank Mead Jr. and their family of Orange are located for several months.

The Rev. Mr. and Mrs. C. M. Aker, 912 Garfield street, left last night for Phoenix, Ariz., called by the critical illness of their granddaughter, Joan Aker, who was taken ill with scarlet fever some time ago. The Santa Anans expected to arrive in Phoenix this morning.

The Rev. Mr. Aker is pastor of Spurgeon Memorial church.

Mr. and Mrs. John P. Amacher, proprietors of Alpine lodge at Canyonville, Oregon, visited yesterday with Mr. and Mrs. George E. Hart and son, 802 Lowell street, while en route to San Diego on a tour of Southern California.

Mr. and Mrs. Orlin B. Robertson have moved from 2325 Riverside Drive to their newly acquired home at 2319 Riverside Drive. The new location affords among other desirable things, increased garden space for the flowers, especially dahlias, in whose culture the family is so interested.

Torosa Rebekahs

Torosa Rebekah lodge met Wednesday evening in I.O.O.F. hall for a semi-monthly affair over which Noble Grand Irene Lancaster presided.

Music for dancing was provided by the Trio from Arkansas, composed of Messrs. W. A. Henry, James and Widbey.

Mrs. Gladys McDonald was in charge of the refreshment interval, when ice cream, cake and coffee were served in the banquet room. Decorations were in keeping with St. Patrick's theme.

Works of Chesterton
Provide Theme
For Society Program

"Life and Works of Gilbert K. Chesterton" was the subject for an interesting program which Mrs. Edith Thatcher provided for members of St. Joseph Altar society yesterday afternoon in the home of Mrs. Charles V. Davis, 1615 North Broadway.

Mrs. Thatcher gave an informative talk which was rounded out by the reading of several of Chesterton's poems, some of which were humorous and others in serious vein.

On the hostess committee with Mrs. Davis were Mesdames B. B. Walbridge, Nannie Lester and Ralph Mosher.

Mrs. J. P. Murphy conducted business matters in the absence of the president, Mrs. F. F. Mead. Plans were made for a cooked food sale to be held Saturday, April 2, in the Grand Central market. March and April committees, headed by Mrs. R. G. Tutill and Mrs. Carl Heim will be in charge of the event.

Bridge Play Follows
Amber Circle Luncheon

Luncheon followed by bridge or sewing was enjoyed by 65 members and guests of Amber circle yesterday afternoon in Masonic temple, where decorative details conformed to the prevailing St. Patrick's theme. Bouquets of acacia blossoms gave a touch of yellow to appointments.

Hostesses were Mesdames Edith Hancock, Helen Hildreth, Florence D. Hawkinson, Elizabeth Fairfield, Ruth Tiffany, Lena Hoyt, Ida May Goodwin and Goldie Brothers.

Mrs. Frances Brooks and Mrs. John Rindard won prizes for their high and low scores in auction bridge. Mrs. Bertha Berry and Mrs. Edith Wilson received prizes in contract, and Mrs. Haber won guest award. Sewing prize went to Mrs. Lena Hoyt.

Guests were Mrs. Haber and Mesdames Martha Leithold, Margaret Lowe and A. J. Hunter.

EASTER MOTIF USED

Easter rabbits and nests of colored eggs centered tables very effectively last night when Mrs. Lyman Nelson served refreshments to conclude an evening of bridge play in her home, 537 Virginia street.

Mrs. John Criddle scored high and Mrs. Stanley Palmer, second high in the evening's bridge play, each receiving appropriate reward.

The April meeting of the group will be with Mrs. Frank Bigelow, 1218 South Birch street.

Mrs. Nelson entertained one guest, Mrs. Roy Yoder, in addition to members of her club group. Mesdames John Criddle, Stanley Palmer, Ralph Cole, James Merilgold, Frank Bigelow and Russell Palmer.

CROCHETED AFGHAN PATTERN 1435

An afghan that will win a popularity contest everywhere—this colorful throw that's a combination of simple blocks that roll off your hook in quick succession! You'll find the fan motif a feast for the eyes worked in a gay variety of colors. Another feature is that it's reversible and that's most practical. Pattern 1435 contains complete directions for making the afghan; material requirements; illustrations of the block and of all stitches used; color suggestions.

Send 10 cents in stamps or coin for this pattern to Register Needlework department, Third and Sycamore streets. Write plainly PATTERN NUMBER, your NAME and ADDRESS.

Club To Celebrate Eleventh Birthday Tuesday

Wrycende Maedenu club's 11th birthday anniversary will be celebrated Tuesday evening at the Doris Kathryn, where dinner will be served at 7 o'clock as the opening feature of a varied program.

All former members of the club are invited to join with the present membership in celebrating the event. Reservations should be made by Saturday with Roma Mayes, telephone 3262; or Virginia Fritchler 3232.

Mrs. Theron Clark (Nancy Elder) of Los Angeles, former Y.W.C.A. secretary in Santa Ana, will be present as honor guest. Miss Rowena Newcomb, junior past president, will be toastmistress. Toasts will be given by Hattie Bell Wall, Rosamond Hannah Church and Katherine Spicer. Music will be provided by the Vi-sel studio.

Following dinner will be a bridge party, with Leone Baxter in charge of this feature. Miss Mayes is

general chairman of the party. Carolyn Thomson is in charge of decorations; Marie Smith, entertainment; Genevieve Hanson, Orlin Olson, programs. Others assisting are Inogene McCauley and Louise Sartor.

You and Your Friends

Mrs. Russell Daley and son, Micky, former residents of this city, returned yesterday to their home in Calexico after a few days visit with Mrs. Daley's mother, Mrs. Ray Heim.

Returning yesterday to her home in Los Angeles after a visit in this city, Mrs. Ella Miller was accompanied by her sister, Mrs. Maude A. Miller, 731 South Birch street, who will be her guest until Sunday. At that time Dr. and Mrs. J. M. Raugh of the South Birch street address will motor to Los Angeles, to be accompanied home by Mrs. Miller.

Mrs. Nell E. Adams, 4101-2 East Sixth street, with her tiny daughter, Noel, born March 1 in St. Joseph hospital, are spending several days with Mr. and Mrs. Ralph Adams, 618 East Myrtle street, uncle and aunt of the new baby. Mrs. Adams and Noel arrived yesterday from the hospital, and expect to join their husband and father sometime next week.

Mr. and Mrs. Frances Norton, 805 South Parton street, were in Los Angeles recently to attend "The Green Light."

Mr. and Mrs. Harry Pickard, 530 South Van Ness avenue, have as guests, Miss Emma Feenan and her brother, Edward Feenan of Omaha, Neb. The visitors, who came to Orange county earlier in the season, have since enjoyed trips to Boulder Dam, San Francisco and other points of interest. They plan to make an extended stay in the southland.

Mrs. Walter Hiskey of South McCloy street, was in San Bernardino last night in her official capacity as deputy to Lugonia Parlor Native Daughters of that city, instructing the members in preparation for the visit on March 24 of the grand president.

Moonlight is only reflected sunlight.

HOMER GANFIELD'S COLUMN

Four Senators Oppose President's Plan

"The world will little note, nor long remember what we here—"

By HOMER GANFIELD

Hollywood, March 12—

UNDER THE AUSPICES OF AN organization known as the Citizens' Supreme Court Protection Committee, four senators will speak or an hour tonight opposing the president's federal court reorganization plan.

The broadcast will come from Carnegie Hall, New York City. Senators Royal S. Copeland, Walter P. George, Edward R. Burke, David I. Walsh, all Democrats, are to discuss the general subject, "The Preservation of the Constitution." (KECA, 6.)

If you've been following political broadcasts closely, you'll want to sit in on what youth has to say tomorrow morning on the subject, "Resolved: That congress be empowered to fix maximum hours and minimum wages for industry." Representatives of the Universities of Pittsburgh and Washington are the debaters. (KFI, 11).

The chief speaker on the Girl Scouts' twenty-fifth anniversary program is Mrs. Herbert Hoover, representing the Girl Scouts of America. Also appearing will be Kathleen Norris, famous writer; Elisabeth Rethberg, soprano; Mario Chamlee (where has he been?), tenor, and Erno Valasek, 16-year-old violinist. (KECA, 7.)

told in haste

WHILE I WAS WRITING THE above, a telegram from Ray Buffman, publicist, came trotting up to the desk. It says:

DEAR HOMER ABOUT FIVE MINUTES AGO CIGNOY CROONER NICK FORAN WAS SIGNED FOR A FEW MINUTES ONLY. BURNS AND ALLEN NBC PROGRAM STOP WHAT A CAST STOP RAY NOBLE'S BAND GEORGE AND GRACE AND A CONVOY COMPLETE WITH HORSE STOP THE SIGNING OF FORAN GIVES THE PROGRAM A SERIAL FOR BRAND NEW COMEDY SITUATIONS AND A SINGING PERSONALITY THAT WILL BE A RADIO SENSATION STOP YOU CAN TELL YOUR PUBLIC THAT THE NEW BURNS AND ALLEN SHOW IS GOING TO BE BIGGER AND FUNNIER THAN EVER STOP IS THIS WORTH A LEAD STORY QUESTION MARK.

Well, Buffman, I'd say it was. Anything concerning Burns and Allen seems to be worth passing on to our customers. You see, they're a swell bunch and you're pretty fond of George and Grace.

For the benefit of those who were out of class and missed several of our lectures in the past month, allow me to run the risk of boring the rest of you with a rehash of the new setup.

At the end of this month, Burns and Allen switch sponsors and networks, with a two weeks' layoff devoted to guest appearances and a Lux Radio Theater episode.

Incidentally, the two are on Hollywood Hotel tonight. (KNX, 6)

Their present sponsor falls heir to Ken Murray and his "Oh Yeah!" stogie. Oswald. They left New York today Hollywood-bound. Shirley Ross, who has been registering a nice job of singing over at Paramount and is a former Gus Arnheim vocalist, will also be featured.

As exclusively told in this column as far back as January 9, Lud Gluskin, west coast musical director for CBS, will do the music. This show starts March 31, with Burns and Allen getting under way April 12.

program notes

DONALD DUCK, NEARLY everyone's favorite actor, will be brought to the microphone by Walt Disney during an interview with Elza Schallert (KECA, 7:45)

Dr. Alfred Hertz will direct the Central California Symphony in a half-hour program (KEHE, 8:30)

In addition to Burns and Allen, Loretta Young and Tyrone Power are the Hollywood Hotel guests (KNX, 6) ... John Held Jr., takes his traveling microphone to the campus of the state university of Iowa (KFI, 7:30) ... Ray Thompson and her Rhythm Singers will do "Drums in My Heart" (KNX, 8:30) ... Phil Hanna, one of the Three Cheers, gets a solo break on Carefree Carnival (KFI, 9) ...

Shortwave Highlights

Make This Model At Home

SLENDERIZING "AT HOME" FROCK SEES MATRON THROUGH THE DAY

PATTERN BY ANNE ADAMS

Say goodbye to the "house frock" of yesterday, for this 1937 model is smart enough to serve as an afternoon frock, too! Indeed, in one of the dresser materials you'll wear it for informal visits, shopping, and innumerable gay occasions! Are you a bit on the "weighty" side? Then your problems are over, for this delightful style will make you look reed-slim. Flattery is spelled by its trim collar and low neck, with a panned front and slightly flared skirt adding to the smart effect. So easily made is Pattern 4213, that you'll have it finished in no time. You'll like this frock in tub cottons for house wear.

Pattern 4213 is available in sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 3 3/4 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps to Register Pattern department for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER.

EVERY WOMAN needs our NEW ANNE ADAMS PATTERN BOOK! Order it today and marvel at the glorious collection of Spring fashion "hits"—glamour-giving afternoon and evening frocks—delightful all-purpose styles for kiddies and all-important "Teens!" You'll revel in slimming models, exult in gay sports togs, and thrill to the simplicity of the easiest pattern ever. BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. TWENTY-FIVE CENTS FOR BOTH WHEN ORDERED TOGETHER.

Three Adams 4213

The Mixing Bowl

By ANN MEREDITH

This contributed recipe, named "A Lenten Dish," has special appeal through these weeks. This is the recipe:

- 1-2 cups cooked spaghetti
- 2 cups hot milk
- 1 cup (heaped) grated cheese
- 2 tablespoons butter
- 4 tablespoons of flour, blended
- Salt and pepper to taste
- 4 eggs
- 1-2 cup buttered crumbs.

Blend butter and flour, cook with milk to make a cream sauce, add cheese and stir until melted. Combine with cooked spaghetti, turn into a shallow buttered baking dish. With a big spoon make a deep depression in spaghetti, drop a raw egg into each hole. Scatter crumbs over top. Bake in medium oven until crumbs are browned and eggs done to your liking. The number of eggs determine the portions. More may be added to this quantity of spaghetti.

If you are in need of an efficient safe reducing diet that will take off a few pounds of fat in a hurry, just write me for our Safe and Sane diet, enclosing a stamped, self-addressed envelope.

TODAY'S RECIPE

String Bean Salad

- 1 large can of green string beans
- 1 small onion, chopped fine
- 2 celery hearts, chopped

Dressing

- Blend 1 teaspoon each, sugar, flour, dry mustard
- Pinch of salt and cayenne
- 3 egg yolks
- 2 tablespoons butter
- 1 cup weak vinegar

Blend dry ingredients with egg yolks, beat well, add hot vinegar and cook with butter until thick and smooth (beat constantly). Take off fire and cool. Beat in 1 stiffly whipped egg white and a little evaporated milk.

In making the salad proper, drain and wash the beans, then with a sharp knife cut each bean lengthwise. Combine with other ingredi-

ents, mix with salad dressing, pile on lettuce and garnish with sliced eggs and rings of crisp red radishes.

Hamburg Steak a la Tartare

- 1 pound chopped round steak, mixed with

- 1 large onion and a good sized piece of suet ground fine
- 1-4 cup toasted crumbs
- Salt and pepper
- Butter for frying.

Use your hands to blend the chopped steak with ground onion and suet. Season nicely, shape into flat cakes, dip each cake into milk, then coat with crumbs and fry brown in hot butter.

Serve on a hot platter with brown tomato gravy and lots of chopped parsley. Add a little lemon juice to the gravy just before pouring around the steak patties.

To brighten copperware: Fold a flannel cloth into a pad, wet it with hot water, cover pad thickly with powdered BORAX. Let stand until borax soaks with water, then rub the copper article and see how fast the dullness disappears.

Saturday: Eat and Grow Slim Menus for three meals.

ANN MEREDITH.

D. A. V. Auxiliary

Members of Jack Fisher auxiliary D.A.V. worked on blocks for a quilt when they held a sewing meeting Wednesday in the home of Mrs. Olga Wood, 810 South Parton street. Covered-dish luncheon was served at noon.

Present were Mesdames John Cleary, Frances Thatcher, Charles Spurrier, Edwin Redford, M. D. Crawford, W. L. Hutchinson, B. L. Lange, James Wylie, Harry Pickard, with a guest, Miss Emma Feenan of Omaha, Neb.

Plans were completed for the next regular meeting of the auxiliary March 17 at 8 p. m. in the hall, when Mrs. Rose Wentworth, state commander, will make her official visit. There will be a program and refreshments will be served that evening.

Bridge Play Succeeds Dessert Course For Party Guests

Ireland's famous patron saint would have found himself in his element yesterday in the Clarence Sackerson home at 1701 South Van Ness avenue, for flowers, candles and party favors were definitely on the St. Patrick theme when Mrs. Sackerson was joined by Mesdames Ray T. Brown, A. B. Muller and M. W. Hall in entertaining the S.E.A. Women's club, a county-wide organization.

Tables spread with pretty linens, were ready for serving a dessert course soon after guests arrived. Each table was lighted by candles rising from green shamrocks, while shamrocks also garlanded the amusing marshmallow Irish collages that served as favors.

In bridge play of the afternoon, Mrs. Olin K. Stutiff took high prize; Mrs. Harold Farmer was consoled; Mrs. Andrea Nelson secured the traveling award and Mrs. J. F. McNeese, the door prize. Bridge play for the April meeting to be held with Mrs. H. T. Menzies, 1716 West Seventeenth street, will be for white elephant gifts to which each member will bring her own special white elephant.

Yesterday in addition to the hostess group were several out-of-town members, Mrs. D. H. Campbell and Mrs. Mabel Davidson of Whittier; Mrs. Leslie Herron, Anaheim; Mrs. Glenn Tramel, Balboa; Mrs. M. E. Brown, Fullerton; with Mesdames R. A. Weaver, G. W. Seer, C. A. Nelson, Olin K. Stutiff, J. C. Campbell, H. S. Wright, Harold Farmer, A. C. W. Stokes, H. T. Menzies, E. A. B. Smith, and P. G. Kilburn.

LATE NEWS OF ORANGE AND VICINITY

PRESENT CONCLAVE FINDINGS

VILLA PARK, Mar. 12.—E. E. Campbell's talk at the recent economic conference held in Santa Ana and the training school held at Tustin, and Holmes Bishop's address on labor unrest and conditions in California, were highlights of the Foothill Farm Center meeting last night at the Villa Park hall. W. C. Armstrong presided and an informal discussion period followed. Thomas Hight was program chairman.

Campbell reviewed the most important findings of the economic conference. A favorable report was made on profitable raising of livestock and poultry in the county as production is less than the supply.

Campbell stated that saline solutions found in some of the wells of the county must be watched closely, since some are of the opinion that the flow may be from the ocean and others think that it may be from oil wells. He also said he had been informed that a flow of water in a number of wells of the county, which had not flowed in recent years, had been noted since the winter rains. All water in Orange county should be conserved and other sources of supply should be sought, Campbell said.

Bishop gave a comprehensive review of labor conditions in the state. He explained that the demand varies as follows: about 1000 men in December; 1500 in January, February and March; while the peak is reached in September with a demand for 5000. The important thing, he said, is not wages but employment the year around.

Bishop decried an insufficient wage for laborers but stated that wages must be based upon the ability of the employer to pay. Wages in the orange industry, he said, are approximately as high as before the drop in the price of oranges while growers are getting about half the price. He outlined activities of Communists in attempts to control labor unions. He advised the employment of the small farmer to help at peak seasons of work.

A program was given by the

Anahelm Farm Center under the direction of Lyman Harpster. Several Irish and old time songs were sung while members of a chorus were dressed in St. Patrick's costumes. Chorus members were Mr. and Mrs. Harpster, Mesdames George Lyons, Ruth Bonney, Mr. and Mrs. R. L. Chandler, Mr. and Mrs. A. E. Christensen, Mr. and Mrs. Del Fisher, Bob Knapp, L. P. Halderman and Mrs. Rose Stanfield, of the Foothill center, who also gave two amusing readings. Miss Lizetta Phillips, of Santa Ana, was accompanist. The program was closed with a skit and song, "A Bicycle Built for Two."

A directors report was given by R. H. Hull, the citrus report by J. A. Porter, R. E. Crane spoke on 4-H clubs, Royal Mueller announced that the center has 276 paid members and 16 unpaid with but one withdrawal in the past five months.

UNION HEARS RADIO PROGRAM

EL MODENA, March 12.—Mrs. Frank Sondericker was hostess yesterday to members of the W. C. T. U. when alcohol education was discussed and Mrs. Hanna Sanders presented a simulated radio program reading an address by Rachael Palmer, conductor of classes for teachers in many states in alcohol education. Mrs. R. C. Adams and Mrs. Annie Barnett also took part in the program. Mrs. Clara Hodson was program chairman.

Mrs. Sanders presided in the absence of Mrs. W. A. Settle, and a duet was given by Mrs. Sondericker and Mrs. Fred Mahoney, the latter accompanying. Fred Mahoney Jr. gave a piano solo. Margaret and Lois Barnett and June and Loretta Sondericker assisted the hostess in serving a refreshment course when a St. Patrick's theme was stressed.

Present were Mesdames John Turner, Hanna Sanders, Cordelia Winter, Fred Mahoney, W. E. Granger, Dora Carlton, Clara Hodson, R. C. Adams, J. S. Sorenson, Ella Hayden, Anna Barnett and the hostess, Mrs. Sondericker.

OPERETTA TO BE GIVEN BY SCHOOL MUSIC DEPARTMENT

ORANGE, March 12.—With clever songs and catchy tunes, the curtain will rise on "The Belle of Bagdad," operetta to be presented by the Orange high school music departments tonight at 8 o'clock in the high school auditorium.

Gorgeously dressed orientals, who dance to the strains of the intriguing music of Bagdad, comedy presented by two American aviators and a romantic spinner, as well as the serial touch of romance, are featured in the production.

The two airplane mechanics are played by Harold Welch and Anzac Jacobs, Henrietta Whipsitch, played by Stella Christ, and Lord Archie Fitzgibbons, an Englishman, by Norman Dews, and chief of police, Bob Rannels. Frank Christian is the stately ruler of all Bagdad.

The beautiful flame colored scarf used by Zelenda, the royal dancer, played by Dorothy Gross, adds a colorful note to the operetta, as does her dance which is presented to the accompaniment of the exotic rhythm of Valse Bagdad.

Others in the cast of characters are Jewel, the Caliph's favorite daughter, Phyllis Kogler; Dick Taylor, a representative of a Hollywood film firm, Llewellyn Williams; Mrs. McCann, the American consul newly appointed to Bagdad, Orda Kohls; Elsa McCann, her daughter, Gracemarie Sorenson; Anne Blackwell, a friend of Elsa's, Helen Talbert; Rose, Helen Allison, and Lily, Virginia Claypool, and both daughters of the Caliph, and a large chorus of natives, guards, tourists, and dancers, which is composed of members of the combined glee clubs and voice classes.

Miss Shirley Haynes, high school drama teacher, has been directing both principals and chorus. Percy Green is directing the orchestra, and Miss Helen Culp and Miss Grace Robertson, the dances of the chorus and principals. The principal solo numbers and all costuming arrangements have been made by Miss Phyllis Lucy Keyes.

PLAYS LEAD

Miss Phyllis Kogler has the leading role in the operetta, "Belle of Bagdad," to be presented this evening at 8 o'clock at Orange Union High school auditorium. An operetta is presented annually by the music classes of the school.

Scepter O. E. S. Initiates New Member

ORANGE, March 12.—Scepter chapter of O. E. S. met last evening for the regular meeting of the group in the Masonic hall. Worthy Matron Rae Bunch and Worthy Patron Ernest Stinson presided. Initiation was held and Mrs. Pauline Martha Tolle was taken into the chapter.

Announcement was made by the Worthy Matron of the official visit of the Grand Worthy Matron, Rita May Cooper, which is to be next Monday evening, March 15, in the Masonic temple in Santa Ana.

Scepter Circle will have its regular business meeting on the fourth Tuesday as usual, it was announced by Miss Helen Gillogly. This meeting will be preceded by a noon luncheon. Carl L. Thomas, Junior Past Patron, announced the program, consisting of an operetta, a one-act play and an accordion band, which is to be sponsored by the Masons the night of April 30, for the Masonic contribution to school work.

Mrs. Bertha Marlett of Kansas and Mrs. J. Ripley of Iowa were introduced as guests. Refreshments were served in the Saint Patrick motif by Mrs. Etta Chapman and her committee of Mr. and Mrs. Charles Wagner, Mrs. Freda Garber and Mrs. Martha Stinson.

Teachers Are Guests Of Board

ORANGE, March 12.—Board members of the Killefer P-T-A. entertained Wednesday noon at the school with a luncheon in honor of the teachers.

Mrs. Lon Foster, president, was in charge of arrangements. Those honored were Miss Lydia Killefer, Miss Winnie Hill, Mrs. R. H. Stratton, Mrs. Annie Blythe and Mrs. Pauline Jones.

The Saint Patrick motif was carried out in the table decoration with a daffodil centerpiece. Mrs. Margaret Ockles presented the program, introducing Mrs. Lon Foster, who spoke briefly. Miss Lydia Killefer made the response. Those present were: Mesdames Margaret Ockles, Florence Horton, Henry Joost, Carl Grow, T. J. Seavy, Lon Foster, George Horton, Kermit McCoy, Wallace Crane, Benton Baines and the honorees, Mrs. Annie Blythe, Eva Stratton, Pauline Jones and Misses Lydia Killefer and Winnie Hill.

SUSPECT PLOT AS SHELLS DISAPPEAR

NANTES, France, March 12.—(UP)—Counter-espionage agents, secret and judicial police and army and navy intelligence men were mobilized today to seek 30 prototypes of a long range shell especially designed for a new, secret naval gun.

The shells disappeared while being sent from Bordeaux to Lorient naval arsenal, by way of Nantes. The shells, made at an unidentified factory in southern France, were sent in 10 cases to be embarked at Lorient on a warship equipped with the new gun. Only the bills of lading arrived.

Police said the shells did not arrive at Nantes. It was believed at first they might have been diverted to Spain. But authorities believe now that the complications arose from a serious spy plot.

FIRST SESSION OF NEW UNIT TAKES PLACE

ORANGE, March 12.—Beginning a new program for women of the Presbyterian church was the initial meeting of the Women's Fellowship at the church yesterday when a missionary theme was carried out with the Rev. William R. Holder, pastor of the First Christian church, speaking on "Africa."

Mrs. E. H. Smith presided, presenting officers installed last month at the final meeting of the missionary society, the last of women's separate group meetings following a consolidation of groups of the church into one unit, the Women's Fellowship.

The Rev. Mr. Holder, who served as a missionary in Africa for 12 years, told of a number of interesting experiences in his work in that country. He was introduced by Dr. Robert Burns McAulay, pastor of the Presbyterian church, who stated that the speaker had had a basic idea of the Negro before going to Africa, as he had been brought up in Alabama.

Miss Estella Campbell, missionary chairman, gave a brief outline of the work planned for the year, the financial program, she stated, being unchanged. Mrs. Arthur Bauer announced that a few year books on "Prayer" and of "Women in Missions," might still be obtained. Miss Campbell led the devotional service. Mrs. Donald Smiley was program chairman and Mrs. J. T. McManis conducted the closing devotional period.

Mrs. W. O. Hart, accompanied by Percy Green, sang a group of solos in keeping with the program theme, three Negro spirituals, "Nobody Knows the Trouble I'm In," "Deep River" and "Swing Low, Sweet Chariot."

An executive board meeting of the group is to be held next Thursday and social meeting and program will be shared by all of the women of the church on April 1.

Section To Stage Contest This Month

ORANGE, March 12.—With 25 members present the First Toastmasters section of the Orange Woman's club included a surprise feature in their session recently when Miss Flo Scarritt, active member of the group was presented with a lovely gift on the occasion of her birthday and was given a card shower. Original birthday verses were on the cards and a birthday cake with lighted candles was on the luncheon table. Plans also were made for a speaking contest.

Mrs. D. G. Wetlin spoke on "Famous People I Have Met," the famous persons included William J. Bryan, William Gibbs McAdoo and James J. Farley. Mrs. E. H. Smith spoke on "McGuffey Readers." She told of the influence these readers had experienced over the nation during the years they were widely in use in the 19th century. Mrs. E. P. Ehlen spoke on "The Art of Conversation."

Mrs. C. F. Rowell announced that the contest will take place on March 22. Mrs. C. W. Coffey will speak on "Cotton in California." Mrs. C. C. Bonebrake on "Ethics in Bridge Playing." Mrs. Vernon C. Shippee on "Diet" and Mrs. Donald Smiley on "Mission Architecture." A committee of four will be selected from the section membership list to act as judges. Miss Emma Williamson was toastmaster.

TAXI DRIVERS' STRIKE ENDS

SAN DIEGO, Cal., March 12.—(UP)—Drivers of two San Diego taxicab companies returned to work after a walkout of less than two hours early today in protest against a reduction of fares.

A conference of drivers and company officials on drivers' demands was scheduled for later today.

Drivers were quoted as saying they "refused to work for 50 cents to \$1 per night" under a recent 36 per cent fare cut. The drivers are not members of a union but struck in protest against the fare reduction.

AID GROUP MEETS

FULLERTON, March 12.—Assisted by Mrs. E. A. Stovar and Mrs. Eunice White, Mrs. Emma Schultz of 605 East Chapman avenue entertained the members of the Eastside circle of the Methodist church Aid society at her home Thursday afternoon. Tea was served to the 15 guests. The afternoon was spent at chatting. Mrs. L. J. Batchman entertained the Westside circle at her home at 432 West Brookdale.

Abyssinian natives greatly prize empty soup cans and catsup bottles. They will give as much as a dozen eggs and a chicken for each empty can or bottle.

Tri-Quad Members And Guests Have Supper Event

Two new members and two guests joined Tri-Quad Bridge club Wednesday evening for a supper party at Dixie Castle, where Miss Edna May Helm was hostess. Her sister, Mrs. Russell Daley, of Calexico, and Mrs. Robert Allen, former members of the club, were guests. Welcomed as new members were Mrs. Henry Omstead and Miss Jeannette Jorgenson. Others in the group were Mesdames Kenneth Hill, Thomas Pangle, Frances Lacy, Robert Moore, Valera Bertolet, and the Misses Grace Anderson, Rose Allen and Helen Allen.

Varl-colored sweet peas centered the table at which guests were seated for an enjoyable supper hour which preceded bridge play. Lighted tapers, nutcups and napkins were in keeping with a St. Patrick's motif.

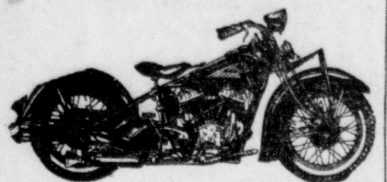

Mrs. Moore and Mrs. Omstead held the two highest scores in bridge.

Benjamin Franklin did the first electric cooking in America.

Church Societies

St. Peter Lutheran
Wednesday afternoon's meeting of the Aid and Missionary society of St. Peter Lutheran church opened in the church parlors with community singing of hymns and a devotional service conducted by Mrs. Lydia Yetmar.

"Stewardship of Grace" was subject for the missionary lesson presented by Mrs. Henrietta Kraft who also conducted the magazine quiz. Mrs. Belle Bergsetter, president, had charge of the business meeting during which various appointments and announcements were made. One of these was of a special visiting committee to be composed of Mrs. Christine Faccou and Mrs. Bergsetter. Another was of the naming of Circle No. 3 to arrange church decorations for the coming month.

Members were interested in hearing a letter from the secretary of the Foreign Mission board, thanking the churchwomen for their generous support. The letter told of the way in which their financial aid served to maintain a little native girl in a school at Gudur, India. The society also gave

a substantial sum towards the building of a girls' dormitory at Pacific Lutheran College, Parkland, Wash., and appreciation was expressed for this.

Mrs. Clara Braun and Mrs. Clara Bayha were hostesses at the tea hour when business matters were laid aside for the pleasure of sociability and the tempting tea menu served. Mrs. Ella Finnegan and Mrs. Etta Ericks were named as hostesses for the April meeting.

First Methodist Jubilee group members were entertained Wednesday afternoon in the hospitable home of Mrs. Asa Vandermast, 425 South Birch street.

Members spent an enjoyable afternoon chatting and piecing quilt blocks. The hostess served ice cream, cake and cookies with coffee at the close of the meeting.

Present were guests, Mrs. Julia Bowles, Miss Mary McGinnis and Miss Sophia Matzen; with members, including Mrs. Vandermast and Mesdames Laura Leonard, J. C. Gardner, G. Gilbert, Maude Miller, Matson, R. R. Lutes, C. M. Gowdy and N. Soucie.

Golden State R. N. A.

Golden State Camp R.N.A. met last night in K.C. hall to further plans for the Royal Neighbor birthday anniversary party to be held on March 24. It was announced that the party would be an open meeting beginning with a covered dish dinner. Prospective members and their friends are invited to attend. The program will be in charge of Mrs. Enola Morse, Mrs. Flora Dolbee and Mr. and Mrs. J. L. Garr.

The next Booster club meeting will be March 19 in the home of Mrs. Hart Pennington, 210 East Myrtle street. Golden State camp will be hosts during the district meeting on April 28. Mrs. Ethel Gross, a member of Magnolia camp, extended invitation to Golden State camp to attend the district meeting of Magnolia camp on March 22.

Mr. and Mrs. Bert Fletcher of Long Beach were welcomed as guests. Mrs. Fletcher is district deputy. Other guests included Mrs. Grace Gross and Mrs. Ethel Gross from Magnolia camp. Mrs. Iva Stephenson was presented with a 25 year continuous membership pin. Mrs. Lena Chapman was welcomed as a transfer member from Bennington, Kan. Several members of the camp comprised the "Kitchen Band," organized by Mrs. Stephenson, which presented several musical numbers from instruments fashioned from kitchen utensils.

Shamrock centered ice cream roll covered with nuts, was served with wafers and coffee at the close of the evening.

Martha Washington

Peach blossoms and roses decked the home of Mrs. Mildred Sutton, 803 Oak street, Wednesday, for a Martha Washington club meeting at which she and her mother, Mrs. Mae Curtis, were hostesses. Candy rabbits, chickens and other figures suggestive of Easter season adorned the table where luncheon was served.

Present were Mesdames Boss McDonald, Millie West, Ruth Zabel, Inez Baker, Stella Henderson, May Jackson, Florence Summerville, Pauline Decker, Elizabeth Jernigan, Mamie Zimmerman, Hattie Peters and the two hostesses.

COFFEE MILL USED 110 YEARS
MELBOURNE, Ark. (UP) — A 110-year-old coffee mill and 100-year-old walnut chest are still in use at the home of Joseph Jones here. The chest has two partitions and originally was used for brown and white sugar.

MARONEY'S

THIRD AND SYCAMORE STREETS — SANTA ANA

WELCH DETAILS HARBOR GOALS FOR REALTORS

What he forcefully declared were the marvelous future possibilities of Orange county's \$4,000,000 harbor, were related today by Harry Welch, secretary of Newport Harbor Chamber of Commerce and secretary-treasurer of the Newport Realty Board when he spoke to the Santa Ana Realty Board this noon at the Rossmore cafe on Newport Harbor Developments.

Welch pointed out that many plans were under way today to "sell" the harbor and Newport Bay to the wealthy yachtsmen of the East and Atlantic seaboard.

"It is our purpose now to carry the message of the wonderful attractions of the area that belongs to Orange county, to all the yacht clubs of the East, and interest them in our wonderful possibilities for play, for rest, and for retirement," he declared.

He expressed appreciation for the aid that the development of the harbor has received from Santa Ana and all points in the county, and declared the first real step to make this—Orange county—the playground of America's yachtsmen, had been taken. All that is left now is to make these things known throughout the nation by persistent and concerted effort.

Welch was introduced by Earl B. Hawks, president of the local board. Welch introduced Harry Hyde and Lew H. Wallace, who accompanied him to the session. W. F. Croddy, state director for the local organization reported in detail on the recent district meeting and other board members had attended.

NEGRO, GUARD DIE IN PRISON BREAK

NASHVILLE, Tenn., March 12.—(UP)—J. L. Simms, prison guard, and Frank Haynie, Negro murderer, scheduled to be executed next week, were killed today during an attempt by inmates of death row to escape from the Tennessee state penitentiary.

Simms was taking lunch to Haynie and his condemned confederate, Tom Franklin, when the break attempt occurred. As he opened the cell door, Haynie lunged at Simms and stabbed him in the chest.

As Haynie started to sprint down the long corridor, the knife still in his hand, H. B. Harris, guard, shot at close range, killing him instantly. Simms died 30 minutes after the stabbing.

HER NAME IN LIGHTS

By MARIE BLIZARD.

BEGIN HERE TODAY

DAPHNE BRETT, charming young New York advertising executive, is in love with LARRY SMITH, architect. Daphne has one younger sister, JENNIFER.

Jennifer resents Daphne's attempts to guide her career. First she dates TUCKER AINSLEY, Daphne. Next she makes a play for Larry's affections. Eventually the sisters reach a showdown, but it is clear that Jennifer is determined to lead her own life.

Meanwhile Larry proposes marriage to Daphne, but she tells him she must wait. Her reason is that she feels her first duty is to Jennifer. To get her launched on a career, Larry, without knowing it, agrees to wait. Then Jennifer loses her job. And the next night, while at a night club with Larry, Daphne learns Tuck has obtained a license to marry Jennifer. Frantic, Daphne leaves with Larry to stop the marriage.

NOW GO ON WITH THE STORY

CHAPTER XV

THEIR taxi slid around a corner on two wheels. Daphne, sitting forward on the seat as though to urge it on to greater speed, fell back in a heap.

"Darling, keep your head. We'll stop it," Larry promised.

"Oh, but if he isn't at his apartment, Larry!"

"We'll meet that when we come to it. We do know that Jennifer is at the theater with the Bakers. And it is only 11 now. Isn't it likely that she would come from the theater to meet him at his apartment or at your own? I thought the fashionable hour to elope was midnight."

"But if he isn't here?"

He was. Tuck answered the doorbell ring himself.

"Hello, Tuck. Surprised to see me?" Daphne, outwardly cool, smiling and beautiful in her white evening clothes, greeted him.

"Rather," he said, "and honored, of course. Won't you come in?"

"Certainly," she said, and moved leisurely into the living room. There was an open suitcase on the lounge.

"Going some place?" She sat down and reached for the cigaret box.

"Yes," he said, "I was . . . er . . ."

"Going to be married," she said, "I know all about it." She kept her tone light and pleasant but she couldn't light the cigaret because her hand shook.

HE lighted it for her and she blew smoke toward the ceiling. Still following its course with her eyes, she said, "Tuck,

THIS CURIOUS WORLD

By William Ferguson

NO one knows how old the sun is, but it must have had a beginning, and, likewise, by every scientific theory, it must come to an end, but there is no evidence that it will not be good for many thousands of millions of years to come. The sun's color indicates to scientists that it is a star on the decline.

CITRUS MARKET

TODAY'S CITRUS MARKETS
LOS ANGELES, Calif., March 12.—(UP)—Markets were better and slightly higher on both Navel and lemon, grapefruit remained unchanged throughout citrus auction centers today.

Averages
NEW YORK—11 cars of Navel and 7 cars of lemons sold. Navel market active and slightly higher. Lemon market lower on 800s and 200s, higher on balance.

Because the earth wobbles on its axis, the signs of the Zodiac no longer coincide with the 12 constellations for which they are named. Each sign has moved backward 30 degrees into the constellation west of it.

RED CROSS IS COMBINED ON 2 PROJECTS

Two important projects are under way in Orange county under supervision of the four local chapters, American Red Cross, as the result of a meeting here yesterday afternoon of the Orange County Council, headed by Alfred Higgins, chairman of the Orange chapter and the council.

The projects, described by Mrs. Laura R. Warren, executive secretary of the council, are, plans for the Junior Red Cross Goodwill luncheon, which will be held here May 15; and the Disaster Relief Dinner, which will be held some time in May.

All four chapters and their branches are cooperating fully to bring huge success to the two enterprises, Mrs. Warren said.

A. L. Schafer, manager of the Pacific area of the Red Cross, will speak at the May dinner on the position of the organization in times of disaster.

Mrs. Esther Chadbourn, national field representative for Southern California, was one of the principal speakers at yesterday's session. She will accompany Mrs. Warren to meetings in Garden Grove this afternoon, and Costa Mesa Monday when the latter branch will be organized formally.

MRS. LUCY F. M'GEE CALLED BY DEATH

Mrs. Lucy F. McGee, widow of the late David C. McGee, and a resident of Santa Ana for the past 37 years, died early today at her home, 418 South Broadway. Funeral services will be held tomorrow at 3 p.m. from the Smith and Tutill mortuary chapel with the Rev. Albert E. Kelly, pastor of the United Presbyterian church, officiating. Interment will be in Fairhaven cemetery.

She is survived by one daughter, Mrs. Marjorie M. Warren and a son, Irwin M. McGee, both of Los Angeles; a sister, Nellie Forbes, Santa Ana; one nephew, Chester M. Scott, also of Santa Ana and three grandchildren, David and Wallace McGee, and Miss Mildred Warren, all of Santa Ana.

Police News

A 16-year-old Chino Mexican girl who came here obtained a marriage license and was about to marry a Mexican boy, 21, of Upland, was apprehended by local police yesterday afternoon and given into custody of juvenile authorities.

Paul Canaday, 47, 907 North Main, was jailed on a bench warrant which charged him with disturbing the police. Police records show Officers C. V. Adams and Paul Cozad made the arrest.

Jack Luckenback, 50, 206 Pavilion street, Santa Ana, who assertedly walked into the Shockley restaurant on East Fourth street, yesterday, obtained a meal and walked out without paying, was "vargued" by city police. City Judge J. G. Mitchell gave him a 10-day suspended sentence when the restaurant owner said he didn't care to sign a complaint, and ordered him out of the city.

Edward Hilenkamp, 54, Los Angeles "supersalesman", set something of a record yesterday afternoon when he tried to make a sale to Mrs. Fred Parsons, 220 West Seventeenth street, three times in three hours. Desk Sergeant B. F. Lutz described Hilenkamp as a "walking five-and-ten-cent-store". Hilenkamp was ordered to leave the city at once as he had no license.

Seth Davis, 1011 South Bristol, reported to city police yesterday, the loss of his semi-automatic pistol, .25 calibre, Serial No. 15915. He said he lost the weapon Tuesday between the Wilson dairy and the San Joaquin fruit ranch.

An abandoned red and white "Gremlin" bicycle, found by Don Wiedemann, 706 West Third, yesterday, was impounded for safekeeping by local police.

COUNTY WATER BASIN RISING

An estimated rise of 16 or 17 feet in the underground basin supplying wells in the Artesian belt north and west of Huntington Beach has been noted, according to a survey made this morning among ranchers of the district, and many of the wells of the district have started to flow for the first time in many years. The rise is in the 500-foot strata which has a rapid rise and drop in comparison with the 140 and 150-foot strata, it is stated.

The Artesian belt includes between three and four sections of land and a number of the wells have been capped since the flow started. According to ranchers of the district about 50 per cent of the wells in the district are flowing. A well on the ranch of J. A. Murdy Jr., recently was capped, the flow being the heaviest in a five-year period. At the Bolsa-Chico year club small wells from 40 to 50 feet deep are flowing and are plugged, but no flow has been noted in the deep 900-foot well on the property.

Anaheim Youth Wins Again

Enthusiasm was high today in the ranks of Orange county's 4-H clubs with the receipt of word by Ross E. Crane, assistant farm advisor, that Joseph Lieb Jr., Anaheim high school student, had won his 37th ribbon, this time at the Imperial County Fair.

Lieb entered four pigeons, and won three first prizes, and one second, with the four.

Crane explained that announcement of the new laurels was made late yesterday. The fair is one of the first to be held this year in Southern California.

In addition to outstanding work with the 4-H club, Lieb is a member of the Toastmaster's club of the high school, and one of the best scholars.

F. D. R. PLAN HIT BY ASSOCIATION

CHICAGO, March 12.—(UP)—

Nearly 20,000 of the 30,000 members of the American Bar association voted 6 to 1 against President Roosevelt's plan to increase number of justices in the U. S. supreme court, Chairman Edward T. Fairchild of the association's elections board announced today.

The members voted 14,401 to 4,049 against the proposal to increase number of justices in the circuit court of appeals and district courts.

TOMATOES: Steady; Local hot-house 25c.

LEWIS TO OPPOSE PHILIPPINE MOVE

WASHINGTON, March 12.—(UP)—Sen. J. Hamilton Lewis, D., Ill., opposed in the senate today any immediate move to sever United States ties with the Philippine Islands.

Lewis said he understood there was some sentiment for severing these ties sooner than the 1938 date provided by the present independence act.

He said he strongly opposed such a move because of international conditions involving Japan, Russia, and other nations in the Far East.

In addition to outstanding work with the 4-H club, Lieb is a member of the Toastmaster's club of the high school, and one of the best scholars.

CHICAGO, March 12.—(UP)—

PLANS HOUSING SURVEY IN S. A.

Plans for a housing survey for the purpose of determining the actual need for additional housing in Santa Ana were launched yesterday at a meeting of the Santa Ana Chamber of Commerce housing committee.

Members of the group of which C. H. Holles is chairman, said that Santa Ana is decidedly under-housed. It is apparent that there is an acute need for an apartment hotel providing medium and higher priced accommodations to arrivals in the city.

In making the survey the assistance of real estate men, bankers and builders will be enlisted in an effort to obtain an actual picture of the situation and a definite recommendation of the need.

When the survey is completed the committee will make an effort to interest some investment group in a proposal to erect an apartment hotel.

Members of the committee attending the conference yesterday, in addition to Chairman Holles, were: Oliver Lindermeyer, C. A. Warren, H. R. Brinkerhoff, John Knox, W. H. Bowman and Mrs. Marie Gotthard.

8 PERSONS HURT IN BUS ACCIDENT

SALIDA, Colo., March 12.—(UP)—Eight persons were injured, one seriously, when a locked wheel caused a passenger bus to plunge into a ditch and catch fire near Cortez, Colo., late last night. The 11 passengers and driver of the bus escaped by breaking the windshield, included among the injured who were treated at a local hospital and released was Joe Musso, of Los Angeles.

GOOD GARDENING

By Mrs. H. Cardoso Sloan, Corona Del Mar

Being sound advice and interesting comment on what to plant and how to care for Orange county gardens.

PLANT FOOD

During this month our frost bitten shrubs and plants should begin to show how much life is left in them, and after new growth starts the dead wood may be carefully pruned away. When the plant is well started a little encouragement in the way of fertilizer may be given. In normal garden seasons March is a good month to fertilize everything in the garden generously, but this year we must go a little slowly on frost damaged stuff, and let growth start naturally before urging it on with fertilizer.

When we get to the fertilizing point, what shall we use? Well, rotted cow manure has been said and written so many times in this connection it slips easily from tongue or pen when we get on the subject of fertilizers. Most of us who garden are on familiar terms with cow manure. I recall my most memorable experience with it. A two-ton load dumped in our street parking, there being no way of delivering it in the yard. Do you recall somewhere Mark Twain tells of an old-world community where a man's prominence in the village was estimated by the number and size of the heaps of manure in his yard? Referring to one of the villagers, Mark Twain said he was a man of integrity, of good standing, much respected by his neighbors, "in short, a man of manure." Not feeling that one's standing in a Southern California

community was likely to be enhanced by the maintenance of a manure heap in the parkway, and no one else being available for the job, I personally, lugged that entire two tons of cow manure (sold as "well rotted" but most of it actually rather distressingly "green"), a bushel basket at a time, through the gate into the garden and spread it on my garden beds. It took me two days. I shall never forget the experience.

At that, I'm still strong for barnyard manure, though now I use it in the pulverized form, dry and neat, not unpleasant to handle or smell, free from the weed seeds and worms which often accompany barnyard manure in its more primitive form.

Bone meal is another fertilizer which has been extensively used. I was much amused last fall by an article and various commenting letters which appeared in a nationally known flower magazine on the benefits derived from the use of bone meal. The horticulturist who presented the negative argument said that while bones have "a certain immediate nitrogenous value, a pound of nitrate of soda or ammonium sulphate will give as much nitrogen as a ton of bones, quicker, and also at much less cost." And as for supplying phosphoric acid, "in the course of years or centuries, time required being based on fineness of the grinding, it will begin to release phosphoric acid." Hard words, these, for the devotees of bonemeal.

The three most essential elements in plant food are nitrogen, potassium and phosphoric acid.

Nitrogen, which is found organically in the manures and blood-meal and inorganically in ammonium nitrate and sulphate of ammonia, is greatly beneficial in the growth of stems and leaves, and the fertilizers with a high nitrogen content are used most generally during early growth of the plant. Phosphorus is found in small quantities in various manures and wood ash, but much more highly concentrated in super-phosphate and ammonium phosphate. It benefits the root development and the production of flowers and seeds. Potassium also helps produce sturdy, healthy growth, and formation of flower and fruit. Phosphate and potassium are used more liberally during the growing, flowering, fruiting stages of the plant. Like phosphorus, potassium is found in the animal manures and wood ash, but in larger quantities in a number of other things, among them being tobacco stems, kelp, sulphate of potash, nitrate of potash and carbonate of potash.

One memory of my Nova Scotia summers as a child is of summer storms, when for days and nights, clear across woods and lake, we heard the rhythmic pounding of the ocean waves and the rattling of the stones as the water rushed back over the pebbly beach. Then the beach would be covered thick with kelp, wet and brown and shining, and the farmers with ox teams would bring it home, over the little rolling hills, through woods of spruce and fir, and spread it on their mown hay-fields, to dry and

rot—and smell—in the summer sun, and enrich the land.

Probably in these modern days the ideal fertilizer is one of the good commercial "complete plant foods." These contain the three essential plant foods in well balanced proportion, and contain also numerous other elements necessary for perfection of healthy growth in plants. Some of these would seem of minor importance, boron, for instance; who ever heard of boron? Yet in some of the interesting pictures shown of plants grown without the use of these various elements, the pitiful aspect of the plant that failed to receive its boron ration proves this to be most necessary for proper feeding of the plant.

A good commercial plant food is easy and economical to use. It will give all the food your plants require, or it may be used to supplement early season applications of an organic fertilizer. These commercial fertilizers do not supply the humus value which the organic fertilizers give, but this is as efficiently and much more neatly furnished by the use of peat moss.

Commercial plant foods are excellent to use on lawns, sprinkled evenly over the surface, about 4 pounds to 100 square feet. Put it on when the grass is dry so it won't stick to the leaves, and give the lawn a good soaking to wash the fertilizer into the soil. Then watch for the thicker, greener grass.

Such a plant food is good for potted plants also. I use it in solution, a teaspoonful to a quart of water, being careful to keep it off the foliage and stems.

If more care were given to plant feeding, we should see more thrifty, healthy plants, for plants, like humans, will look wan and weak on a starvation diet. Feed your plants generously this season and keep them contented and flourishing.

Some aquatic whirligig beetles have one pair of eyes, so divided that half of the eye turns upward to keep a lookout for danger, while the other half scans the water in search of prey.

EASTER RITES ARE PLANNED

ORANGE, March 12. — Easter services were planned Wednesday at a meeting of the Orange Ministerial union with an annual Good Friday service at Trinity Episcopal church also arranged. The Rev. William T. Holder presided.

Seven pastors will take part in the service based on the seven last words from the cross. Pastors to participate are Dr. Robert Burns McAlulay, the Rev. William T. Holder, the Rev. Arthur T. Hobson, the Rev. J. S. Sorenson of El Modena, the Rev. A. C. Escobedo, the Rev. H. F. Soffley and the Rev. H. F. Sheerer.

Each church will hold individual services with vesper services planned for some of the churches of the union. The day's worship will be opened with a sunrise service on Olive heights with the young men's division of the Y.M.C.A. in charge.

Adoration, eloquence, faith, happiness, harmony, heaven, honor, hope, divine, innocence, joy, liberty, melody, modesty, love, nobility, purity, splendor, sympathy and virtue have been picked as the 20 most beautiful words in the English language.

Legal Notice

H. C. CAMERON, Attorney.

NOTICE OF TIME OF PROVING WILL, ETC.

In the Superior Court of the State of California, in and for the County of Orange.

In the Matter of the Estate of A. BYRON JESSEE, Deceased. Notice is hereby given that Friday, the 12th day of March, 1937, at 10:00 o'clock A. M. of said day, at the Court room of this Court in the Department of the Presiding Judge thereof, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Isla M. Jessee praying that a document on file in this Court, purporting to be the Last Will and Testament of the said deceased, be admitted to probate, Letters Testamentary be issued thereon to her at which time and place all persons interested therein may appear and contest the same. Dated: March 1, 1937.

J. M. BACKS, County Clerk.

H. C. CAMERON, Attorney.

NOTICE TO CONTRACTORS

(ADVERTISEMENT)

Notice is hereby given that the Santa Ana High School District will receive bids for furnishing all labor, material, transportation and services for the execution of the work designated as Unit "F", which is the installation of the sprinkling system, preparation and planting of lawn and shrubbery, at the site of the Santa Ana High School in the City of Santa Ana, Orange County, California; each bid to be in accordance with plans and specifications now on file in the Office of the Secretary of the Board of Education of the Santa Ana High School District, at 1015 North Main Street, Santa Ana, Orange County, California, where they may be examined and copies obtained upon deposit or payment of \$10.00 per set.

Bidders are hereby notified that pursuant to the statutes of the State of California, or local law therein applicable, the Santa Ana High School District, Orange County, has ascertained the general prevailing rate of per diem wages and rates for legal holiday and overtime work in the locality in which this work is to be performed, for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder.

The prevailing rates so determined are as follows:
Trade or Occupation Hourly Wage Rate
Cement Finisher..... \$1.00
Helper, Plumber..... .75
Laborer, skilled..... .62½
Laborer, unskilled..... .56
Operator, Tractor..... .56
Plumber..... 1.12½
Sprinkler Fitter..... 1.25
Teamster..... .85
Time Keeper..... .85 (no overtime)

Truck Driver..... .75
Watchman..... .56
Welder, Miscel..... 1.00
Metal..... 1.00

The per diem wage for each workman or mechanic of each craft or trade required to execute the contract shall be based upon a working day of 8 hours and equal to the above prescribed hourly wage rate, multiplied by the aforementioned number of hours constituting a working day.

Double wages shall be paid for work on Sundays and legal holidays and one and one-half said legal holidays being defined as January 1st, February 22nd, March 30th, July 4th, Labor Day, Thanksgiving Day and December 25th.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Each bid shall be made out on a form to be obtained at the Office of the said Secretary of the Board of Education of the Santa Ana High School District, must be accompanied by a certified or cashier's check or bid bond for 5% of the amount of the bid made payable to the order of the Santa Ana High School District of Orange County, California; shall be sealed and filed with the Secretary of the Board of Education of the said District, on or before March 11, 1937, at 7:30 o'clock p. m. of that day in the Office of the said Secretary at 1015 North Main Street, Santa Ana, Orange County, California.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested so to do by the Board of Education of the said District.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price, and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Education of the said District. A list of such surety companies is on file with the Secretary of said Board of Education.

The Board of Education of the Santa Ana High School District, Orange County, reserves the right to reject any or all bids and/or waive any informality in a bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated February 18, California, 1937.

(Signed) SANTA ANA HIGH SCHOOL DISTRICT, ORANGE COUNTY.

By its Board of Education

By GEO. D. NEWCOM, Secretary.

Picnics and Reunions

President, Bill Campbell, of the Colorado State society is announcing the postponed picnic for all former residents of that state. It will be held all day, Sunday, March 14 in Sycamore Grove Park, Los Angeles, with basket dinners at noon.

All former residents of Michigan are included in the call to rally for the annual winter picnic reunion, all day, Saturday, March 20. It will be held in Sycamore Grove park with basket picnic dinners at noon followed by the program of music and addresses.

TOWNSEND CLUBS

The Ladies Townsend Afternoon club will meet at the home of Frank W. Morris, 515 South Broadway, Saturday afternoon at two o'clock. As there will be a very fine speaker, a cordial invitation is extended to all interested in the Townsend movement.

SUFFERED 40 YEARS FROM CONSTIPATION

"For 40 years, I had been praying for a lasting remedy for constipation and its evils. Finally, I tried Kellogg's ALL-BRAN. Since that time (nearly 10 years ago), I have not taken any medicine. Have been well and entirely free from constipation."—Mrs. I. H. Kendig, R. F. D. No. 2, Lancaster, Penna.

Don't let common constipation ruin your life. You can end it safely, without using drugs that soon lose their effectiveness.

Just eat two tablespoonfuls of Kellogg's ALL-BRAN every day—with every meal in severe cases. Serve as a cereal with milk or fruit, or cook into appetizing recipes. ALL-BRAN absorbs more than twice its weight in water and gently clears away the wastes that cause headaches, tiredness and serious illness.

The vitamin B in ALL-BRAN helps tone up the entire intestinal tract. Buy ALL-BRAN from your grocer. Guaranteed by Kellogg in Battle Creek.

"No coffee to compare with it"

says Denver woman who likes "good coffee"

Yes, you too can make good coffee with M-J-B's remarkable "Strength Essential" Coffee. Remember—the coffee with the most flavor in the tin makes the best coffee in the cup whether you like your coffee mild, medium or strong. Even the mildest is never tasteless nor the strongest ever bitter when you use such coffee. This famous feature of M-J-B is the result of an expert blend of world's finest coffees plus a special richer roast. It insures a constant richness of true coffee character in every grain of M-J-B. Results are always perfect! Both you and your husband will like this coffee better than any other you have ever tried. We don't merely claim this—we guarantee it. Try a tin TODAY.

The "Strength Essential" Coffee

M-J-B's "Universal" Grind is guaranteed right for Drip, Percolator, or any glass coffee-maker you use.

Your money refunded by your grocer if any tin of M-J-B Coffee doesn't satisfy you perfectly in every way.

FEEDING TEST EXPLAINS "MYSTERIOUS" GARDEN FAILURES

see story in pictures

Now on display at our store is the photographic record of an amazing plant-feeding test made in the botanical department of a great university. It shows clearly why many home gardeners, in spite of hard work, fail to get the lovely results they want. Be sure you drop in and see these pictures before you start your own garden. While you're at it, look over our complete stock of seeds and garden tools. And don't forget that you get best results by feeding your lawn now. Apply the complete plant food!

STORIES IN STAMPS

BY I. S. KLEIN

NAVAL LEADER OF THE CIVIL WAR

DAVID GLASGOW FARRAGUT was 9 years old in 1810, when he entered the U. S. Navy as midshipman. From then on to his death in 1870, he was in active service, and although a native of Tennessee, he made his greatest mark as commander of the Union naval forces in the Mississippi and the Gulf of Mexico. Placed in command of the West Gulf blockading squadron during the Civil War, Farragut risked the fire of two forts commanding New Orleans. Sailing through a flotilla of fire rafts, he destroyed a Confederate fleet of 15 ships, and captured the city. In 1864, he braved the fire of two forts on Mobile Bay and destroyed the enemy fleet harbored there. Made rear admiral in 1862, he became vice admiral in 1864, and admiral two years later, by express provision of Congress. His portrait appears with that of Admiral David D. Porter on the new 3-cent navy stamp.

55 Before Christ

this week when the city council, heretofore petitioned on the matter but failing to act, held first reading of an emergency ordinance and adjourned the meeting for one week rather than two, to allow passage and immediate effect of the measure. Such a measure is necessary in compliance with the building code. The school district has purchased tents from Fullerton, Brea and Santa Ana. Removal of Fullerton tents, the first to be purchased, to the Horace Mann school grounds was effected but further conveyance of them to Fremont, where they are intended for use, was delayed by the building code. The tents from Brea were purchased but never moved. The purchase of the Santa Ana tents was made only Monday night. The emergency ordinance is effective for two years only and was drawn up on the grounds that it is to the public benefit that classes at Fremont school not be interrupted during demolition and construction work.

GAY 90'S WILL BE REPEATED NEXT TUES.

Requests have been coming in by the hundreds for another showing of "The Gay 90's" so the 40 and 8 have taken over the sponsorship and found an auditorium and "The Gay 90's" will be repeated Tuesday night, March 16, at the Willard Jr. auditorium at 8:15 p. m.

It is rumored that there is to be an added attraction that will add to the merriment of the occasion. A Bathing Beauty contest with the audience to judge the prize winner. Who will be in this big contest? It is supposed to be secret but we heard that the flower girls are more than worried as to just where they will find an old fashioned bathing suit.

You laughed until your sides ached at such a court scene and wedding procession but wait until you see them in an old fashioned bathing suit, they guarantee that it will cure any case of blues.

Remember the show has an all male cast with 75 of Santa Ana's business and professional men taking part. The 40 and 8 are to use the money raised for welfare work, so if you missed seeing "The Gay 90's" before, be sure to get a reserved seat and be there early. The doors will be open at 7:15 and the show will start promptly at 8:15.

Reserved seats will be on sale Monday morning at 9:30 at Stein's Stationery store, 307 W. 4th.

MAN ARRESTED HERE WANTED BY L. A. POLICE

Alonzo Kidd, transient Negro from Los Angeles, who was recently arrested here, jailed on a vagrancy charge and released after authorities gave him a 10-day suspended jail term, is wanted by Police Chief James E. Davis of Los Angeles for questioning in connection with the recent murder of Mrs. Rose Valdez of Los Angeles, according to a teletype message received last night by Santa Ana police.

Kidd, according to sheriff's office reports, was wanted here recently for questioning in connection with a burglary attempt. However, he could not be connected with the attempt, it was said. Chief Davis reported Kidd, alias Lon Lonko and Lon Kidd, has been questioned previously by Los Angeles police in connection with burglaries.

Kidd is again being sought today. He is described as 50 years old, but looking younger, five feet 10 inches tall and weighing 170 pounds. He is a native of Arkansas.

ADMITS AIDING IN SLAYING OF HIS BROTHER

Assertedly confessing to Santa Ana police that he assisted in the murder of his brother in Edmonston, Ky., 38 years ago, Basil Duke Coleman, 54-year-old transient, walked into police headquarters here last night and gave himself up.

Today local police and Deputy District Atty. Clarence Sprague were contacting Los Angeles and Edmonston police in an effort to run down possible facts surrounding Coleman's statements.

When Coleman was a small boy, he said, he assisted in administering an over-dose of poisonous sleeping powder to his 24-year-old brother, Ben. Local officials, from Coleman's statements, believed he was recently ordered to leave Los Angeles. The local officers went to Los Angeles today to investigate.

Meanwhile, Coleman is in jail, charged with vagrancy and suspicion of murder. He expressed the wish to be sent back to Kentucky for trial on a murder count. Officers said, at times, Coleman talked irrationally.

JACKET SWIMMERS BEAT S. C. VARSITY

FULLERTON, March 12.—James Roy Smith's Fullerton Yellow-jacket swimmers defeated the strong U.S.C. varsity, 52 to 23 last night by taking seven out of nine first places.

Bob Sellers, Yellowjacket sprint race, took the 50-yard free style in 24 seconds flat and the breast stroke in two minutes and 45 seconds, the best individual performances of the meet.

Fullerton meets the Occidental tankers at Eagle Rock next Thursday night.

RATS PLAGUE ZOO
CLEVELAND (UP)—The Brookside zoo has declared a war to rid the place of rats. Wilson, keeper, does not know whether to place the number of the invaders at 2,000 or 2,000,000, but he has found rats in the buffalo pens, in the bear pens, in the deer run, and almost everywhere else.

MANAGER

George J. Kidd, manager of the Famous Department store in Santa Ana who urges Santa Anans shop early at the semi-annual sale tomorrow.

Famous Store To Hold Semi-Annual Sale on Saturday

The Famous Store has been busy all this week making ready for its Great Semi-Annual Super Famous Day. This great event will start Saturday a. m. at 8:30 sharp. The store will remain open that evening until 9 o'clock to enable everyone to get their share of these marvelous values.

Several months ago the Famous staff of buyers began planning this event and visited every available market so that they could offer values that were almost unbelievable. Over one million dollars' worth of crisp new merchandise will be offered to the people of Southern California Saturday, at prices that will astound you.

This marvelous sale comes just in time for thrifty Easter shoppers and all the newest spring fashions in clothing, shoes, hosiery, accessories, together with the 1000 other items which you always find at the Famous Store.

Manager George J. Kidd urges everyone to shop early and promises every item will be exactly as advertised. Absolute satisfaction or your money will be refunded. Plenty of experienced salespeople will be there to serve you. Kidd says it's going to be a record day so be on hand early.

EL DON TAKES HIGH NATIONAL PRESS HONORS

El Don, Santa Ana Junior College weekly newspaper, and the Willard Echo, junior high school publication, were accorded high honors in the contest conducted in connection with the convention of the Columbia Scholastic Press Association, at Columbia University.

El Don placed second in the national competition with the Junior Collegian of Los Angeles taking first place. El Don is a five-column publication and the Junior Collegian is an eight-page paper. The Willard Echo, published by students of Frances Willard junior high school, placed third in its division of entries from schools with from 700 to 1200 students enrolled. At the recent convention of the Southern California High School Press Association the Echo was accorded first place.

According to John H. McCoy, journalism director at Santa Ana Junior College, this is the first time that El Don has entered the Columbia University contest. However, the paper has won the All-American award at the University of Minnesota, as well as having received many other honors. Under the editorship of Bob Swanson, the El Don staff consists of Dorothy Griset, society editor; Ray Foster, sports editor; Gerrie Griffith, feature editor; Herb Gulick, copyreader; Harvey Baker, advertising manager; Vic Rowland, circulation manager; Franklin Guthrie was sports editor for the first semester.

JAYSEE DEBATE TEAM IN MEET

Three members of the Santa Ana Junior college debate team left today for Redlands university to enter a debate tournament which will be held this afternoon and tomorrow.

Representing the junior college are Anne Pellegrin, Al Pickhardt, and Gordon Bishop. The team is prepared to debate on both the affirmative and negative sides of the question "Resolved: That Congress should be empowered to fix minimum wages and maximum hours for industry."

Tuesday the team defeated Fullerton jaysee on the same topic. This was the fourth victory of the Dons, with one loss. Santa Ana Junior college is still in the running for the Eastern Conference debate championship.

\$15 PEARL IN ONE BITE
CONNEAUT, O. (UP)—Ben Shumaker, watching his wife at work in the kitchen, grew hungry and asked for an oyster from the supply with which she was working. He bit down on a pearl, which proved later to be worth \$15. Now, Ben has a setting for a new ring.

GOODWILL HEAD AND AIDES TO ATTEND MEET

Representatives of the Orange county staff of Goodwill Industries, headed by Superintendent George F. Angne, will attend the four-day institute planned by Goodwill Industries of the state in Los Angeles March 14 to 17, it was announced today.

The Los Angeles unit of Goodwill Industries will be host to the state organization, with Dr. E. J. Helms, of Boston, Massachusetts, founder of Goodwill Industries, as a guest of honor.

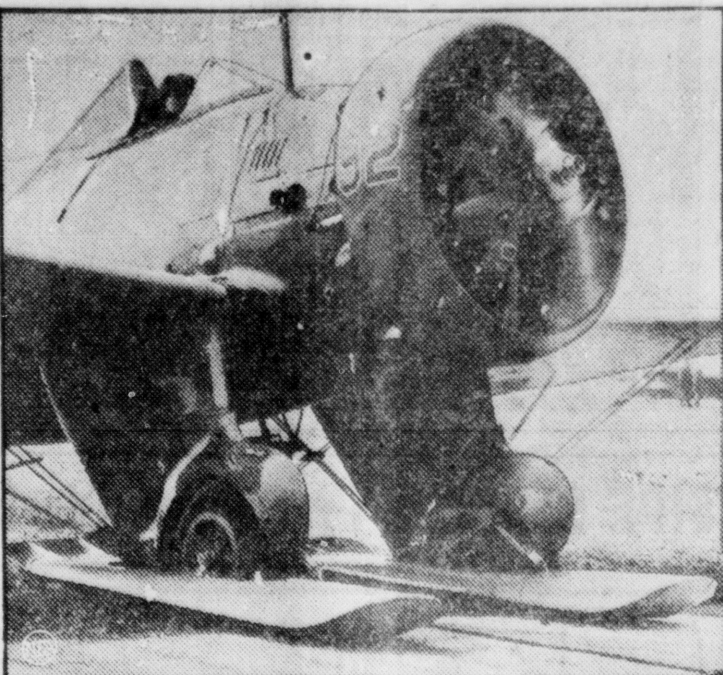

The final day of the institute, Wednesday, March 17, will include a tour of Orange County, and an inspection of the Goodwill organization here. A nine-o'clock breakfast in honor of Dr. Helms will be served at the dining room of the First M. E. church in Santa Ana, to start the day's program.

Dr. Helms, an Iowa farmer boy, graduate of Cornell College, Iowa, and later a missionary, founded the world benevolence known as Goodwill Industries, on a principle of providing employment through non-profit enterprise. The organization was built from a single cooperative store in Boston to a world-wide movement.

The Los Angeles institute, opening Sunday, March 14, at 10:30 a. m. in Los Angeles Goodwill headquarters, is an incident of the founder's tour of the Pacific Coast. Superintendent Angne, of the Orange county organization, and three of his aides will attend the daily sessions.

Leadership in asbestos exportation is maintained by Canada, which in 1935 exported 100,186 tons of a world total production of 209,000. Canadian production of asbestos was 143,000 tons during the year.

Army Joins Ski Vogue—Seriously

Skis made to fit on the wheels of airplanes so they may land on snow became a part of the equipment of this U. S. plane as the army joined the nation's current ski vogue in all seriousness. The landing device was included among the new cold weather equipment tested by high army officers at Selfridge Field, Mt. Clemens, Mich.

ASHMORE RITES TO BE SATURDAY

Funeral services for Dr. William Ashmore, 85, prominent Santa Ana

man, who was almost instantly killed early yesterday morning when his hand came in contact with a shorted electric health stove as he was about to step in a bathtub at his home at 2227 North Broadway, will be held at 2 p. m. Saturday from the Melrose Abbey mausoleum.

The Rev. Harry Owings, Dr. Otto Russell and Dr. A. W. Rider will be in charge of the services, directors of the Smith and Tuthill

funeral home announced this morning.

Dr. Ashmore has been in "Who's Who" for almost half a century as a famous Chinese missionary for the Baptist church.

The elderly man's body was discovered in the bathroom by E. K. Wyman, who, with Mrs. Wyman, has made his home with Dr. Ashmore since the death of Mrs. Ashmore in 1934.

Dr. Frank Ashmore, son of Dr. William Ashmore, was killed about three years ago, when a defective carbonated water bottle exploded when he was preparing some soft drinks for neighborhood children.

The American Airlines is the first air line in the world to have carried 1,000,000 passengers. It has taken the company slightly less than 10 years to achieve this goal.

BEACH CITY IN PLEA FOR SHARE OF ROYALTIES

With Thomas Talbert, former mayor of Huntington Beach, appearing before the senate oil committee yesterday, that beach city made a bid for a share in any royalties the state may collect for drilling into the state tidelands oil pool.

Talbert's appearance before the committee was coincident with the presentation of two measures aimed at authorizing to permit "island" drilling into the pool. Both bills were sent to the floor without recommendations.

One bill by Senators Rich and Swing would permit drilling from islands or groins only by the state if no leases were made with private parties. The other bill, submitted by Senator Culbert Olson, would permit either the state or private lessors to drill from groins or islands. The Olson bill calls for a royalty of 30 per cent while the Rich-Swing measure calls for 16.2-3 per cent.

Appearing before the committee Talbert made a strong plea for a share in the royalty to be paid the city of Huntington Beach on the grounds that the city had been put to great expense because of oil drilling there; has suffered loss to its playground and recreational facilities and had been required to increase its fire-fighting facilities. More drilling into the tidelands pool, Talbert told the committee, would increase these handicaps.

Senator Ralph Swing, co-sponsor of one of the bills, said that he could see Talbert's viewpoint but that the state is not permitted to give any of its property away.

Senator Harry Westover, representing Orange county, declared that he is preparing and will offer an amendment to permit the city of Huntington Beach to share in the state royalties.

EVANGELIST

Mrs. Bessie Randall Bruffett former pastor of the Four Square church in Santa Ana, who will preach here Sunday evening.

IDENTIFY BODY FOUND IN SURF

Identification of the body found floating in the surf off Newport pier late Wednesday night was made yesterday by Sam Oxarart, assistant Orange county court interpreter. The man was identified as Oxarart's step-father, Victor Hualde, 75 of Orange Park Acres. Oxarart is a resident of Newport Beach.

The body was discovered by Alfred C. Coch, Los Angeles, who reported to Newport police. Coroner Earl Abbey, who investigated the case expressed the belief that the man had committed suicide. There will be no inquest. Arrangements for funeral services will be made from the Dixon mortuary at a later date.

MRS. BRUFFETT WILL TALK IN LOCAL CHURCH

Returning to Santa Ana where she had formerly served as first pastor of the Four Square church, Evangelist Bessie Randall Bruffett will preach at the Sunday evening service of the church she started here. Mrs. Bruffett, according to the Rev. W. C. Parham, pastor of the Santa Ana church, has been conducting evangelistic campaigns in Southern California before returning to her pastorate in the East.

Evangelist Bruffett will be assisted during the service by the Texas Pals, a group of young musicians who play violins and guitars and sing. Included in the group are Miss Marjorie Griset, Tustin; "Tex" McKenn, "Slim" Beatright and Clarence Skelly. Sunday morning the Rev. Mr. Parham will preach and has announced his sermon topic, "The Midnight Cry." A special feature of the morning service will be a group of marimba selections by Dr. Ralph Murane of Santa Ana.

At tonight's services a group of young people of the church will give an illustrated sermon on a subject to be announced at the time of the services.

Court Notes

Mr. and Mrs. C. T. Anderson asked \$5128.50 damages, and Mollie L. Ray asked \$5100, in a suit filed today in superior court against the Shaffer Tool Works, of Brea, and A. W. Edmonson, an employee. The action is based on injuries received by the women plaintiffs in an automobile crash at Huntington Beach last September 26.

A light year means a distance of nearly 6,000,000 miles, according to latest scientific estimates.

WHAT PRACTICAL EXPERIENCE?

In Roosevelt's fireside talk on Tuesday night, he said his plan of increasing the Supreme Court "would bring to the decision of social and economic problems younger men who have had PERSONAL EXPERIENCE and contact with modern facts and circumstances under which average men have to live and work."

We cannot help but wonder what PERSONAL EXPERIENCE the President or the large majority of self-seeking congressmen have had with the circumstances under which average men live and work. Yet the President is asking for authority to take from all of the men in the United States who have had personal experience, as to the manner which average men have to live and work, and give to the President, authority to solve the problems of the workers. It seems to us to be the essence of inconsistency and absurdity. If there is any man who has had a silver spoon in his mouth all his life and has never created any real wealth nor reduced the cost of living to the workers and thereby raise the real wages of the workers, it is the President, who has inherited his wealth.

The same is true of many of our political and economic leaders and these men are so sure that they know how to add to the national wealth of the country that they want to take, by law, all of the managing ability from the hundreds of thousands of men who have had personal experience and have demonstrated their ability to lower costs and raise wages.

The President proposes to do this by law, by limiting the number of hours people dare work, by regulating prices, by making monopolies as the NRA and the AAA. The President does not seem to realize that the whole cause of our trouble is too many monopolies; for example, the banks having the right to coin money, tariffs, prorate, combinations for restraint of trade and labor organizations prevent people from learning to do important jobs. Monopolies have caused our lower standard of living and unemployment. Yet, the President believes, if he has control of all the monopolies, our economic problems will be solved and the third of the people in the United States who are poor will be made to live in comfort.

It would be an ideal dream and we only wish it could be true but, as St. Paul said, we must live by the sweat of our brow. No one has been able to demonstrate that that is not true. Now, the President proposes if he is given enough authority, he will correct evils never corrected by such methods, in all history. We should not try to do things until we have a specific plan so clearly outlined that it looks plausible and reasonable. So far, there has been no plan proposed that has not been repeatedly tried and failed. We should not try the identical plan. We must have a new plan and there is no new plan proposed by the President.

WHERE'S YOUR AUTHORITY?

In the Clearing House in Saturday's issue, Sharpless Walker makes the assertion that the income tax has been a source of public revenue for more than 2000 years, with the unqualified approval of leading publicists, economists and statesmen, as the best and fairest of taxes.

We know the income tax was in effect in Rome and Athens but the nations did not last long after they established a graduated income tax.

We would like to have Mr. Walker's authority for the statement that the income tax was "an important source of revenue in Great Britain while the latter created 'a greater empire than has been'."

We would like to have Mr. Walker point out any nation which had a graduated income tax, as is now operated in the United States, that ever lasted long.

We are looking for information, Mr. Walker, and would be very glad to have you furnish it to us. The columns are open on the subject giving data which confirms your contention. We cannot prove a negative so it is up to Mr. Walker to prove his assertion.

PROMPTED BY SELFISHNESS

One of the contributors to the Clearing House inquires why should anyone, unless prompted by selfishness and greed, object to a commission that would protect everyone alike against unfair practices for necessities of life and also the rights of mankind to making a decent living for himself and family.

The contributor contends, because we have the interstate railway commission, the pure food laws and the radio commission, we should have another commission to protect everyone against unfair practices for the necessities of life.

It is a very different thing to regulate a natural monopoly, like a radio or a railroad than it is to have wisdom enough to determine what line of business shall be expanded and what line of business does not need expansion. If we have a commission to regulate prices and wages, those in charge will have to know more about relative values and worth than the combined knowledge of all the people. Had we a commission to determine which automobile manufacturer should be allowed to expand and which one should not be allowed to expand, which tire manufacturer should be allowed to expand and which should not, we would be giving this commission almost absolute control over the initiative and genius of the people.

A father is not wise enough to direct his children as to what line of work they should follow. If he attempts to do it, he will make a failure of their lives. Just so, no government official, even if he were honest and the most intelligent person in the country, would have wisdom enough to tell each man at what he should work and for what he should work. With a commission of this kind, the private initiative of any and every individual would have to receive the okay of some government official in charge of this commission. It would make the government become a complete bottle-neck.

The total brains of the country—the total initiative of the country—would in reality be no greater than the total judgment and foresight of the members of the commission. It would mean in fact that the foresight of one group of government officials was greater than the foresight of all the people.

We do not think one can logically conclude that because an individual protests for his rights to use his initiative without the sanction of the Federal Government, he is prompted by selfishness and greed. In fact he is selfish if he does not protest because it is unpopular if he believes giving such a great power to the government will lower the standard of living for all of us.

When the government in past centuries had control over the lives of individuals, there was not much progress. Unless we are willing to let the great law of liberty—the great law of freedom—demand what things are wanted, what prices should be, we cannot expect to have much advancement.

Look at the advancement in automobiles that were on a competitive basis during the last few years. Could we have afforded to protect the inefficient automobile manufacturers or the tire manufacturers at the whim of some government official, rather than let the best man win? As a result of this free competition, everyone knows that we are buying a better automobile now for \$1000 than we could for \$10,000 ten years ago. The average motorist now travels thousands of miles and the cost of his tires averages \$15 a year, while thirty years ago, the cost was \$200 a year. All due to a competitive system that permitted people to use their initiative and their enterprise and let the best man succeed.

And the customers were the beneficiaries. Again we say there is much difference between controlling a monopoly and preventing people from adulterating food and short-weight measures than there is in a free enterprise in industry, commerce and trade.

We were friends from the first moment. Sincere attachments usually begin at the beginning.—Joseph Jefferson.

REGISTER CLEARING HOUSE

(The articles under the Clearing House are published for the purpose of an exchange of ideas and are not necessarily the opinion of this newspaper. Contributors are urged to confine their articles to 300 words.)

Editor Register:
I have read in ancient history about a man that was able through deep thinking, and deep inquiry to separate his spiritual being from his material being, permitting his mind to soar to the heights of an inaccessible mountain, there to ponder unimpeded by actual conditions below, about a theory that he alone had the ability to understand. You see him upon his mountain alone, with the majority there in complete agreement with his theory, be-coming the circumstances that forced him to flee the common herd of thought so that he might have unanimous approval on his theory.

I have been rather embarrassed in the past, because I could not quite place you in my memory, but thanks to my growing ability to read the English language I have recognized you as my man of ancient history, or perhaps you are only his reincarnated likeness. You say in your editorial of March 12, "Purchasing Power and Wages." If men in Orange county

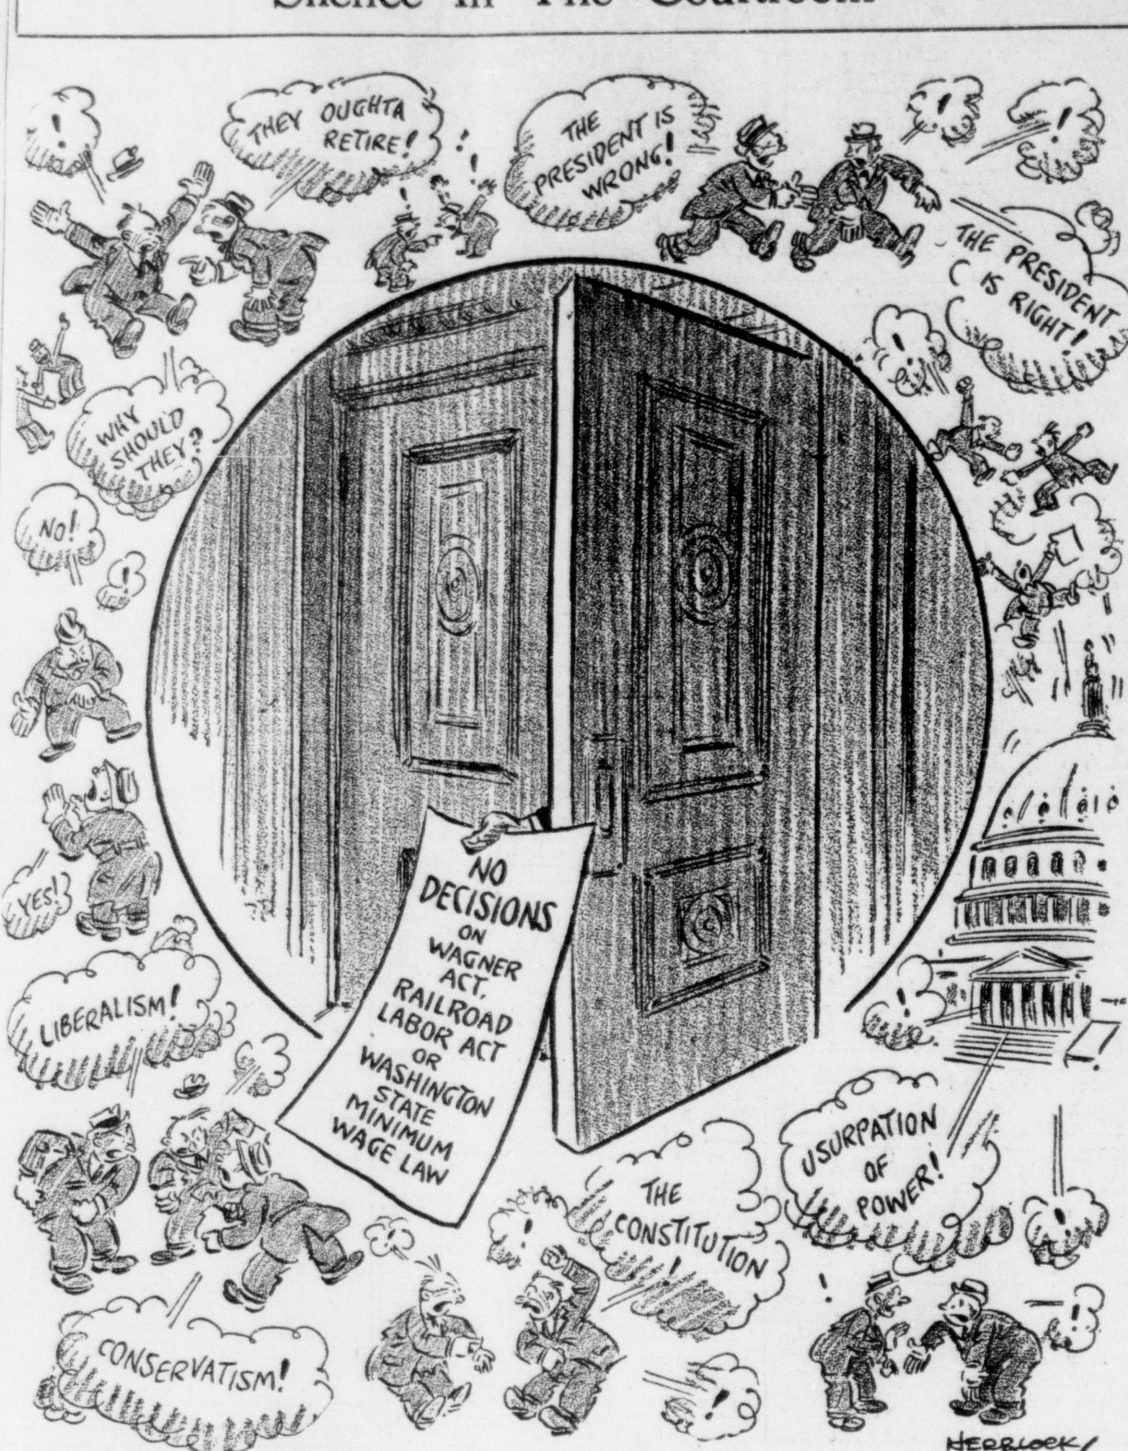

raise oranges, ship them back east and get nothing out of them, there is no decrease in purchasing power—"I suppose then it should make no difference, according to your thesis of purchasing power, if neither orange grower nor laborer should receive anything for their commodity, namely oranges and labor power."

I suppose you should have said IF the men producing oranges would only cease to CONSUME ANYTHING, therefore needing no returns, and only produce, they will greatly increase the purchasing power. IF the wage earner would only produce and cease to consume, and if he ceases to consume he certainly needs no wages to purchase consumable goods, and since production and not wages, your thesis, constitutes purchasing power, let's lend all our efforts to educational endeavors designed to curtail consumption, which IF successful should see this country so powerful in purchasing power that none would dare assail our divine philosophy

of "consume less, (with less to buy with we consume less) produce more, and have abundance of purchasing power."

If higher wages decrease purchasing power, then lower wages must increase purchasing power, so let's not pay any wages, and have more purchasing power. But since we live in a world of actuality, I must enlighten you that the amount of wages a worker receives determines the amount of goods he can buy, that the only thing he can purchase with is his wages, therefore his purchasing power is equal to the amount of wages he receives.

Now if one dollar buys a certain commodity, say one hat, two dollars will probably buy two hats, therefore I am brave enough to say that wages worth one dollar represents twice the purchasing power that wages worth one dollar does, therefore it seems logical that the greater the amount of wages paid the greater the purchasing power of the wage earners, and since as a matter of fact no employer has been known

to long continue employment of workers unless they produce, where do you derive strength for your theory of wages without production? In what industry has the value of wages been arbitrarily set above the value of production? The editorial columns are open to you.

A. R. BOOLEN, Anaheim

Editor Register: The President's argument, that a team of three horses can plow a hard field, if they all pull together, can be aptly applied in more ways than one.

For many, many years, the team has pulled together in our government, and we have had a land of the free. Now comes a visionary, oily-tongued man who will not pull with the team, but insists on dragging all three into untrodden fields, full of treacherous bogs and quicksands.

27,000,000 people did not vote for this man, they voted for the man they thought he was. They voted for the man who has twice stood up and placed his hand on the Holy Bible and swore to support, defend and preserve the Constitution of the United States of America. Little did these people dream that he had his tongue in his cheek, as he stood before that throng, with his hand on the Bible. All through his speech, I kept thinking of another man, who said, "Me and Gott will win the war, Me and Gott."

But the President does not ask for Divine help, he does not want the Lord to have the credit for stopping the floods, the drought, and the dust storms.

I, Franklin D. Roosevelt, will do all these things, if you will just give me permission to pack the Supreme Court.

Heaven help us during the coming four years, for F.D.R. is a man gone mad with the lust for power. C. H. SHAIN, Santa Ana.

Editor Register:
Your editorial in Tuesday's issue on "No Man's Land" is a pleasant exercise of those very constitutional rights it claims "are denied by the present administration," and is therefore in flat contradiction of its own thesis. "No Man's Land," presumably, include certain powers denied by the constitution to both the federal and the state governments, according to the conflicting decisions of the nine lawyers constituting the supreme bench, which are claimed to be essential to the rational functioning of government and the well being of its citizens. The rights, which you say, "are denied by the present administration," are freedom of worship, freedom of speech, freedom of individual initiative and freedom of association.

Well, for the information of your readers, let me ask: Specifically—
1. Have you no freedom of worship?
2. Are you denied the freedom of the press?
3. Have you no freedom of speech?
4. Have you no freedom of individual initiative?
5. Have you no right of association?

If you have all these rights, will you please tell us who this anonymous martyr is who is "denied all these rights by the present administration? Where is he? Produce him! You indict the majority because—

"The majority believes in a pure democracy? and must control everything."

Well, don't all good republicans "believe in a pure democracy?" Do you deny the right of "majority rule?"

You say "Jesus Christ was opposed by the majority." Well, was not Benedict Arnold, Al Capone, Al Smith and Al Landon "opposed by the majority?" Produce, if you can, one citizen of the United States, outside of the penitentiaries, who is denied "freedom of worship—speech, press, individual initiative and association (for legitimate purposes). Quit generalities and give us specifications, if you please.

HENRY WEEKS.

Editor Register:

This is a reply to Mrs. T. J. Cottingham's article of February 26, and is written wholly in the spirit of it, and hoping for the furtherance of tolerance.

After a careful perusal of Mrs. Cottingham's article, I find myself squarely in the position of one of the persons behind her question mark, "Who are the men behind Mr. Roosevelt?" I am greatly surprised, since there are over twenty-seven million American citizens of my convictions squarely behind our president, that this lady entertains such a mooted mystery as to our identity.

Her question "Are they loyal to the Republic or are they traitors?" Roosevelt included? This question I do not deign to answer. When an individual becomes so imbued with the magnanimity of their own judgment and evaluation of patriotism that they fail to give one of the opposite view even the benefit of honest intention there is just one word which meaning has escaped them, that word is tolerance.

One need only lightly peruse the history of our government, or do very little current reading to learn that a change in the number of the judiciary has been done before and that in so doing our good ship Constitution was not wrecked upon the shoals of Communism or Fascism or in fact any other ism of a less modern terminology.

To any one interested in business conditions, I can only refer him to the financial section of any of our newspapers today; compare the Dow Jones averages today with those of the administration immediately preceding Mr. Roosevelt. Also dividend declarations, both regular and special, make better reading by far and certainly do more to encourage business and justify the optimism of the business world today. Also a reference to bank failures, considering the extreme frequency during Mr. Hoover's administration, it is indeed heartening to the thrifty American citizen that today he has a guarantee that his worldly goods, up to five thousand dollars, are safe in a depository and that he does not suffer the great chance of being reduced to pauperism through his fragility.

I wonder if the Roosevelt revolution Mrs. Cottingham speaks of refers to Communism, Fascism or possibly strikes. So long as this glorious democracy of ours recognizes the right of collective bargaining and that Labor and Capital have equal rights, just that long will democracy thrive. A man with a decent job and maintenance wages for the high standards of American life will certainly turn a

deaf ear to any ISM that threatens his security. It's the half starved homeless wanderer who forms such a large part of the population of the countries now in the grip of Communism and Fascism who listens to the frenzied oratory of the radical agitators.

In reference to the NRA, I should like to know if Mrs. Cottingham happened to see an article in one of the daily papers referring to the Brother whose famous chicken decision invalidated the NRA, also their statement that they voted for Mr. Roosevelt in his second election; which proves after all that any one may change his mind.

After all an exchange of views is good for us and I am sure, that Mrs. Cottingham and I both agree that we live in the Greatest Nation on earth and thank God that we have a free press, free speech and one vote, and that the will of the majority will always prevail.

Little Benny's Note Book

BY LEE PAPE

Ma bawt home a suspicious looking square package today, and after supper I said, Hay ma, what's in that package you bawt home?

O yes, I almost forgot, lucky at cards unlucky in weight, ma said, and pop said, How's that again? and she said, I mean the prize I won was a 2-pound box of my favorite checklists, and I don't know how I'm going to say no to them and I don't know how I'm going to eat them and still keep my weight down to par level.

Well G, ma, I got an idea, I said. Why don't you give me a piece, every time you take one yourself, and then you'll be sure not to take to many because you know how you feel about me eating too much candy. How's that for a idea, ma? I said, and she said, It has flaws.

I can suggest a way, pop said. You mite put the box on some high and distant object such as one of the rafters down the cellar, and then you'll not only have to make quite a trip to get to it but you'll also be compelled to drag the ladder half way across the cellar, he said, and I said, I you leave me be your trainer and I won't give you more than 2 pieces a day I don't care if you get down on your knees.

At that rate it won't be long before I have practically 2 pounds of wonderful candy stale on my hands, ma said, and I said, No you won't ma, because it will be on my hands, and no candy ever really seems stale to me.

My how thankful, ma said, and pop said, You mite make it a rule to eat it only while standing under an ice cold shower, that awt to spare you many a nourishing morsel.

O hush, I'll solve the problem in my own way, ma said. Which she started to do, opening the box and picking out special pieces she liked the shape of and eating them while she read a article in her Modish Lady magazine called Count Those Calories by Dr. Sigmund D. Lutz.

OUR CHILDREN

BY ANGELO PATRI

MISDIRECTED PLAY

Every mother of little children knows the shock of hearing that her little one, her baby, scarcely out of her arms, has been discovered at a game she never taught him, never dreamed he would learn. Yet sex plays are common to all children because sex interest is common to all children. The only way to avoid the harmful plays is to educate the children ahead of time so as to remove the necessity for such play expressions.

First, it would be well for all mothers and teachers to understand that sex is no sin. That it is not unclean. It can be made sinful, but there is no need for that at all. Sex can be kept the fine, wholesome force it is in nature simply by teaching the children that it is just that.

All children are curious about sex. Their curiosity must be satisfied wholesomely or they will continue to search for the satisfaction it demands. Don't ask me how you are to do that because every child differs from every other child in the matter of his learning, and every other in the manner of his thinking and doing. The idea is that parents provide themselves with the right material, study it until it becomes part of their thinking and they can express it casually and easily as they can express their feelings about the election.

It is a mistake to hush-hush children about sex matters. They ask questions according to the stage of their development. Early in life they have only the passing curiosity that they have about things in general to stimulate their questions. As they grow their experiences motivate their questions. Your answers must be wisely adjusted to their needs. They are to

be given only the information they are seeking at the time. No exposures, no doctrines, no moralities. Just simple, truthful statements that stand alone.

Because there are still people who think it better to train children in ignorance and term it innocence, parents have to be careful of the method and the matter of their teaching. It does not do to have a child go out, and in the pride of his superior knowledge, begin instructing the children of the community. That way trouble lies. Again, every parent must be his own judge in the matter.

Whenever a child is found making a mistake in this direction, instead of getting frightened at second thought and know that you failed this child by not preparing him for the situation that has called out the error. In this, as in many other matters affecting childhood and adolescence, knowledge is safety.

And don't imagine that because you have preserved a stony silence on the whole matter that other people have been as reticent. They have been quite otherwise as you would discover if you listen to some of the children talking on their way to and from school, in the parks and playgrounds, and in secluded retreats where they flee to escape the prying adult's eye. Ten years old is old enough for sex instruction. Unless you begin early and keep gently and steadily teaching, somebody else takes your place.

Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of The Register, enclosing a three-cent stamped, self-addressed envelope for reply.

(Copyright, 1937, The Bell Syn., Inc.)

News Behind The News

By Paul Mallon

SPLITTING—

WASHINGTON, March 12.—The thing which President Roosevelt and Attorney-General Cummings have been trying to prove is that 5 to 4 Supreme Court decisions are undesirable.

Mr. Roosevelt based much of his fireside radio case on that point. He thrashed the court for the 5 to 4 gold decision (in his favor) and for the New York minimum wage decision (neglecting to mention that he lost the NRA 9 to 0 and the AAA 6 to 3).

The built-up climax of Cummings' speech to the senate judiciary committee was similarly an attack on split decisions. He said he felt so hot on the subject he did not trust himself to speak, but quoted from the late Albert J. Beveridge, whose words seemed to be still warm enough to substitute.

The unstressed fact of that matter seems to be that the Roosevelt court program does not propose to do anything about split decisions, except possibly to make them worse. If all the six judges are appointed, the new split still could be 3 to 7. But if only 1, 3 or 5 new justices are named, the split may be exactly even, 7-7, 6-6 or 5-5.

The effect would be to let the lower court decision stand and thus a single lower federal judge would have decided the constitutional question.

Note—It was a group of dispassionate British economists who wrote that Mr. Roosevelt is the only modern President who has raised all the right questions, but they doubted that he has given all the right answers.

STRINGING—

The senate judiciary committee handled Mr. Cummings as if it did not want to hurt his feelings. This was not entirely due to the fact that it was lectured by Senator Dietrich of Illinois against lengthy constitutional questioning. Dietrich's lecture was not taken seriously, as members assumed he was enjoying a day of great elation. Mr. Roosevelt and Cummings had just named the Dietrich candidate to a vacant Illinois judgeship the day before.

The difficulty of questioning the attorney-general was the same as with the whole court debate. All he said was true, but somewhat obscured the only point at issue, namely, whether Mr. Roosevelt should seize control of the Supreme Court to make it rule the way he wants, so that he can force through a new NRA and farm price control act.

In fact, most of the debaters on both sides here seem to prefer to talk about such issues as split decisions, the ability of men past 70, proctors, crowded dockets, etc., which are only inconsequential strings hung loosely upon the main proposition.

Note—The trend of the debate is illustrated perhaps best by the Roosevelt's repeated assertions that he wants to revise the court because one-third of the nation is ill-clad. The fact seems to be that the government has no statistics on clothing and nourishment, and merely some estimates on housing. At least economists hereabouts have never before heard of such figures, and know of no such survey that has been made by the government.

BEST EVIDENCE—

A man about Washington town, dining out with his wife, found that she was to be the dinner partner of a Supreme Court justice.

He warned her not to say anything about the court, or to ask embarrassing questions. She was so frightened she raised no questions whatever with her judicial dinner partner, but, to her astonishment, he opened up the question of the hour, and talked rather freely about it.

Meeting another justice later on, she remarked that not all justices were hermits, because she had met one (not mentioning any names) who was not reticent.

"Oh, I know who that was," said the second justice. "Justice Blank (and he called the right name) is a garrulous fellow."

What the judiciary committee should do is to call the justices as witnesses and let them talk about each other.

Mr. Roosevelt apparently believes men of 70 are antiquated only when they happen to be judges. At least he sent to the senate the other day the nomination of Rear Admiral Henry A. Wiley to be a member of the maritime committee for three years more. Wiley celebrated his seventieth birthday January 31.

The new trend of Washington thought on consistency has been furnished by Senator Ashurst, who says:

"... the withering, embalming vice of consistency; whoever in public service is shackled by this vice will not be a man free to act as various questions come before him, but he will be a statesman locked in a house, the keys to which are in the keeping of sayings and events that are dead."
